CHINESE EXCLUSION BILL

Pacific Coast Representatives
Agree on Measure.

MORE RIGID THAN GEARY ACT.

If Passed in Its Present Form It Will
Be Perpetual Unless Repealed and
Imposes Strict Penalties for Viola-
tion—Designates Celestials Exempt.

Washington, Jan. 7.—The senators and representatives of the Pacific coast, who have been considering a bill for Chinese exclusion, have perfected a measure which will be introduced in both houses in a few days. It is much more comprehensive than any bills that have been presented heretofore on this subject, most of which simply provide for excluding Chinese or re-enacting the Geary law. The bill under consideration contains 45 pages. It does not limit itself to any term of years, as did the Geary act, but if passed in its present form would be perpetual, unless repealed. The bill declares that all Chinese, other than citizens of the United States or those who are secured in coming to and residing in the United States under the present treaty with China, shall be refused admission, and returned to the country whence they came at the expense of the transportation company bringing them. Transportation companies bringing Chinese to the United States shall detain them until their right of admission shall be ascertained. Penalties are provided for not complying with the provisions of the act, \$1,000 and one year's imprisonment being the minimum, with a liability to forfeiture of vessels violating any of the provisions of the law. The only Chinese persons permitted to enter the United States under the act are those who have become citizens by birth and naturalization, and officials of the Chinese government, teachers, students, merchants, travelers for pleasure or curiosity, returning laborers, who must have certificates, or domiciled merchants. Chinese coming as above enumerated must have certificates with a photograph attached.

REFUSES TO RELEASE CARTER.

Supreme Court Denies Writ of Habeas
Corpus to Secure His Liberty.

Washington, Jan. 7.—The United States supreme court yesterday refused to interfere in the case of Captain Oberlin M. Carter. The decision was rendered in the proceedings instituted by Captain Carter for the purpose of securing a writ of habeas corpus that would release him from prison at Leavenworth, Kan. The case originated in the United States circuit court for the district of Kansas when a petition for the writ was denied. Yesterday's opinion was delivered by Chief Justice Fuller and affirmed the decision of the circuit court.

ROOSEVELT SENDS FOR SCHLEY.

President and Admiral Hold Private
Conference at White House.

Washington, Jan. 7.—Rear Admiral Schley called at the white house yesterday by appointment and spent nearly an hour in conference with the president. The admiral refused to discuss the conversation, saying that it was of a personal character. The president also declined to intimate the nature of the conference.

Judge Ide Is Ill.

Washington, Jan. 7.—Secretary Root has been informed that Judge Ide of the Philippine commission is ill from an attack of dysentery and has gone to Japan to recuperate. He is the second member of the commission to succumb to hard work under trying climatic conditions. Judge Taft, civil governor of the Philippines, is now on his way home on the Grant for the benefit of his health and also to confer with the president and the secretary of war regarding affairs in the islands.

Senate Session Is Short.

Washington, Jan. 7.—The senate met yesterday, but no business was transacted on account of the recent death of Senator W. J. Sewell (N. J.). In his invocation at the opening of the session Rev. Dr. Milburn made touching reference to the death of Senator Sewell. He referred also to the disability of Senator Berry (Ark.) and prayed that he might be able to soon return to his duty in the senate.

Introduces Anti-Anarchist Bill.

Washington, Jan. 7.—Representative Grosvenor (O.) introduced an anti-anarchist bill. It is similar to other measures on this subject, except that the death penalty is provided for criminal assaults on an officer of the government, without specifically designating the president as the one assaulted.

Clinton, Ia., Jan. 3.—John Hagen committed suicide here by taking carbolic acid. It is said he was despondent because his son was in jail serving a sentence for intoxication.

JUDGE NOYES IS FINED

Court of Appeals Finds Federal
Officers Guilty.

WOOD AND FROST CONVICTED

Judge Morrow of San Francisco Ren-
ders Final Decision in Famous Cape
Nome Mining Claims Cases—In-
volves McKenzie in the Conspiracy.

