The Schuler and Brown teams rolled at the Lane & Leahy alleys Wednesday night, Brown's team winning two out of three games, but the Schuler aggregation winning the series by total number of pins. Both teams rolled in fairly good form. Schuler captured the second game by a total score of 826.

This is the highest team score that has been rolled since the present league has been formed. Their total score of 2290 pins for the three games, also, makes a record for the present series. The score was as follows:

NOTES OF THE GAME.

The third game of the series was undoubtedly the finest exhibition of bowling ever witnessed in Denison. That it was interesting from beginning to end was proven by the enthusiasm of the spectators. Schuler's team had a big lead in the first two innings, after which they lost their lead by the steady rolling of their opponents. Had Hecht made the "spare" in the tenth inning, the Brown team would have won out by total number of pins as well as by the majorities of the games.

Charter Oak's crack team of bowlers were given another drubbing by Denison's picked team on Lane & Leahy's alleys last night. This is the second defeat the Oakites have suffered at the hands of Denison. Both teams rolled in poor form, which made the games lacking in interest. Criswell's score of 201 in the first game practically won the first game for Charter Oak. Denison taking the other two games and also defeating them by a total of 103 pins in the three games. Cramer's average of 163 was the highest for the three games, with Wescott a close second.

After the games the Denison boys entertained their Charter Oak friends with an informal spread, which was greatly enjoyed by all.

Following is the score:

SOCIAL NOTES.

The Coterie Club and a few invited friends enjoyed Mrs. H. H. Savage's hospitality on Thursday afternoon.

The game of yea and nay, which the hostess had provided, proved a very successful entertainment. Each lady was given a little silk bag containing fifteen beans, one of which she forfeited every time she said yes or no. Mrs. N. E. Wescott was the most irresistible questioner. After an hour's time, she not only had enough beans to bake, but was awarded the prize.

The hostess served delicious refreshments in two courses.

A business meeting of the Coterie Club has been called for 3 o'clock on Monday afternoon at the home of Mrs. J. I. Gibson.

Mrs. Wm. Raine has issued invitations for a "thimble party" on Saturday afternoon.

On Tuesday Albert Tebbs the fourteen year old son of Henry Tebbs of Hanover township was thrown from a wagon and broke both bones of his leg and dislocated the knee joint.

About fifty young people enjoyed themselves hugely at the home of Mr. and Mrs. C. P. Harvey on last Friday evening. The hostess assisted by Mrs. Odell, served an elaborate and delicious lunch.

Thos. Kelly and Col. Tamm, of Denison, came up Friday morning to hunt during the day. They returned on the evening passenger with 155 ducks, as a result of their day's shoot.—Lake View Resort

Bert Stevers tell us that some miscreant stabbed his horse on Wednesday afternoon. The animal's throat was cut and it bled to death. It is a mighty mean man who will wreak a personal grudge by killing a dumb brute.

Hon. J. P. Conner was in Boone Wednesday consulting with the business men of that place in regard to securing the erection of a Federal building. Boone deserves a good Federal building, the importance of the city and its government business demands it and we are sure that Judge Conner will do every thing in his power to secure the needful appropriation.

As the time approaches for Hon. J. P. Conner to leave for Washington he is receiving visits from prominent men all over the Tenth district. Judge Conner is one of the most approachable of men and gives all of his constituents a hearing and endeavors to do for the best in every case. Perhaps this is the reason the Judge has had little friction with the politicians of the district.

The Review is keeping a record of the public sales throughout the county. All persons expecting to hold sales are requested to report the date to this office. This record will prevent confusion, as the holding of two sales near together on the same day often spoils both. The Review will gladly furnish information to those planning for public sales.

The Bulletin answers the REVIEW's article concerning the bridge letting by another dose of personal abuse for the editor of the REVIEW. Mr. Caswell is not to blame for this. In the first place his case is weak and in the second place Mr. Caswell is not a man of strong mentality. He has neither the refinement, the education nor the intellect to be a newspaper writer. He is a good printer and in some respects a good business man but he is not a writer of force or ability. Naturally when it comes to argument his only recourse is to Billingsgate and mud-slinging. In our heart we feel nothing but pity for a man who might have stood well had he been placed in a more obscure position where his glaring defects of mind and character would have been less exposed to public view. We can forgive Mr. Caswell everything save his senseless and oft repeated references to one who is gone and who had the entire confidence of this community. In no other way is Mr. Caswell's weakness of character so plainly shown. If he were a gentleman he would not do it.

Mr. Carl F. Kuehnle delivered an address at Traer, Iowa, on Wednesday, Nov. 13th, at the dedication of the Traer Knights of Pythias hall. The Traer Star-Clipper gives the following account of the proceedings:

"The dedication of the Traer Knights of Pythias new hall on Wednesday evening was a brilliant success in every way. It ranked among the first civic-social events in the history of Traer. A program was given that would have been a credit to a lecture course. Mr. Kuehnle was master of ceremonies. B. Murphy, of the Vinton Eagle, made a short address, giving personal reminiscences of Traer and telling of the remarkable progress made by Miss Hagnevood, the deaf and dumb girl, closing with good words for Pythianism.

"P. E. Shortess in very happy and well selected remarks introduced Carl F. Kuehnle, of Denison, the principal orator of the evening, who delivered a pithy, eloquent address. While it was largely historical, it was well polished, scholarly and thoroughly relished. Mr. Kuehnle maintained his reputation as one of the brightest young orators of western Iowa."

Thursday morning Mr. Kuehnle made an address to the Traer high school students at the high school building.

the parlors and progressive whist was the order of the evening. The games proved very interesting and showed that whist-lore is not entirely a masculine accomplishment. Mrs. H. F. Hodges and Mr. D. L. Boynton were given the prizes for high scores.

The party was one of the most enjoyable of the season; it was given complimentary to Mrs. Brown's visiting friend, Mrs. Hill.

At a meeting of the Eastern Star last Friday evening at the residence of Mrs. Chas. J. Adams, the members surprised Mrs. W. W. Ferguson by presenting her with a handsome emblem pin as a token of the high esteem in which she is held by the members of the Order, and many were the regrets expressed that Mr. and Mrs. Ferguson were to leave our city. They departed for their home at Denison Wednesday evening. There were a large delegation of our citizens at the depot to bid them goodbye and wish them well. The people of Denison will find Mr. and Mrs. Ferguson most excellent young people and worthy of the entire confidence of all whom they meet. What has been Reinbeck's loss will be Denison's gain.—Grandy Courier.

Denison business circles were started this week by the announcement that Mr. O. G. Prill had decided to go out of business on account of ill health and that his large stock would be disposed of at public auction. We predict that this sale will not hurt the other merchants during this holiday season as the knowledge that bargains are to be had in Denison will draw many people from all parts of the county who will do a large amount of trading besides that which they do at the sale.
