DOINGS IN SOCIETY.

Reception at Mrs. Gregory's.
On Saturday afternoon from two to five, Mrs. Gregory and Miss Baer received in honor of Misses Steele and Cole. Sunflowers, which are now in their glory and lend themselves so effectively to decoration, were used in great profusion. The scheme was consistently carried out to the least detail. The favors at each plate being sunflowers, while each of the receiving party had donned one of the flowers. A game which consisted in making as many words as possible from the letters in the word, sunflower, also kept the decoration much in mind.

Miss Helen Burch received the guests and her sister Miss Mary Burch served most refreshing frappe. Music, vocal and instrumental, together with serving of light refreshments comprised a very pleasant and novel entertainment. About fifty guests were present.

Shower for Miss Temple.

It is very seldom that two such clever and original parties are given the same day as those given by Mrs. Gregory and Miss Baer and later in the afternoon the pre nuptial tea given in honor of Miss Lizzie Temple by the Misses Gilmore. The parlors were decked with dainty pink and white hearts of all sizes and greeted the eye which ever way one turned. A pleasant surprise to Miss Temple was the "Ritchentel Shower" which greeted her entrance to the room, and one that will long prove useful to her as well. This feature caused a great deal of fun and was we believe the first "shower" ever given in Denison. Tea was then served at small tables by Mesdames Goudie, Failor and Gilmore. The favors were candy hearts with the most touching and heart moving sentiments engraved upon them. The supper was a very nice one consisting of two courses. During the last course, a cake containing a thimble, pen and silver heart was passed. Miss Kirkup, Goodrich and Stoner were the lucky three to find the favors. The entire party was very jolly and pretty. About thirty guests were present.

I Have Troubles of My Own

Having had a great deal of trouble with silverware not holding its own, I have decided to put in a line that is far above any that has been handled in town. I have taken it for granted that the best is the cheapest in your estimation, consequently have bought the ROCKFORD line. They make a higher grade of silverware than any other factory. Take their three grades 12-dut, 14-dut and 16-dut; thers make 12-dut. Don't fail to call and see them and always remember that the best is the cheapest. For that reason we have bought this line of goods. The Ivers & Pond Pianos stand with the best of the very best. The Foster and Royal are the equal of anything handled anywhere in town. The Mason & Hamlin Organs stand without an equal, let alone a superior. Try our 8-dao clocks at \$1.75.