San Francisco, Jan. 7.—The United States circuit court of appeals yesterday fined Judge Arthur N. Noyes \$1,000 for contempt of court. United States District Attorney Joseph K. Wood and his assistant, C. A. S. Frost, were sentenced to imprisonment for terms of four months and one year respectively.

The opinion of the court was read by Judge Morrow, who said: "In my judgment the evidence established the fact that there was a conspiracy between the respondent, Alexander Mackenzie, and others to secure possession of certain valuable mining claims at Nome, Alaska, under proceedings involving the appointment of a receiver for the purpose of working the properties and obtaining the gold deposited in the claims."

NEBRASKA LAW SUSTAINED.

Rock Island Railway Loses Case in
Federal Supreme Court.

Washington, Jan. 7.—In the supreme court a decision was delivered by Justice McKenna in the case of the Chicago, Rock Island and Pacific Railroad company vs. Bertha Zerneck, administratrix of Ernest Zerneck, and also in the case of the same company against Webster Eaton, administrator of the estate of J. R. Matthews. These cases involved the constitutionality of the state law of Nebraska providing that persons injured on a railroad of that state should be awarded damages in cases not caused by the criminal negligence of the passenger. The court sustained the law.

Withdrawing Troops From Cuba.

Washington, Jan. 7.—Acting in accordance with a recommendation made by General Wood, military governor of Cuba, Secretary Root has directed that the Third squadron of the Eighth cavalry, comprising the entire garrison at Puerto Principe, be brought to the United States at the first favorable opportunity. It is admitted that this is practically the beginning of the general withdrawal of United States troops in Cuba, preparatory to the transfer of the control of affairs to the civil government to be installed during the coming summer.

Mayor Harrison on Traction Question.

Chicago, Jan. 7.—In a message to the city council on the traction question Mayor Harrison declared that he never would give his official consent to a franchise extension which did not contain provisions making possible ultimate municipal ownership, nor to a franchise which did not require ratification by a referendum vote of the people before it took effect. Legislation first, and franchises afterward, was his motto.

New York's New Marriage Law.

New York, Jan. 7.—The first contract marriage under the new Weeks law was filed yesterday with the city clerk. This contract certificate is an agreement between a man and a woman to live together as man and wife. Under the law any contract signed by the contracting parties, witnessed by a commissioner of deeds and filed with the city clerk within a month thereof legalizes the marriage and the progeny also.

Nash Appoints Kilbourne.

Columbus, O., Jan. 7.—Governor Nash has appointed Colonel Kilbourne of this city as a member of the Vicksburg monument commission, vice General Andrew Hickenloper of Cincinnati, resigned. Colonel Kilbourne was Governor Nash's opponent in the recent election, and the favor comes as a compliment. Governor Nash and Colonel Kilbourne have been friends and neighbors for years.

Land on Coast of Venezuela.

Willemstad, Jan. 7.—It is definitely known that General Riera, the Venezuelan insurgent leader, and all the other insurgents who had assembled here, embarked on the Liberator Sunday and landed on Venezuelan soil yesterday near Veladecoro with arms and ammunition. It is reported here that the Liberator had captured the Venezuelan gunboat Zembador.

Liberty Bell on Its Travels.

Luray, Va., Jan. 7.—From Harrisburg, which was the first stop of the Liberty bell on its journey to Charleston, the run through the Cumberland Valley was a series of remarkable ovations. Crowds greeted the relic at Mechanicsburg and at Carlisle, where the Indian school pupils turned out; at Newville, Shippensburg, Scotland, Chambersburg and Greencastle.

THE BOARD DOES RIGHT

SMITH, RHODENBAUGH AND
FLAHERTY VOTE FOR LOW BID

Grill Tries to Have Review Editor
Excluded From Room.

