SAVES LIVES OF PUPILS.

Heroic Act of Young Teacher at Harrison, Neb.

WADES THROUGH TORRENT.

Standing Waist Deep In Water, and With Aid of Horse, She Prevents Building Being Swept Away—Then Scholars Are Taken Ashore.

Harrison, Neb., April 9.—"An act of heroism unsurpassed in the annals of the state," is the expression being used by Sioux county citizens in connection with the performance of Miss Lizzie E. Cottman, teacher in the district school near here. Alone, facing a torrent of water carrying trees, dead animals and all the debris borne on a flood, she rescued from a horrible death the scholars of her school and preserved the building itself from what seemed inevitable destruction.

Teacher and pupils were unconscious of the frightful danger awaiting them. Suddenly Miss Cottman felt a strange, uncanny movement under her feet. Again it came, this time so strong that the scholars looked up in terror. Stepping to the doorway Miss Cottman witnessed a sight sufficient to stir the strongest soul. The White river was out of its banks. The school building was already surrounded and the rising flood was hurling its power against the frail structure.

ARREST WEALTHY FARMER.

Charged With Using Mails to Further Sale of Scale-Cheating Device. Des Moines, April 9.—John Muir, a wealthy farmer and stock buyer living near Thornton, Ia., has been placed under bonds to appear at the next term of federal court on a charge of using the mails to defraud. He was arrested by the postoffice inspector as the man who has been sending circular letters to stock buyers in southern states, offering to sell a device for cheating on the scales.

Cuban Constitutional Convention. Havana, April 9.—The Cuban constitutional convention did not meet yesterday owing to the absence of Senor Capote, its president. La Lucha, referring to the delay, says: "The convention is unwilling to accept or reject the Platt amendment. Three propositions on lines practically the same as the amendment have been rejected, but the convention refuses to discuss the majority report of the committee on relations, which is diametrically opposed."

Powers Elected Congressman. Bangor, Me., April 9.—The special election in the Fourth Maine congressional district yesterday to choose a successor to Hon. Charles A. Bontelle, resigned, resulted in a victory for ex-Governor Llewellyn Powers, the Republican candidate, by a majority estimated at slightly more than 2,000 over Thomas White (Dem.). In September Mr. Bontelle's majority was more than 10,000.

Swartwood Captured. Springfield, Ills., April 9.—I. N. Swartwood, the farmer who killed C. B. Caldwell, a wealthy farmer and neighbor of Swartwood, near Manchester, last Wednesday during a quarrel over a boundary line, and who has been hunted by the sheriff of Scott county with a posse with bloodhounds, was arrested in Ashland yesterday.

Wants Carter Out on Bail. Washington, April 9.—A motion was made in the United States supreme court yesterday by Hon. Jeremiah Wilson for the admission of Captain Oberlin M. Carter to bail. Captain Carter is now serving a five years' sentence in the Leavenworth penitentiary.

RATE WAR IN PROSPECT.

Rock Island Scheme Stirs Competing Lines.

OUT RATE TO OBTAIN DAILY.

Burlington Announces New Plan In Regard to Summer Tourist Rates In Order to Avoid Crowded Trains Only on One Day of the Week.

Chicago, April 9.—Announcement of the Rock Island company that it will run cheap excursions between Chicago and Colorado points during the summer has stirred up competing lines to the fighting point. Unless a compromise is effected a bitter war on passenger rates in the west may be the result. The Burlington announced that it would not only meet the rates announced by the Rock Island, but would run the cheap excursions daily instead of once a week, as determined by the Rock Island. The Burlington claims that 90 per cent of the Colorado business last summer was done on the cheap excursion tickets then in effect. This concentrated the traffic on the days on which the low rates were available, while comparatively empty trains were run on other days. For this reason the Burlington has decided to make rates of \$25 from Chicago, \$21 from St. Louis and \$15 from Missouri river points for the round trip to Denver, Colorado Springs and Pueblo, to be in effect daily from July 1 to 9 and from Sept. 1 to 10, inclusive, with final return limits of Oct. 31. The round trip rate to Utah points is to be \$10 higher. In addition it is proposed to make rates of one fare plus \$2 for the round trip to Colorado and Utah common points from June 18 to 30 and from July 10 to Aug. 31, with return limit of 30 days from date of sale, except that tickets sold on home-seekers excursion dates shall have return limits of Oct. 31. East-bound the Burlington proposes to make a rate of one fare plus \$3 for the round trip from Colorado and Utah points to all points in Western Passenger association territory from June 20 to Sept. 12, with return limit of Oct. 31. The Rock Island people say they will meet whatever rates the Burlington may make.

IN FAVOR OF THE RAILROAD.

Justice White Decides Case Involving Long and Short Haul Clause.

Washington, April 9.—In the United States supreme court yesterday an opinion was handed down by Justice White involving the long and short haul clause of the interstate commerce law. The principal decision was rendered in the case of the East Tennessee and Georgia Railroad company and the charge was to the effect that a lower rate was charged on freight carried to Nashville than was charged on freight to Chattanooga, the distance to the first point being greater than to the latter.

