MOTION TO DISSOLVE

First Move in Shaw-McGregor Case.

Criminal Cases Set for Next Week. Judge Church Presiding.

The first move in the Shaw-McGregor case was made this morning when Attorney Ryan of the firm O' Mackinzie & Ryan of Des Moines introduced and argued a motion to dissolve the temporary injunction already granted against McGregor. Mr. Ryan made an impassioned address to the judge and was replied to by Mr. Sims, who entered a motion to strike some paragraphs from defendants answer.

Judge Church made a few remarks relative to the trial and replied to the insinuations of counsel for the defense, that the case would not be tried on its merits. He took the two motions under advisement and will render his decision on them later in the term.

Yesterday twenty-four civil cases were continued. It is not known at this time what cases will be for trial at this term. The cases of Brandenburg vs. Bock and Bock vs. Brandenburg will probably be consolidated and tried.

Next week will be devoted to the hearing of criminal cases and they promise to be of more than usual interest. On Tuesday will be tried the case of the State vs. Saul and Malone. This is the Paradise township case which has been on the tap's for some time and which promises to be a hard fought contest.

On Wednesday will come up the cases of the State vs. Henry and the State vs. McCarty. Defendants will be tried separately. They are charged with larceny from the person of a young man named Doidge at Arion.

On Thursday will begin the trial of Stoval and Jackson, charged with robbing the express safe at Manilla. This is a "cause celebre" and will doubtless attract much attention not only in Crawford county but all over the state.

The petit jury is not called until next Monday.

The Grand Jury began its sessions on Monday and now has the case of the state vs. Fulson under consideration. The charge against Fulson is shop lifting in the night time from the store of Louis Love at Arion. The county attorney is confident of an indictment so the Arion people say. The next case that will come before the Grand Jury is that of the State vs. Turner charged with robbery at Deloit.

The personnel of the Grand Jury is as follows: Foreman T. J. Shopshire, Clerk W. C. Rollins, Members, H. F. E. Evers, E. L. Johnson, Dan McGrath, Albert Vernon, Peter N. Moeller, Wm. Lockmiller.

Judge Church will remain in the City to morrow and will then probably adjourn until next week.

Cuban Commission En Route. Washington, April 23.—A cablegram was received at the war department from Havana saying that the Cuban commission now on its way here consists of five delegates and one interpreter. The delegation is expected to reach Washington tomorrow morning. The war department is making arrangements to care for the delegation.

NEBRASKA RATE LAW CASE.

Suit Against Rock Island Comes Up Before Judge Sanborn at Omaha.

Lincoln, April 23.—Attorney General Prout will appear before Judge Sanborn in the federal court at Omaha today to defend the claim of the state against the Rock Island railroad for \$310,000 in penalties for alleged violation of the Nebraska maximum freight law. The railroad company seeks to prevent the attorney general from prosecuting the suit, basing its action on an opinion of the United States supreme court, which declared the maximum rate law condiscatory, but not illegal. The state courts have held, however, that the attorney general is not enjoined. The decision of Judge Sanborn is important, as on its hinges actions against other railroads entering the state for penalties aggregating nearly \$3,000,000.

FATAL PRAIRIE FIRE.

Broad Stretch of Country Burned Over Near Wessington, S. D.—Two Men Caught in the Flames.

Huron, S. D., April 23.—News was received here of a disastrous prairie fire 14 miles southwest of Wessington. A broad stretch of country was burned over and much farm property consumed. Ira W. Li Hung Chang believes that the Chinese troops under General Liu will be withdrawn over the boundary marking the territory defined by Field Marshal von Waldersee as the sphere of operations for the allies. The majority of the French and German newspaper correspondents accompanying the expedition directed against General Liu and which has been mobilizing at Pao Ting Fu returned to Peking today, believing that the expedition would be called off.

MURDER OF FIVE CHILDREN.

Two Tramps Kill Four Girls and a Boy and Attempt the Father's Life.

Chartres, France, April 23.—This town has been horrified by the brutal murder of five children and the attempted murder of their father, a farmer named Briere, residing in the neighborhood of Chartres. Two tramps entered the farm house in the absence of Briere, last evening, and killed four girls, aged 14, 11, 5 and 4 and a boy 7 years old with knives and cudgels while they were in bed, and apparently asleep. Briere returned while the murderers were robbing the house. They heard him enter the courtyard, attacked him, and after a desperate struggle left him for dead, with four stab wounds in the head. The murderers then escaped with 1,000 francs and a number of objects of value.

FATALLY SHOT

Will Lenard Murdered in Minnesota.

Funeral Services Here on Monday Under the Eagle's Auspices.

