## STEEL STRIKE GOES ON

Latest Efforts to Settle it Fail  
Completely.

KEEP WORKERS OUT OF MILL.

Strikers at McKeesport Succeed in  
Closing Down the Plant—Trouble  
at That Point Reaches the Critical  
Stage—No Violence Yet.

Pittsburg, Sept. 10.—The last efforts to settle the steel strike have failed. The general executive board of the Amalgamated association adjourned last evening without date and without accepting any of the peace propositions which have come indirectly from the United States Steel corporation or making any counter-propositions, according to the official statement. It was stated by some of the members of the board that the adjournment had left matters practically as they were before the meeting had been called and that the strike must go on as before, leaving arrangements for a possible settlement through a coveted direct conference of the representatives of the United States Steel corporation with President Shaffer.

At McKeesport last evening the strikers, following up their advantage of the morning in keeping the workmen from entering the National Tube works, gathered about the gates of the plant in great numbers and warned the few men who came out not to return to work. It is generally believed the company will appeal to the sheriff or governor within 48 hours for protection.

## COUNTY THE LOSER

De Koenig Case Decided  
Against County.

Damages Placed at \$500.00  
Hard Fought Legal Battle  
at Jefferson.

The famous De Koenig case was decided in favor of the plaintiff before the district court of Jefferson last week. The history of this litigation is a lengthy one. The accident on which the case was based took place in September, 1886. Young De Koenig lived with his mother and his step-father on a farm three miles west of West Side, near the Boyer river. While driving across a bridge with a load of straw the structure gave way precipitating De Koenig about fifteen feet to the river bottom. In falling his head struck a post which had been driven into the river bed, inflicting lacerations about the head and body and causing as the plaintiff alleged, painful headaches from which he has never recovered.

The case was first tried in this county and a verdict rendered in favor of the county. This decision was set aside by Judge Church and was taken to Greene county on a change of venue. The result of the second trial was a verdict for De Koenig in the sum of \$500.00. The verdict, together with the cost and attorney fees will probably run the expense to the county to more than \$1500.

Among the most beautiful of the many tributes paid to President McKinley when the news of the attempted assassination flashed over the country, was one written by Gov. L. M. Shaw. It was not only a literary classic but showed the deep feeling of the governor.

It is time for the voters of the city to begin thinking as to whom they shall elect to succeed Messrs Sprecker and Brown on the city council. The special elections have been called. The returning members have been faithful adherents and true to the interests of the city and their constituents and it will be difficult to find as good men to take their places.

### OFF FOR LOGAN.

Denison Friends Much Interested in Mr. Kuehne's Candidacy, All Wish Him Success—List of Delegates.

The republican senatorial convention meets at Logan to-day. There are three candidates in the field and the result is of course problematical. Mr. Kuehne has made a clean cut contest for the nomination. He has aroused no antagonism and so far as he is concerned the contest is a perfectly friendly one. His opponents are men of ability and it is highly creditable to them that they have the united support of their counties just as Mr. Kuehne has the support of his. Mr. Dewell is a lawyer of prominence. He has been a candidate for judge and also for the state senate and is well-known throughout the district. The people of Harrison county are anxious to see him nominated and if he is, the Review can support him earnestly and ardently.

Mr. Hogue is the candidate of Monona. The republicans up there say that he was one of the most influential factors in redeeming that county from democracy and they are anxious to reward him. He is a splendid, whole-souled man, a successful farmer and a vote getter. The republicans of Crawford think, however, that Mr. Kuehne is the man best fitted to lead the campaign in this district. They believe that he would be elected if nominated, for they know his splendid fighting qualities, his sterling worth and his ability. They are for him first, last and all the time and will leave no stone unturned to effect his nomination. They recognize, however, that the contest does not close with the nomination, however, and they will be particularly careful not to arouse antagonisms which would handicap the candidate whoever he may be. The list of delegates as selected by Mr. Kuehne is as follows:

F. W. Meyers,	D. W. Shaw
J. P. Conner	Alfred Wright
Sears McHenry	J. F. Harthun
B. Y. Nicholson	B. Brodersen
E. Gulick	W. J. Scrivner
P. D. McMahan	T. J. Hoffmann.

There will be a meeting at the opera house to-morrow evening of the young lady volunteers to assist at the editorial banquet.

Among those who took the Monday train for the East were, Mr. and Mrs. J. M. Campbell, who will visit relatives in New York state.