The board awarded the bridge contract this afternoon to E. M. Parker of Sigourney, Iowa. The vote stood two for Grill who was next to the high bidder and three for Parker who was the low bidder by a large per cent. The REVIEW congratulates the members of the board who voted thus in the interests of the tax-payers. It was the thing to do. We also congratulate the people upon having elected honest John Smith to the board, who stood with Rhodenbaugh and Flaherty against any misappropriation of the people's money. We believe modestly that the REVIEW had something to do with this happy outcome of this much vexed question. It had no enmity towards Mr. Grill any more than toward any other high bidder. The stand taken by the Review has been justified by a majority of the board and in the name of the tax-payers we thank the members who stood for right against favoritism.

Mr. Grill seemed to think that he was being persecuted by the Review, and when he rose to address the board he requested that the editor be excluded from the room. Mr. Smith raised the point that the court house was a public building and that one taxpayer or citizen had as much right to be present as another. We wish to say again, that we have no spite against Mr. Grill, and that our attacks were upon the principle of favoritism at the expense of the people. The Review wishes further to congratulate Messrs. Flaherty, Rhodenbaugh and Smith upon the stand they took and also to thank the many taxpayers who took an interest in the contest and who by voice and pen urged a course which will save the county many thousands of dollars in the next two years.

The bids will be published in our next issue and a more complete account of the proceedings given.

The Revival Meetings.

The special revival services at the Presbyterian church continue all this week with good attendance and interest. Evangelist Rowland is a very entertaining speaker and all are profited by his discourses. Let all plan to attend these meetings.

Services each afternoon at 2:30 and each night at 7:30 o'clock. Scholars meeting at close of school each day.

TWO BANDITS IN CUSTODY

Slayers of Sheriff Ricker Cap-
tured in Wyoming.

AVERT LYNCHING BY STRATEGY.

Half Starved and Badly Frozen, Clarence Woodward and Frank Foote Are Taken With Ease—Men Gather and Discuss Summary Justice.

Casper, Wyo., Jan. 7.—Levi Bell brought in Clarence Woodward and Frank S. Foote, two of the murderers of Sheriff W. C. Ricker, late last evening. Levi Bell and Enoch Jones were left at the Woodward ranch to watch things, and early yesterday morning the two murderers came into the ranch. They had had nothing to eat and were badly frozen.

The town is all excitement. Men are gathering in small crowds all over town and other men are stirring up the surrounding inhabitants. W. E. Tubbs was appointed sheriff and he is swearing in a large posse to protect the jail. The crowd wanted the prisoners as they were going to jail. Bell had them tied like hogs in a wagon and the crowd was deceived as to the presence of the murderers until they were lodged in jail.

Deputy John Sherman reports that Charles Woodward was seen Saturday near the Asbell ranch, 25 miles west of Ervay. Woodward was on foot and going west. Deputy James Kennedy got a fresh horse at Asbell's ranch and was not over four hours behind the fugitives.

Charles Woodward is the older brother and supposed to be the one that shot Ricker. He told his wife before he broke jail that he was going and would never be taken alive.

Woodward in jail says he had nothing to do with the killing.

THE LOCATION IS SETTLED

GOVERNMENT LEASES PRESENT
POSTOFFICE FOR TEN YEARS

New Fixtures, Keyless Lock Boxes and
Furnace Heat Provided For.

During the last few days an arrangement has been effected with Mrs. Mary Greek, owner of the postoffice building, by which she leases the building to the government for a period of ten years. As soon as possible the office is to be re-fitted with an entire new and up-to-date outfit. It will be one of the neatest and prettiest little offices in Iowa and a credit to the home town of Congressman Conner and Secretary Shaw. Mrs. Greek takes pride in making the office second to none of its size in the state and every possible convenience will be included both for the public and the employees. We are informed that in place of the old lock boxes a new lock box will be installed with combination lock like that of a safe for which no key is required. The fixtures will be of quarter sawed oak with brass facings, the walls will be cemented and the building heated by furnace and well lighted. We congratulate the people of Denison upon this happy solution of the post-office question. The location is probably the best and most central in the city. Business conditions have been fixed in accordance with this location and to have had a change, while it might have benefited a few, would have been a hardship to many.

