DENISON, IOWA, TUESDAY, JULY 9, 1901.

VOLUME XXXVI—NO 35

Murder in the First Degree!

That is what the people said because I did not have a wagon in the Fourth of July parade with my name painted on a piece of muslin. I felt that if my business was represented in the parade at all it should be in a creditable manner and not with a "cheap guy" affair. People know Schlumberger's Pharmacy and that it is the Best, Neatest, Promptest, and keeps the Purest Drugs of any drug store in Denison. That is why the people were not delighted (?) by seeing my name in paint on the Fourth. Yours to please.

Ph. A. Schlumberger, - Broadway, - Denison, Iowa.

Celebration a Success

Denison's Monster Fourth of July Celebration All That Could Be Asked. Immense Crowds. Many Events. A Splendid Oration. Best of Order and a Jolly Good Time For All From Sunrise to Sunset.

Denison broke the record for Fourth of July celebrations in western Iowa last Thursday. Everything was a success from start to finish and the immense crowds all went home happy and satisfied. That is what Denison wanted. It wished to entertain royally and well, and it has the happy consciousness of success. The day was one of the most orderly. A very few remembered only that they were celebrating and imbibed too freely, but there was very little intoxication and no one who was not able to take care of himself. There were no rows and remarkably few accidents. All day long the police did not find it necessary to make an arrest.

The crowds commenced to pour in, in the early morning. Every town in Crawford county and many from counties adjoining contributed their quota to help swell the numbers, and when the Manilla band headed the procession down Broadway the streets for blocks were lined with people. All the "hits" of the parade were greeted enthusiastically. All the features were good ones, but there were not enough of them. The business men did not take hold and make as many trade displays as they should. The parade was nevertheless a good one and was well received by the people. The Review like a number of other business houses took occasion to advertise itself and the responses to the call, "Do you take it?" were gratifying indeed.

The prizes for the parade were awarded as follows:
Finest decorated country turnout, prize \$7.50, was won by Mr. Adams with a float containing a cherry tree and profusely decorated with products of the garden and orchard. Beneath the branches of the cherry tree were a number of young ladies, whom the boys promptly named the "Cherry Sisters," although they were too fair to deserve the name.

The prize of \$7.50 for the finest city turnout was divided between Mrs. R. A. Romans and her Walnut street beauties, and the little Nicholson girls with their dainty rig and Shetland ponies.

Peter Burk, Jr., and Roy McBride with their "Has Beens" easily carried off the prize of \$3.00 for the most grotesque feature of the parade, although there were numerous good turnouts in this line.

After the parade Montana Frank with his exhibition of rough riding, lasso throwing and kindred feats held the stage on Broadway until the speaking began. The Wild West feature was a good one and created much amusement and merriment.

of reproducing it in full. That we think his address an eloquent and forcible one goes without the saying, as otherwise we should not have published it. It will be found on page three of this issue and we would advise you to read it.

After a song by the choir the people adjourned for dinner.

THE DINNER HOUR.
The court yard was filled with picnickers, the stands were crowded and every eating place in town had all they could do to take care of their customers. The Review editor had a fine time during the noon time visiting with old friends from all over the country and finally accepted an invitation with a jolly crowd from Milford township for dinner. They raise good cooks in Milford.

THE SPORTS.
Soon after dinner the crowds re-assembled eager for the regulation Fourth of July sports. These were not many in number. The committee went upon the theory that it was better to give entertainments which could be seen by all, than a few races which only a few could witness.

The 100 yard sprint was won handsily by Bigelow of Manilla. He has won nearly all the first prizes in this contest since we can remember and is a good runner. Chas. Brogdon won the second money. The prizes were \$3.00 and \$2.00.

In the boys race for the same distance Geo. Pearsoll came in first winning \$2.00 and Carl Cook second winning \$1.00.

The relay race was one of the prettiest we have ever seen. It was neck and neck from start to finish and the prize of \$5.00 was won by the team captained by Carl Cook.

The boys bicycle race was a tame affair Victor Wyland won \$2.00 as first money and Erickson \$1.00 as the second prize. The girls bicycle race failed to materialize.

THE GYMNASIUM.
The crowd was delighted with the free open air circus, for it was a regular circus leaving out the horses and the elephant. The high trapeze work was exceptionally good as was also the work on the slack wire and all the other feats. The success of this feature showed the wisdom of the committee in spending its money, and was one of the best events of the day.

THE BALL GAME.
And now let us weep. A crowd of nearly one thousand attended the game. It was the biggest crowd ever assembled to witness a ball game in Denison. Omaha gave an exhibition game. The team was well high perfect and one of the strongest non-league teams we have ever seen. Our boys did not expect to win and their expectations were fully justified by the results. The score was 13 to 0. The crowd was justly disappointed with the playing of the Denison nine. Omaha had a license to win the game but Denison had no license to make so many errors. The boys feel sore enough without rubbing it in so we make few comments and simply publish the official score which speaks for itself. Omaha made but two or three earned runs, the other ten were presents from the Denison team. Hester played a good game as pitcher until discouraged by the poor support in the field, then he was batted all over the park for an inning. Scharn-

weber played an almost perfect game throughout. He is one of the best men on the team. Denison was weak at the bat and the fielding was something to weep over. The drubbing gave the boys a good lesson and they have been practicing more and will put up a good game against the nines they are to meet this week and next. The following is the official score:

DENISON

TEE RAIN.
There was not much of it but it made a fearful blow about it and sent farmers scurrying after their teams and to their homes, and effectually put a stop to the balloon ascension and the fireworks. Balloon ascensions are not the drawing cards they were twenty years ago and they are so uncertain that next year we would advise the committee not to try to have one.