For the Ak-Sar-Ben carnival at Omaha Sept. 11-21, the Illinois Central will sell excursion tickets to Omaha and return at the low rate of \$2.99 for the round trip Sept. 17-18-19 and 20. All tickets good to return until and including Sept. 23.

It is stated that the Brown Art Co. is about to be incorporated with several thousand dollars additional working capital. Mr. Brown has one of the best plans on the market to aid merchants in building up a cash trade. Hundreds of merchants are using it and without an exception it has been a success. The business at this end of the line has grown so rapidly that Mr. Brown feels that the time has come when the plant should be increased, a number of first-class men put on the road and the business pushed on an extensive scale. We believe that in the course of a short time the Brown Art Company will be recognized as the leading business institution of Denison. Additional capital can easily be secured as Mr. Brown has proven the success of his venture, the only question being as to whether Mr. Brown prefers to admit others to an ownership in his plant or whether he will decide to go slowly and own it all himself.

F. C. Liscomb and wife, of Dunlap, and Mrs. Whomes, of Winona, Minn., sister of Mrs. Liscomb, spent Saturday and Sunday visiting friends in Denison.

Mr. Anson Hubbs and daughter, Miss Jennie, took advantage of the low rates East and started for Albany, N. Y., Monday. They will visit the exposition before returning.

H. W. Randall was over at Merville the past week and has engaged to do the hauling on a creamery route there. This will not take Mr. Randall away from Denison, however.

The committee on the Fred Schluter invalid chair has handed us the following report, showing how much money was raised at the benefit ball game between the Hamburgers and the Second Nine:

Total receipts.....	\$250.50
Expense Printing, etc.....	6.25
	\$244.25

The purchasing committee consisted of Messrs. Kemming, Shaw Van and Boyle. The chair was purchased through Mr. H. H. Klinker and he made no charge to the committee. Mr. T. C. McCarthy was very instrumental in the selling of tickets having sold \$53.05 worth.

**Card Of Thanks.**  
We wish to express our heartfelt thanks to our many loving friends and especially to the members of the Modern Woodmen of America both here and in Alva, Oklahoma, for their tender care of Louis during his sickness and their solicitude and sympathy and helpfulness during our hours of grief after his death. ### LABOR DAY AT JEFFERSON

Hon. P. E. C. Lally the Orator of the Occasion.

Labor Day was celebrated at Jefferson with a large crowd in attendance and much speech-making. Hon. P. E. C. Lally was the chief orator of the day and in his accounts of the celebration the Jefferson Bee says:

"The address of the day, by Hon. P. E. C. Lally, of Denison, followed. Mr. Lally needs no introduction to our people. He was formerly a citizen of Jefferson, and his fame as a lawyer and orator since have gone on before him, in fact the name of Pat. Lally is almost a household word in old Greene, where Mr. Lally received his first training as an attorney. The speaker after expressing his joy at the invitation to speak to a gathering of laboring men, said that he had toiled on the farm and on the section and was proud of the fact that honest labor belittled no man. He declared himself emphatically in favor of organization among laboring men, saying that it was the latter's only hope. He touched at some length upon the proposition of education, temperance, organization and religion, and made a strong argument in support of each. The Bee wishes that it might present the address in full. It was a masterly effort, eloquent and full of encouragement to labor and to all the people. At its close Mr. Lally was given hearty and prolonged applause, followed by an ovation."

Mr. A. C. Bender, of Shenandoah, Iowa, who is a graduate of Philadelphia College of Pharmacy, is for the present in charge of the finely equipped laboratory at the Schlumberger pharmacy.

### Strikers Return at Bayview.

Milwaukee, Sept. 10.—Thirty-five Amalgamated association men returned to work at the plant of the Illinois Steel company at Bayview yesterday. It is said two of the company's mills, the top and bottom 12-inch and rail mills, were started. Among those who reported for duty were J. D. Hickey and J. F. Cooper, the two men who went to Pittsburg recently to learn the real facts about the strike.

### STREET CAR STRIKE FAILS.

Company Wins in Fight With Union Motormen at Sioux City.

Sioux City, Sept. 10.—The street car system of Sioux City was threatened with a tie-up yesterday, but did not materialize. The employes recently formed a union, of which the Sioux City Traction company did not approve, and notice was posted that all men who persisted in staying with the union would be discharged. Yesterday the first man was discharged and 25 of the motormen were to have struck. Only about 12 of them quit, however, and their places were taken by substitutes.
