YALE WINS THE BIG RACE.

Defeats Harvard Crew by a Scant Two Lengths.

CONTEST A MAGNIFICENT ONE.

Honors Are Divided in the Two Minor Races, Ellis Winning the Freshmen Event and Harvard Oarsmen Capturing the Varsity Fours.

New London, Conn., June 28.—Yale won the varsity race with Harvard by about two lengths in the last 100 yards of the four mile struggle. It was one of the most beautiful contests between the crews of the two universities ever seen on the river. From the sound of the referee's pistol to the finish it was anybody's race. Harvard got the best of the start and was slightly ahead in the first mile. Then Yale pulled to the front. Harvard spurted and the boats were even. Then the crimson shell was a bit ahead and at the three-mile mark it seemed as if Harvard would be victorious, but the awful pace was telling on the Cambridge boat. Yale came up alongside again and down the long line between rows of yachts that flanked the line it was absolutely an even thing. In the last quarter of a mile Yale hit up the stroke again and 100 yards from the finish the nose of the New Haven shell was poked perceptibly to the front. Harvard was unable to respond again to the frantic call of her coxswain and the blue was a winner. The official time: Yale, 23:37; Harvard, 23:45.

The freshmen race and the four-oar contest preceded the big event of the day. The freshmen eights were sent off up the river for their two mile row just after 5 o'clock. Yale took the lead at the start and was never headed. Time: Yale, 19:27 4-5; Harvard, 19:48.

From the appearance of the two fours on the water at the navy yard at the end of the freshmen race there was never a doubt as to the superiority of the Harvard quartet. Their physiques, their stroke, their finish was clearly ahead of Yale's. The race began at 5:40 and Harvard proceeded to make vengeance for the freshmen defeat. The crimson oarsmen took the lead at the crack of the pistol and proceeded to make a walkaway of it. At the half Yale was a length behind. Rowing a stroke of 34, two points higher than Harvard, the New Haven collegians were unable to remain in the running. Harvard gained so rapidly that the race became uninteresting except for the beautiful work of the Harvard crew. There was trouble in the Yale shell, Thomas, at bow, and Rumsey, at 3, having rowed themselves out so far as effective work was concerned. Harvard added lengths to her lead and crossed the line in 11:49 4-5, six lengths ahead of Yale. The time of Yale was 12:09 1-5.

Commons Adopts Coal Tax Bill.
London, June 28.—After considerable debate and some disorder, the house of commons at 2 o'clock this morning adopted the coal tax bill by a majority of 86. An unseemly scene occurred when the Irish members accused the chairman of the committee of partisanship in failure to secure a proper hearing for the opponents of the tax.

FALL EIGHTY FEET TO DEATH.

Scaffolding Gives Way With Workmen and Four Are Killed.

Buffalo, June 28.—As the result of the breaking of a temporary platform built on a scaffolding inside and bridging the top of a monstrous tank in the Eastern elevator yesterday, six men fell a distance of 80 feet. The dead: John Keefe, Jr., W. Krause, John Corbett, Jr., and Petro Krottinger.

The injured: James Carl, fractured skull and internal injuries and William Edwards, cut and bruised.

FATAL FIRE AT BUFFALO.

Laborers Tarry in Burning Freight House Too Long.

Buffalo, June 28.—One life was lost, several men more or less seriously burned and property valued at \$100,000 was destroyed by fire which totally consumed the freight house of the Lehigh Valley railroad at Tift Farm yesterday. All were rescued from the water, excepting Pietro Zaiso, an Italian laborer. His body has not been recovered.

One of Miss Morrison's lawyers immediately filed a notice of appeal. Jessie Morrison was taken to her old cell and locked up. There her father, who had been with her, left her. The jury wrangled for nearly 30 hours over the verdict. It is said that one juror held out obstinate for acquittal. Strawboard Trust Reaching Out.

Chicago, June 28.—The American strawboard officials have a scheme for the consolidation of all the more important boxboard mills of the country, preparatory to reaching out for the absorption of the paper box manufacturers. While options have not been given by a majority of the mills, there is said to be sufficient encouragement for the launching of the scheme, and the initial steps were taken yesterday in the issuance of a circular to the stockholders by the American Strawboard company, asking them to give their consent to a "blind pool." This pool consists of three of the leading members of the directory.