Ties Piled on the Track.

Boise, Ida., April 9.—An attempt was made to wreck No. 1 westbound Short Line passenger train at Malada bridge, 100 miles west of here. A large number of ties were piled on the track. The engineer did not see the obstruction in time to stop the train. The engine was damaged and brake beams were broken under some of the cars. It was a narrow escape from serious disaster. It is believed that the ties were placed on the track by highwaymen, intending to rob the train. The scene of the wreck is the point where a very bad wreck occurred about three years ago.

He will be gone until September and will visit all important points.

OUTBREAK OF REBELLION.

Rumors of Trouble In Shen Si and Mongolia Confirmed.

TUNG FU SIAN AT THE HEAD

Report That Former Commander of Northern Chinese Army is Leading a Force of Natives in an Insurrection Proves to Be True.

Peking, April 9.—The rumors which have been current during the last few days of the outbreak of a rebellion headed by General Tung Fu Sian, the former commander of the northern army, in the provinces of Mongolia and Shen Si, have been absolutely authenticated. Li Hung Chang and Prince Ching have received information on the subject which though indefinite, still proves that the court is seriously alarmed. General Fu Sian was, according to last accounts, about 150 miles from the court with 11,000 regular troops, all supposed to be devoted to himself. The court has about the same number of soldiers at Sian Fu, but it is thought the troops of Tung Fu Sian are better drilled and better armed.

It is believed that the Mongolian rebellion was brought about through agents of Prince Tuan and General Tung Fu Sian. Li Hung Chang thinks there are about 5,000 regular troops in Mongolia and inclines to the belief that they have not joined in the rebellion. He does not think the court is in any danger and thinks the object of Prince Tuan (who was last reported at Ning-Hsu with 10,000 men prepared to resist) and General Tung Fu Sian is to create a diversion of interest in order to force unconditional protection to themselves.

Unofficial Chinese of intelligence regard the rising as most unfortunate at the present time to the interests of China and as possibly meaning the use of foreign troops to protect even the court itself.

The ministers of the powers do not think that provided foreign interests are likely. If the dynasty should be overthrown it would, to a certain extent, delay the peace negotiations, but they consider that a reign not bound by traditions like those of the present court probably would be much easier to deal with eventually, as the ceremonial could be much curtailed.

GENERAL'S SON LEADS MOB.

Government Sends 500 Soldiers to Suppress Mexican Rioters.

Laredo, Tex., April 9.—Reliable reports of a serious riot occurring yesterday at Lampasas, Mexico, a station on the Mexican Central railroad, 70 miles from Monterey, have been received. It appears that the government of Mexico has had suspicion about a reported revolutionary occurrence at that place and yesterday morning the military stationed there arrested four citizens. When they were taken to the depot, en route to Monterey, a mob, headed by Francisco Marano, son of the famous General Marano, appeared at the station. In the excitement that followed one of the prisoners escaped. When the train left the leaders of the mob repaired to General Marano's castle, where they are at present surrounded. As soon as the government heard of the disturbance 500 soldiers from Monterey were dispatched to the scene by special train.

Miss Marie Satterfield to Marry Count.

New York, April 9.—The romantic story of the courtship of Miss Marie Satterfield, daughter of Mrs. John Satterfield of Buffalo, and Von Joseph Count Larief of Austria, has become known to friends of the couple at Allentown, Pa., says a special to the Journal. The prospective bride, who has just reached her majority, met her future husband a year ago while touring the continent. The count, who is 22, came to America several months ago, proposed marriage and was accepted. The empress of Austria is his aunt and when he was baptized the emperor stood as his sponsor, became his godfather and gave him his name.

Work of Hawaiian Legislature.

Honolulu, April 2.—Via San Francisco, April 9.—A bill has been introduced in the house providing for an income and land tax, and another bill to levy a tax of \$10 a ton on all sugar produced in the islands. The Independents are still somewhat divided, but show a disposition to come together in order to carry out the party legislative program before it is too late. Most of the party measures are hanging fire, and in a few days it will be too late for the party to pass anything over a veto from Governor Dole.

Advocates Banishment of Negro Criminals.

Macon, Ga., April 9.—Bishop Henry Turner of the African Methodist church, who has been conducting services among the negro churches here for the past few days, openly advocates the banishment of negro criminals. He thinks the United States government should send all negro criminals to some distant island.

ANN ARBOR PLAGUE CASE. Student at University Who is Down With Bubonic Pest is Charles Hare of Pawnee City, Neb. Ann Arbor, Mich., April 9.—The university authorities refuse to make known the name of the student in the university hospital pesthouse with the mysterious disease supposed to be bubonic plague, but it was learned last night from a medical student that the young man's name is Charles B. Hare of Pawnee City, Neb. He is a sophomore medic and has been taking special work in bacteriology and has been handling culture tubes. It is supposed that in performing this work he became inoculated. Dr. Novy said that the young man was coming out of the disease all right, but again refused to make a definite statement as to its nature. "It will take several days for the animal experiments which we are making to be in shape so I can state the name of the young man's complaint," said he.