Will Lenard, a young man but little over twenty-eight years of age, who had called Denison his home for the past two months, was fatally shot by Dr. Wintner of Granite Falls, Minnesota, at that place on Monday, April 15. The remains were brought to Denison for burial and the services were held yesterday noon, under the auspices of the Fraternal Order of Eagles, of which he was a member in good standing. The details of the tragedy are particularly sad. He was a bright, good-hearted man and if the reports of those who knew him best are true, he was killed not while in the midst of wilful dissipation but in the pursuit of duty. Mr. Lenard was agent for the Estherville Hail Insurance Company, and was also in the employ of a secret service company and it was while following the latter profession that he met his death. The story as learned from Minnesota papers and from Denison friends is as follows:

Mr. Lenard has been detailed on a case in which Dr. Wintner, a Hebrew dentist, was involved. Lenard went to Granite Falls for the purpose of gaining Wintner's confidence and in order to do this, he fell in with his habits and mode of life. This led to a game of cards on Sunday evening, in which it seems that money was freely displayed and considerable drinking was done. In the party were men named M. McCarthy, F. Mullane, C. Galvin and M. Greer. In the early hours of Monday morning, Wintner, in whose office the game was in progress and who had been a loser, retired to his back office and returned with a loaded revolver declaring that Lenard had cheated him and fired two shots. The first shot struck Lenard in the leg splintering the bone and ranging upward through the abdomen and lodging in the right lung. The second shot entered the back and ranging upward lodged in the left lung. Either shot would have been fatal. Mr. Lenard did not die until the following morning. The best surgeons were called but their efforts were in vain. Dr. Wintner was immediately arrested and since has been bound over to await the action of the grand jury.

But little is known of Lenard at this place. Those who met him knew him as an affable and agreeable man. His friends in this city were Mrs. Horton and her daughter, Miss Pearl Strong, who was his fiancée. The case was a particularly sad one, as Mr. Lenard and Miss Strong were to have been married immediately upon his return from the secret service work he had on hand at Granite Falls.

The remains were brought to Denison on Saturday morning and arrangements were at once made to have the funeral conducted by the Fraternal Order of Eagles. The services held on yesterday noon by his lodge brethren was a beautiful one. Brief, simple but impressive and deeply reverential. The members of the order present were, Arthur M. White, of Seattle, Grand Organizer of the Order; C. L. Rossen, J. A. Tutbill, Seth Cole, Chris Markinson, and Chris Dennis of Omaha; Nick Nicholls of Council Bluffs, and Mr. Talbert of this city.

The services were conducted by Mr. White, the body being taken from the undertaking establishment of Mr. C. J. Salomon to the cemetery. Rev. A. G. Martyn was the officiating clergyman and Mr. White read the wonderfully beautiful ritual of the order. There was something inspiring in the sight of those men coming from a distant city to pay their last respects to their dead brother who would otherwise have been buried almost entirely among strangers. One could have nothing but sympathy for the sorrowing and fainting girl who stood by the grave of one to whom she was to have been linked for life in such a few short weeks. Mr. Lenard was born in Chicago where his mother still resides. He had a brother in Lincoln Nebraska, a brother in Chicago and another brother who was the manager of a smelting works

in Washington. The funeral was of a private nature only the members of the order of the Eagle and a few invited friends being present. As is usual in such strange and sudden cases there have been many rumors afloat concerning the young man and the manner in which he met his death. We are led to believe however that there was nothing discreditable to Mr. Lenard involved in the matter. He was simply doing his duty in a manner which is often a necessity among men working in the secret service and this led to his death under circumstances which would otherwise have been more than lamentable. His Denison friends have his papers showing his commission and the nature of the cases upon which he was at work. Too high a compliment cannot be paid to the members of the order who were present from other cities for their devotion to their brother.

WATERS FALL ALONG OHIO.

Alarm Has Almost Ceased in Lower Valley.

DANGER AT SOME POINTS.

Situation is Still Serious Up the River. Crest of the Flood is Below Wheeling. Three Persons Drowned at Marietta. Flood Over at Pittsburg.

Cincinnati, April 23.—Alarm over the flood has almost ceased in the lower Ohio valley. The low water mark in the Ohio below this city has allowed the floods from up the river to flow rapidly towards the Mississippi. The situation is still serious up the river, notably at Ripley, Maysville, Aberdeen, Portsmouth, Hanging Rock, Iron-ton, Ashland, Cattleburg, Huntington, Point Pleasant, Pomeroy, Marietta, Parkersburg and smaller places between Wheeling and Cincinnati. The crest of the flood is below Wheeling and the further down stream it gets the lower is the rate of rising.

It usually takes the crest of a flood two days to reach Cincinnati from Point Pleasant, but the present unobstructed flow is much more rapid than in former floods. At Portsmouth 50 feet is reported and that means serious conditions at points below Portsmouth. The weather bureau indicates that the flood will not exceed 58 feet at any time at Cincinnati and possibly it may not reach 57 feet. This is about ten feet less than was anticipated here until the river began falling at Pittsburg.

At Charleston, W. Va., the Kanawha has fallen ten feet, but the Kanawha and Michigan railway will not be able to resume traffic for several days as its bridge over Poca river is gone.