THE DANCE.
The dances both at the parochial school and at the opera house were largely attended. The young people had no where else to go on account of the rain putting a stop to the fireworks and out door promenades. Both places were crowded and the best of order prevailed. It was after midnight when the last of the excursion trains left the city and the sun had risen on the fifth day of July when the dancers went to their homes.

THE PRIZE OFFER.

The Review and Omaha Daily News prize offer has already begun to interest the people. Many subscribers are taking advantage of the offer and the guesses made seem so reasonable that we are almost sure that a large part of the \$15,000 offered will come to Crawford county. The price is ridiculously low, \$2.30 for the Review one year, the Omaha Daily News one year and a chance to win one of the many cash prizes offered. The Review would not offer any such inducement did it not feel assured that all the prizes would be fairly awarded and that its readers have an equal opportunity with others to win. It is a fair open competition, it is not a lottery in any sense of the word or Uncle Sam would not allow it to go through the mails. A number of newspapers have clubbed together to offer these large prizes to their subscribers, one paper could not afford to do this but a number can and have done so. Each paper pays for each guess that is made and the money is already deposited for the payment of the prizes. The prize offer is not the main thing however, the main thing is that we offer you a chance to obtain a good live independent daily, containing all the Omaha markets and the best paper in Crawford county for a surprisingly low sum. Do you take it?

CHANGE FOR SETTLEMENT.

Steel Magnates and Men Will Hold a Conference.

SHAFFER CHANGES HIS MIND.

All Vice Presidents of Amalgamated Association Hurring to Pittsburg at His Call—Most Important Meeting in History of Industry.

Pittsburg, July 9.—That which I believe will be the most important conference in the history of capital and labor will open in Hotel Lincoln, Pittsburg, next Thursday morning at 10 o'clock, when the highest officials of the Amalgamated association, gathered from all parts of the country, will meet with officials of the iron and steel industries to settle grave questions. Every vice president of the Amalgamated association from Alabama north is hurrying towards Pittsburg on my telegraphic order. I have considered it best that they be called to confer at this time instead of the regular conferees who have usually met with us to adjust differences. As yet I am in ignorance as to who will constitute the committee representing the steel people, the employers. I have been informed that President Charles M. Schwab of the United States Steel corporation will be present in person, but do not know this to be a fact. The laboring man is at present confronted with some peculiar conditions, which I hope will be adjusted at the coming conference. I believe the strike will be speedily settled.

The above is the statement made by President Shaffer of the Amalgamated association last night as he emerged from the Carnegie building with a party of Amalgamated association officials and officers of the American Sheet Steel company.

It was at the end of one of the most eventful days in the history of organized labor and was made so by the decided stand taken by President Shaffer in the Wellsville, case.

The conference lasted for almost two hours, but what was said or done was not given out, excepting the above statement. It was apparently decided that the best interests of both sides demanded that the wage conference be held at as early a day as possible, in spite of the trouble at Wellsville. It is understood that on hearing the statement of Vice President Chappell regarding the Ohio trouble assurance was given that it could easily be adjusted and would be. This being the case the conference was quickly arranged. President Shaffer said:

"I did announce that I would not treat with the employers until matters were adjusted at Wellsville, and I would declare a general strike on Thursday if matters were not fixed, but I later changed my mind. I am not at liberty to state what brought this about, but it will come out in good time."

Under the present arrangement the Wellsville men will remain at work pending a settlement or disagreement on Thursday. None of the combine representatives who could be seen would talk on the strike troubles. President Arms of the American Sheet Steel company received Vice President Shaffer's telegram containing his ultimatum at Youngstown, where he was attending the funeral of his mother-in-law, and that immediately after the funeral he came to Pittsburg and the conference was held shortly after his arrival.

against the striking machinists, and his other pro-labor utterances. Before he left the hall the mayor was made an honorary member of the association. In his address, the mayor stated that "the mere fact that a cheap injunction had been issued by a cheaper court commissioner will not justify the world in condemning Milwaukee as being in sympathy with the movement against the striking machinists."

Issues Sweeping Injunction.

Cleveland, July 9.—Judge Wing of the United States circuit court issued a sweeping injunction yesterday against the striking iron molders on the application of the Otis Steel company of this city. It enjoins them from picketing the premises or interfering in any manner whatsoever with the business or the employes of the Otis company. Commenting on the claim of the molders that their efforts had entirely been confined to persuasion, the court said: "Persuasion of itself, long-continued, may become a nuisance and unlawful."

