CANAL TREATY WINS OUT

Hay-Pauncefote Agreement is Ratified by Senate.

ONLY SIX VOTES AGAINST IT.

Jones introduces Resolution in Senate Extending the Thanks of Congress to Rear Admiral Schley—Knox's Nomination is Confirmed.

Washington, Dec. 17.—The senate yesterday ratified the Hay-Pauncefote isthmian canal treaty by the decisive vote of 73 to 6. The vote was reached a few minutes before 5 o'clock, after almost five hours' discussion behind closed doors.

There were no sensational incidents during this entire time. The debate was confined exclusively to a discussion of the merits of the agreement and the policy of its provisions.

The principal speech of the day was made by Senator Teller, in opposition to the treaty, and he was followed in rapid succession by 12 or 15 other senators, who spoke briefly either for or against the motion to ratify.

Senator Clay was one of the southern senators who spoke in advocacy of the treaty. He contended that the treaty should be ratified because it secured the abrogation of the Clayton-Bulwer treaty.

Senator Mason made a strong plea for the treaty, expressing his gratification that American diplomacy had succeeded in securing a triumph as was this treaty over the original Hay-Pauncefote agreement.

Senator Bacon's speech was made in connection with a motion to amend the treaty. In presenting this amendment he said that he was in favor of a canal and would vote for the treaty with the Davis amendment. He opposed the treaty because he did not believe it would give the United States full control of the canal. He said Great Britain rejected the amended Hay-Pauncefote treaty, but sent us another treaty about identical with the former treaty as amended, except as regards the Davis amendment. He considered that fact the most important feature of the whole controversy.

There was an exceptionally full session when the time arrived for a vote, but the certainty of ratification had become so apparent that there was comparatively little interest in the proceedings. The vote on the amendments succeeded, each other quickly. All were voted down. The treaty then was ratified by a vote of 73 to 6. Those who voted against ratification were: Bacon, Blackburn, Culberson, Mallory, Teller and Tillman.

Introduces Schley Resolution.

An echo of the verdict of the court of inquiry in the case of Rear Admiral Schley was heard in the senate yesterday, when Jones (Ark.) introduced a resolution extending the thanks of congress and of the American people to Admiral Schley and the officers and men under his command during the battle of July 3, 1898, off the harbor of Santiago, Cuba. In submitting the resolution Jones made no statement and it was referred without comment to the committee on naval affairs. A resolution heretofore offered by Vest (Mo.), instructing the committee on judiciary to inquire into the subject of anarchy and to report to the senate by bill or otherwise a constitutional method by which congress may legislate for the suppression of anarchy and for the control of anarchists, was adopted.

Knox's Nomination Confirmed.

Just before adjournment the senate confirmed the nomination of Hon. Philander C. Knox to be attorney general of the United States. The discussion turned upon a motion made by Senator Jones (Ark.) to recommit the nomination to the committee on judiciary, in the meantime publishing the testimony bearing upon the case. Speeches in favor of this proposition were made by Senators Jones and Turner, and in opposition by Senators Hoar and Pettus. It was contended by the two senators last named that the only evidence presented against confirmation had been filed by members of the Anti-Trust League and was very vague and indefinite. The senators favoring the motion dwelt at some length upon the charge made that the attorney general previous to entering upon the duties of that office had been attorney for the United States Steel corporation and the armor plate manufacturers. In reply to these accusations it was said that it was legitimate for an attorney in private life to represent any interest in his official capacity and it was argued that his position as counselor for those interests could not be used legitimately against him in connection with his nomination to a position under the present administration.

WYOMING'S WORST STORM

Blizzard Pronounced Most Disastrous Ever Known.

MANY HERDERS ARE MISSING.

At Least Ten Persons Believed to Have Perished on the Ranges—Railroads Finding It a Hard Task to Keep Trains Moving.

Cheyenne, Dec. 17.—The severe snow and wind storm which set in a week ago, and which has been accompanied by the coldest weather seen in this state for many years, is still raging and the situation becomes more alarming.

Reports from the ranges say that the present storm is the worst that ever visited this section of the country and that if it continues for another 24 hours the losses will be heavy.

The loss of life in Wyoming due to the blizzard is probably in excess of ten persons. Five persons are known to have lost their lives. Of these three were herders, one a railroad man and the other a woman.

Five herders were reported lost near Point of Rocks and as their dogs have come to town the men undoubtedly perished.

A civil engineer named Hemingway, who left Casper several days ago to visit a ranch, got lost and searching parties are scouring the prairies for him. His friends believe he is dead.

The railroads are keeping their lines open to traffic with much difficulty and a blockade is threatened.

Reports received from the ranges in southern Wyoming tell of the demoralization of the sheep business, flocks being scattered in all directions and the herders dead and missing. No one can live long out of doors in such a storm as is now raging throughout the state and when the blizzard subsides it is expected that bodies of dead herders will be found at numerous points in the Red Desert country, where a number of flock tenders are now reported missing.

Great Havoc Among Sheep.

Green River, Wyo., Dec. 17.—Andrew Christenson, who runs 3,500 sheep north of Green River, reached here and reports that all flocks in that section are lost, together with a number of herders. The storm, he says, was the worst he ever saw in this state. He believes the loss among sheep will be heavy.

DISTRESS IN OKLAHOMA.

Another Cold Wave Causing Heavy Losses to Live Stock.