At Hinton, W. Va., the entire upper portion of the city is submerged. Seven houses were swept away and many others washed from their foundations. At East Liverpool, O., the Panhandle railway was badly damaged and several bridges were wrecked. Over 50 families are kept from their homes.

FLOOD OVER AT PITTSBURG.

Towns Along the Ohio Not Yet Out of Danger.

Pittsburg, April 23.—The flood is over. Notwithstanding the fact that early in the day there was every evidence of a renewal of the high water, the announcement can be made authoritatively that there is not the least danger of another rise at this point nor above for the present, but towns on the Ohio river below here are not yet out of danger, because of rains in the valley last night. All up river points report that the rain has ceased and the river falling. The rivers about this city are down so that the works along the banks are running.

Landslide Blocks Traffic.

Boston, April 23.—All through traffic on the main line of the Boston and Albany railroad, both passenger and freight, was brought to a standstill yesterday by a great landslide at Zoar, near the easterly portal of the Housatonic tunnel. It is thought that the roadbed cannot be restored before tomorrow. Floods and washouts having blocked other branches of the system, it has been impossible to run trains around the obstruction at Zoar.

Coffer Dam is Swept Away.

Glenn's Falls, N. Y., April 23.—One hundred feet of the coffer dam of the new dam of the Hudson River Power company at Spier Falls went out yesterday owing to the high water from the melting snow in the Adirondacks and the heavy rains of the past week. Frank Smith and Oscar Satterlee of this city were thrown into the river by the breaking of the guy rope of the derrick and Smith was drowned.

Resume Patrick Hearing.

New York, April 23.—The consideration of the case of Albert T. Patrick, accused of the murder of William Marcell Rice, was resumed by the grand jury.

DEATH ON A NAIL

Little Girl Accidentally Hung.

Gale McBride the Innocent Victim of a Horrible Accident.

Gale McBride, the four-year-old daughter of Mr. and Mrs. McBride, living in the south-west part of Washington township, was accidentally hung while at play last Friday noon. The little one was playing on a small stack of straw near the barn. She had a muffler about her neck. While playing she slipped and the muffler caught on a single nail on the side of the barn and before help came the little life was extinct from strangulation. It was the mother who found her child. Her heart still fluttered and the mother bore her in her arms to the house, medical aid was sent for and immediate measures taken to restore life but all without avail. Gale was one of the brightest and sweetest of children, she was a favorite with all who knew her. It was said that she never met a stranger. To her innocent and affectionate heart all were her friends. Thus it was that all the people of Defiance and vicinity have mourned her untimely and fearful death with a sense of personal loss and bereavement; thus it was that the funeral held at Defiance last Sunday was the largest ever held in that little city.

Little Gale had been playing about the straw stack during the morning and at dinner time her father went into dinner, whereupon Mrs. McBride asked where the daughter was. Mr. McBride said she was out by the barn and had seen him come in and would doubtless come to dinner in a few minutes. Something must have told the mother that her child was in danger for she was not satisfied until she went to get her little one herself and when she reached the barn the awful sight of her baby hanging with life almost extinct met her eyes.

Mr. J. F. McBride is the brother of William McBride, the well-known citizen living just west of Denison. He and his wife went to Defiance at once to attend the funeral and to comfort the sorrowing ones. The funeral services were held at Defiance on Sunday, the pastors of the Methodist and Christian churches officiating. One touching incident of the funeral occurred before reaching the church when the coffin was taken from the hearse to the home of the grandmother who was bedridden and who wished once more to look upon the face of the little child who had shed so much brightness upon her grandmother's declining days.

Four Seamen Drown.

Eric, Pa., April 23.—An upturned sail boat floating about the bay explains why four seamen of the Rockefeller fleet, who were missing last night, did not return. Those missing and supposed to be drowned are Thomas Greer, Miles Carnar, Guy Lapham and P. E. Duran of Painesville, O., son of Captain Duran in charge of the fleet.

Three Drowned at Marietta.

Marietta, O., April 23.—Three persons were drowned here yesterday afternoon. A boat containing nine men was carried under the wharf by the swift current in the river and Joseph Everett, a glass worker, was drowned. The others were rescued. Later two boys, named Hanley, aged 14 and 7, were drowned in the same place.

Kansas Towns in Danger.

St. Joseph, April 23.—The present rise of the Missouri river is creating irreparable havoc on the Kansas side and the towns of Wathena and Elwood are in danger of being swept away. The river has spread fully half a mile, causing great loss to bottom lands that have never heretofore been under water.

Legacy Distributed Among Employees.

New York, April 23.—Oswald Otten-dorfer's \$50,000 legacy was distributed yesterday to the employees of the Staats Zeitung, of which paper he was the proprietor. In his will Mr. Otten-dorfer directed that the money should be divided among all the employees, from office boy to managing editor, who had worked for one year on the paper. Each employee received a sum which amounted to 23 per cent of his annual salary.
