RICH CUT GLASS.
 We will be able to show you the very finest China and Rich Cut Glass and Novelties that your eyes every gazed upon. You can well afford to look at it.

Our store was closed on Thursday and we enjoyed Thanksgiving Turkey and are new ready for the holiday trade.

We are Still Very Thankful.

To the People of Crawford County:

WHEREAS, you have shown us every consideration that is due us, and have increased our Repair Work until it is double its mark of old, and have given us a fair share of your trade, we most heartily thank you for it. You have made it possible for us to buy a higher grade of goods than before.

And we can Now Sell Them at no Advance in Price.

E. C. Chamberlin, The Jeweler.

FINE PIANOS.

By the way what could you get that would beautify your home more than a Fine Piano? Now allow me to say this (and I say it because I know it is so.) You cannot do better than buy an Ivers & Pond Piano. Its action can't be excelled; its tone is rich and full, and then when you buy a piano be sure that it has Copper Wound Bass Strings. You can't get good tones out of iron wound strings.

Be Sure and See us for Holiday Presents.

We are receiving an elegant line of new and artistic jewelry novelties for Xmas.

What the Bowlers are Doing.

STANDING OF TEAMS, DENISON BOWLING LEAGUE.

TEAMS	WINS	LOSSES	PER CENT
Schuler	12	5	583
Famm	9	4	555
Chambers	9	4	444
Wright	9	5	333
Brown	9	5	333

The Denison Bowling Co's. alley was packed Wednesday night by the most enthusiastic audience that ever witnessed a bowling contest on our home alleys. Those present, among whom were many ladies, had the pleasure of witnessing the three best games ever rolled in Denison. Schuler's team meeting defeat at the hands of Captain Wright's Hamburgers. The Hamburgers won two out of three games and a total of 80 pins in the series. The second and third games were the highest rolled in Denison. Following is the score by games:

SCHULER.			
	1st.	2nd.	3rd.
Huetzman	121	160	164
Schuler	134	162	155
Kelly	159	193	177
Faul	183	145	146
Erier	127	137	165
Totals	704	797	807.2308

WRIGHT.			
	1st.	2nd.	3rd.
Wright	123	171	145
Covault	142	190	151
Tigbe	127	154	170
Grason	137	169	156
Cramer	165	168	220
Totals	604	852	842.2388

The Schulerites not being accustomed to meeting defeat at the hands of such poor (?) bowlers, took their medicine rather hard.

Where are the wise people that are playing the Hamburgers for last place in the percentage column? Wake up boys, you have another guess coming.

The Hamburgers will have at least one, if not more, at the top of the column of the highest individual average list. Cramer already holds this place, and it is not at all likely that he will lose it.

The above scores will show that the Schuler team did not lose by poor rolling. It was the fine team work of the Hamburgers that did the business.

That was once the Schuler team had to pay. Beware, Schuler, there may be many more such games in store for you.

If the Denison bowlers expect to promote bowling among the ladies, they will have to do away with such wrangling and arguments as were in force Wednesday night. Bowling is a healthy sport and a pleasant pastime, and should be conducted in a gentlemanly way. "Rooting" is expected in all games of sport, but there is such a thing as carrying it too far.

Wright's "Hamburgers" and the Chambers team will bowl on the Lane & Leahy alleys Friday night. This will undoubtedly be one of the best games of the season as both teams are evenly matched.

The following scores were made in three consecutive games in a contest game by the Tossotis of Chicago's big league in that city Wednesday night: 1024, 932 and 920. This makes a total of 2876 pins. We expect our boys to make as good a showing as this before the season closes.

Lyman, Schuler, Cramer, Covault and Wescott were the five bowlers who went to Dunlap yesterday to roll against the crack team at that place. Our boys lost the series by a total of 113 pins and two out of the three

games. The Denison team rolled in very poor form, their highest team score for one game being 680 pins. A return game on our home alleys will be played in near future, but just on what date the contest will be rolled has not been definitely settled.

BURLGARS WOUND CONSTABLE.

St. Joe Officer Shot and Pounded Till He Cannot Recover.
 St. Joseph, Mo., Nov. 29.—For several nights Constable Wesley Gan and several deputies have been endeavoring to capture a gang of burglars that have robbed numerous stores and residences in the suburbs, but never came upon the robbers until early yesterday morning. Constable Gan was separated from his deputies, but did not hesitate to attack three of the burglars and endeavor to capture them. He was shot and pounded into insensibility and left for dead. He cannot recover.

Young Short \$23,000.

Louisville, Nov. 29.—Beyond the statement made to Mayor Granger by one of the expert accountants that a shortage, amounting to \$23,000, had been found in the books of the former city treasurer, Stuart R. Young, who committed suicide Wednesday evening, nothing definite is known as to how the accounts stand between the city and its former treasurer. It is said that the accountants will require two weeks of constant work to go over the books. During his four years as city treasurer Young handled \$11,000,000.

Berlin Council Approves Kaiser's Plan

Berlin, Nov. 29.—After a lively debate yesterday, the municipal council, by a vote of 64 to 51, adopted the plans for altering Unter den Linden that were approved by Emperor William. During his speech, in which he accused the members of the municipal council of lacking backbone and in which he referred flippantly to the deference shown the emperor's wishes, the socialist deputy, Herr Singer, was called to order.

Chicago Sees Comet.

Chicago, Nov. 29.—What appeared to many to be a comet was visible here in the southern sky last evening. It was difficult to judge of its length, as it was pointed directly upward and was going from the earth, but Professor Cox, in charge of the United States bureau, said that in his judgment it was about two degrees long.