Guthrie, O. T., Dec. 17.—Another cold wave struck Oklahoma last night and, following so closely on the first, it will do greater damage to the extensive cattle interests of the territory. Reports from the ranges state that the stock is perishing, weakened by lack of food and by intense cold. A prominent westside cattleman said that the loss as a result of the blizzard will be greater among Oklahoma stockmen than ever known before in the history of the territory.

Reports from the Kiowa and Comanche reservations state that there is much suffering there among the people who are traveling in wagons or living in tents. Two children of a family named Harkness from Iowa are reported to have frozen to death. The family was traveling in a wagon and night came on while they were in the mountains, some distance from any house.

Two Bullets Take Effect.

Kansas City, Dec. 17.—Mrs. Lulu W. Hocking shot at B. R. Andrews, manager of a tea company, at his store in East Twelfth street because he had discharged her. The woman fired three times. Two bullets took effect, one in the hand and the other in the forearm. Neither are at all serious. Mrs. Hocking, who is 35 years old, was arrested, and is being held for examination. Mrs. Hocking and her husband had both worked for Andrews. He was discharged two weeks ago for inefficient work and yesterday the woman was let out.

Fourteen Thousand Idle.

Shamokin, Pa., Dec. 17.—Fourteen thousand men and boys have been rendered idle because of the flood in this district. There are 14 collieries in this region and all of them were flooded by the heavy downpour. It will be several days before all the collieries will be able to resume. The property loss in these works is estimated at \$200,000.

Freedman Secures Injunction.

New York, Dec. 17.—Andrew Freedman obtained an injunction in the supreme court to restrain A. G. Spalding from assuming the presidency of the National Baseball League and from interfering with the business of the national league in any way whatever. In this action Mr. Freedman represented the New York, Boston, Cincinnati and St. Louis clubs. By the injunction proceedings Mr. Freedman secured a restraining order on Mr. Spalding.

Mr. P. E. C. Lally went to Marshalltown in answer to a telegram, but was compelled to return home owing to pressing business.

RUSH FOR LAND CLAIMS.

Many Anxious Farmers Seek to Perfect Their Titles.

Lincoln, Dec. 17.—The restoration of Burlington railroad lands in Saline, Greeley, Otoe, Cass and Lancaster counties yesterday brought many anxious farmers to the United States land office in this city. Record was made of the claims as fast as presented and J. W. Johnson, register of the office, will begin the consideration of contested cases within a few days.

Yesterday was set by the government as the time for the return to the public domain of several thousand acres of land once regarded as part of the Burlington and Missouri railway grant, which by recent adjustment has been determined government land again. These tracts are in Saline, Greeley, Cass, Otoe and Lancaster counties. People claiming priority to the lands were obliged to present their claims of entry yesterday. Later a hearing will be had on the proofs offered and when Mr. Johnson is satisfied with the representations made and the testimony of possible challengers he will forward his recommendations to the land department for final record.

For Reciprocity With Mexico.

Topeka, Kan., Dec. 17.—As a result of a conference held yesterday between Governor Stanley and representatives of a number of business interests of the state it was decided to hold a meeting next Monday, Dec. 23, of representatives of all the Kansas business, agricultural and live stock interests to take action in favor of a reciprocity treaty with Mexico.

READY TO ENFORCE CRIMES ACT.

Extra Police Being Drafted for Counties of Mayo and Roscommon.

Dublin, Dec. 17.—Large numbers of constabulary have been drafted to important points in Mayo and Roscommon, and a proclamation placing both counties under the crimes act is expected to be issued immediately. This influx of extra police is unprecedented since the days of Captain Boycott. Nationalist members of parliament and the United Irish league have been most active in Mayo and Roscommon recently preaching forcible resistance to authorities.

Dublin's reception of Messrs. Redmond, McHugh and O'Donnell on their return from the United States will take the form of a torchlight procession and addresses at the Mansion house.

DANGER OF RUPTURE IS OVER.

Chile Proposes a Final Basis of Settlement With Argentina.

New York, Dec. 17.—In its latest reply to the Argentine proposal for the settlement of the dispute Chile endeavors to firmly establish the rights of both countries and evade future controversies, says a dispatch to the Herald from Valparaiso, Chile.

Argentina's minister, Senor Portela, expresses the opinion that all danger has passed. The same belief is entertained in official circles.

Miss Stone Now in Servia.

London, Dec. 17.—The correspondent of the Daily Telegraph, writing from Sofia, says George R. Washburn, president of Robert college, Constantinople, has ascertained that Miss Ellen M. Stone is not now in Bulgaria. Mr. Washburn also learns that the majority of the band holding Miss Stone captive are Bulgarians. It is rumored that Miss Stone is now in Servia.

Keaighon's Victim Dies.

Salt Lake, Dec. 17.—Willard S. Haines, the Chicago traveling man who was shot by Roy Keaighon, a 19-year-old boy, while the two were conversing in the foyer of the Knutsford hotel, about three weeks ago, died yesterday. The body will probably be shipped to his old home in Bushnell, Ill., for interment. Keaighon is in jail.

Alleged Murderer on Trial.

Red Oak, Ia., Dec. 17.—Gustave Thiele, the man charged with stabbing his wife to death at Villisca last June, was placed on trial yesterday in the district court, Judge O. D. Wheeler presiding. The defense will put in a plea of insanity, but it is hardly expected to succeed.
