"The Gem"

You may talk about Delmontes in the city of New York, And the gilded Cafes of Paris Where they wield the knife and fork.

With coffees fresh from Java, Our teas from lowly Japan; Those yellow eggs are Plymouth Rocks, And the sandwich Amsterdam.

So come along and see our style; Get out of the old rut, Our place is neat and all complete, To jovial join and putt.

So come along you lank and lean; This is the place to get your grub, 'Tis the swellest place that ere was seen, And just below the Hub.—J. W.