McDonald Recaptured.
Dickinson, N. D., July 9.—John P. McDonald, who broke jail Sunday, was recaptured at Mosier's ranch, 90 miles northwest of here, by Deputies Graig and Stone. He had hidden all day, under a scorching hot sun, and was nearly dead from hunger and exhaustion. McDonald was formerly deputy sheriff of Wibaux, Mon., and was captured last April at the time of Sheriff Godall's raid in the western part of the state, when desperado McPeak was killed.

Climax of Hot Wave.
Pierre, S. D., July 9.—Yesterday was the climax of the hot wave here. The government record was 104 and it was hotter on the streets. Business was practically suspended.

MIGHTY HOT IN KANSAS.

Corn Crop is a Failure and Price of Hay is Enormous.

Topeka, July 9.—Yesterday was a day of unprecedented temperatures in Kansas. In Topeka for two hours the mark reached was 104. In Marysville 108 degrees was the record. Fort Scott reports 106 degrees. Reports from numerous Kansas counties indicate that the corn crop is practically a failure. Hay is selling at enormous prices and the indications point to almost a famine in feed for animals unless rain comes within a day or two.

Death of Paul Neumann.
Honolulu, July 2.—Via San Francisco, July 9.—Paul Neumann died early this morning of paralysis of the brain, aged 68 years. He was one of the best known and most liked citizens of the islands, and his sudden death was a great shock to the community here. He was a very popular member of the bar, and had been mentioned as a gubernatorial possibility since the reports of Dole's possible resignation.

Two Men Burned to Death.
Helena, Mon., July 9.—Two unknown men were burned to death and 11 injured in a fire that destroyed the Occidental hotel at Forsythe, the county seat of Rosebud county, yesterday. The men were employed as section hands. The Northern Pacific oil house and coal bins were burned and the ruins of the buildings blocked the track for several hours.

Deaths From Heat, 989.
New York July 9.—The official reports to the bureau of vital statistics deaths from heat for the week ending July 6 show that the actual number in the five boroughs of Greater New York was 989.

Shot by His Son.
Pratt, Kan., July 9.—W. H. Leming, who lived 20 miles northeast of here, was shot by his son, John A. Leming, in a family quarrel. The son is under arrest.

V. P. S. C. E. CONVENTION.

Endeavorers Take Up Regular Program at Cincinnati.

PROMINENT SPEAKERS HEARD.

Cooler Weather Imbues the Visitors With Zest for Work and Christian Service and the Greatest Enthusiasm and Zeal Are Displayed.

Cincinnati, July 9.—Perfect weather yesterday greeted the thousands of Christian Endeavorers who are assembled here in the 20th annual convention. The program as arranged by the committee made yesterday the great day of the convention. Meetings galore were held and they were all large and enthusiastic. The cooler weather seemed to have an invigorating effect on the Endeavorers, as they seemed imbued with a zest to work, and the services of many were gladly accepted on noontime evangelical work which assigned them to small revival meetings on street corners in the tenement and manufacturing districts. The Music Hall auditoriums were in use during the morning, noon and evening, the historic walls reverberating alternately to joyous hosannas of the thousands and words of praise and prayer of the speakers.

The big meeting of the afternoon was held in Auditorium Endeavor, where George B. Graft of Boston presided, with Percy S. Foster of Washington as musical director.

The fair sex predominated in Auditorium Williston at the afternoon meeting, Professor Joseph Lewis of Lexington, Va., having it in charge. F. H. Jacobs of Brooklyn led the chorus and music. The meeting was labelled "The Twentieth Century Christian Endeavor Society," and it too was largely devoted to an open parliamentary session. President Francis Clark of Boston gave his ideas on "advanced steps for the new year."

EDUCATORS IN SESSION.

Pay Tributes to Memory of Prof. Hinsdale and Henry Barnard.
Detroit, July 9.—The National Council of Education devoted last night's session to eloquent tributes to the memory of Henry Barnard, the first national commissioner of education, and Professor E. A. Hinsdale, late of the University of Michigan. This was the only session held by any of the departments of the National Educational association, the national sessions of which begin today.

Delegates to the sessions of the association arrived on every train during the day and the registration bureau was crowded all day. It is estimated that there are over 5,000 delegates in the city and from present indications Secretary Irwin Sheperd predicts that the record attendance of 14,000 at Los Angeles will be broken.

Sessions of the National Council of Education, the Indian Educational department and the board of directors will occupy today.

WHEAT FIELDS IN FLAMES.

Fifteen Thousand Acres Destroyed at Great Bend, Kan.

Great Bend, Kan., July 9.—Fifteen thousand acres of wheat went up in flames here yesterday afternoon. The fire was started by an unknown man throwing a lighted cigar into a field of wheat stubble. Everything was as dry as tinder, and soon a destructive fire was in progress. The inhabitants all left their work and exhausted all the methods they knew for fighting fires, but to no avail, and it was late in the evening before the fire was under control. Roughly estimated, the loss in wheat will aggregate 300,000 bushels, nearly all of which was in stack.