That we are to have the same location and a new and handsome postoffice is certainly a matter for all to rejoice in. There has been some misunderstanding recently relative to the location and the duty of the postmaster in relation thereto. Until but a short time ago Denison was a "third class" office. Under the rules the postmaster is required to furnish the office and the office fixtures in an office of this class. He is allowed for office rent, but he is responsible for the location so long as it is not an unacceptable one. At present Denison is a "second-class" office. In offices of this class the government provides the room and fixtures. The

postmaster having nothing to do either with the renting of the building or the furnishing of the fixtures. In this instance the government through the postoffice inspector has leased the building now used for a period of ten years including new fixtures and fuel and light. Denison will soon have fine new postoffice fixtures which will be a credit to the city.

NEWSPAPER TALK.

The Mapleton papers have gone the sensible thing. The Advocate has been sold to the Press and the two are issued as one under a hyphenated title. We believe the time is coming when there will be fewer newspapers and better ones. It is part of the splendid egotism of the west that every village and hamlet must have a newspaper of its very own. It is not a matter of necessity or even of convenience, it is a matter of local pride. We have nothing but kind words for these papers. They instill love of home and civic pride; they are educators and as such exert a good influence over their community. The most prolific breeder of small newspapers, except "local pride" is the "local fight." It is precipitated by petty politics, by the well known "bank fight" or a squabble in the school-board. Another "organ" is wanted and a poor, sickly thing springs into existence, an organ whose sole object is to sound forth the malice of the mortgagor. Any town of less than 1,000 population that has to have two newspapers should hold a revival season of great length and mend its ways. Under present conditions Monona county can well support three papers, two at Onawa and one at Mapleton and we believe that in fifty years that is all there will be in the county. The further east one goes the fewer newspapers one finds. This does not prove that the west is more intelligent or better educated, but that in the east things have had more time to settle to their general level, that the boomer is dead and that with him has died the newspaper of 500 circulation in a town of seventy-five.

There is another queer thing about the newspaper business and that is that there never was a town, a western town at least, where people were satisfied with their newspapers and where there could not be aroused a considerable sentiment for a second, or a third, or a fourth sheet. People may agree that there are enough drug stores, or grocery stores, or churches or even saloons, but you can always find men to hang out for another newspaper. Ask nine men out of ten and they will give

you encouragement, verbal encouragement, to start another paper. In the same way one can always find encouragement to consolidate newspapers. The truth is that about the only people who know nothing worth knowing about running a country newspaper are the editors.

Marriage Licenses.

Since our last report the following marriage licenses have been issued by the county clerk:

Dec. 31.—J. H. Getty, Denison twp.; Cora Annie Brey, Hanover twp.
Dec. 31.—Geo. Thompson, Denison; Alice M. Jenkins, Milford twp.
Jan. 2.—Louis Kelm, Soldier twp.; Emma Marton, Hanover twp.
Jan. 4.—J. H. Getty, Buck Grove; Lizzie Haines, Buck Grove.

As for Secretary Shaw, his rise has been phenomenal. Six years ago he was a successful country lawyer and banker and a prominent Methodist layman. Five years ago he had made a remarkable series of campaign speeches elucidating the money question. Four years ago he was governor-elect. Three years ago he had presided over the great sound money conference at Indianapolis. A year and a half ago he was chairman of the Iowa delegation and a conspicuous figure in the Republican National convention. A year ago he campaigned in the west with Roosevelt; and now, when he has arranged to retire to private life, he has been appointed to the highest office ever held by any Iowan save Associate Justice Miller and Speaker Henderson. His success is almost without parallel; but the responsibility that will now be thrown upon him will be vastly greater than any he has heretofore borne, and the reputation that he shall gain in this new position will mark his place as a public man.—Nevada Representative.
