Will Leave From Denison to Take His Position as Head Of Treasury.

Word comes from Des Moines that Gov. Shaw will make a visit of several days duration in Denison. Our people had been fearful that they would not have opportunity personally to congratulate the Governor on his new honors.

Mr. Phillip Heise, of Omaha, addressed an audience of about 150 German-Americans at the opera house on Tuesday evening. He spoke fluently in the German tongue.

Messrs. W. H. Armstrong and Geo. A. Richardson went to Sioux City today on business matters.

Inauguration day exercises closed last evening with a brilliant reception by Governor and Mrs. Cummins at the state house.

Washington, Jan. 17.—The senate yesterday for a brief time had under consideration the bill creating a department of commerce and the discussion tended to show that the measure will have to be amended in many particulars before it can receive the approval of the senate.

Harris to be postmaster at Kansas City; William Kessinger, surveyor of customs at the port of Kansas City; Frank D. Roberts, collector of internal revenue for the western district of Missouri; Major William Warner, United States district attorney general for the western district of Missouri.

KING READS HIS SPEECH

English Parliament Assembles With Usual Ceremonies.

INDEFINITE REFERENCE TO WAR.

Speech From the Throne Devoid of Any Special Significance—Von Buelow-Chamberlain Episode Expected to Furnish Lively Debate.

London, Jan. 17.—King Edward opened parliament yesterday with a ceremonial in all essential respects similar to that of February last. The procession to the house of lords was of the same character as that witnessed on the occasion of the first parliament of King Edward's reign, while within the upper house were seen the same pageantry, the same historic dresses and the same revival of ancient forms.

After robing, King Edward and Queen Alexandra entered the house of peers and occupied their thrones; beneath a canopy, with the Prince and Princess of Wales on either side of them. The other members of the royal family were seated on chairs at the foot of the steps leading to the throne.

The gentleman usher of the Black Rod, General Sir Michael Biddulph, having summoned the speaker and the members of the house of commons, his majesty read the speech from the throne.

The speech was not a very important utterance. His majesty referred in terms of gratification to the world tour of the Prince and Princess of Wales, expressed regret at the fact that the war in South Africa was not concluded, said he trusted the decision of the sugar conference would lead to the abandonment of bounties, and noted the conclusion of the isthmian canal treaty.

After the speech had been formally read in the house of commons and the address in reply had been moved and seconded, the liberal leader, Sir Henry Campbell-Bannerman, spoke in general terms against the course of the government in South Africa, urging conciliation in place of brute force. He said the same, to a large measure, was true of Ireland, where the government at present was "foundering between concession and coercion," and urged the adoption of the most liberal program toward Ireland.

Nationalists believe that Colonel Arthur Lynch will attempt to take his seat in the house of commons if he can evade arrest until he reaches Westminster. Among the strong questions to come up in the early days of parliament will be the Chamberlain-Von Buelow quarrel. John Morley will ask whether any evidence can be adduced that the British government refused to take part in any suggested communication of the European powers with respect to the war between the United States and Spain. This question will be the outcome of the recent rumors that it was Russia that prevented European intervention in this war.

Rumor of Peace Negotiations.

London, Jan. 17.—A strong belief prevails in financial circles that negotiations for peace have been reopened between the leading Boers and the British government.

Nothing definite can be ascertained with regard to the alleged peace movement. The Vienna papers declare that the government of the Netherlands has entered into confidential negotiations with the Boer leaders with a view of bringing the war to an end.

Dispatches from Brussels assert that Dr. Leyds, the European representative of the Transvaal, still opposes any negotiations, but that other Boer leaders have been conferring among themselves and with Dr. Kuyper, the Dutch premier, with a view of arranging negotiations. None of these stories has a very solid basis.

Storm Damage at Vienna.

Vienna, Jan. 17.—Over 100 persons were injured, many of them severely, by a great windstorm which swept over Vienna yesterday. Houses were unroofed, chimneys were blown down and the streets were so filled with debris as to seriously impede traffic. People were blown down while on the streets and a number of horses were killed. A freight train was blown off its track and passenger traffic has been tied up.

Howard on Witness Stand.

Frankfort, Ky., Jan. 17.—In the trial of James Howard, charged with complicity in the killing of William Goebel, yesterday, Howard took the stand in his own defense. His defense in the present, as in the former, trial is an alibi. He swore that he was in the Board of Trade hotel when Goebel was shot.

New York, Jan. 17.—The Staats Zetting prints a special dispatch from Berlin which states that Count von Waldersee and his wife will visit America in April. The dispatch says that the trip is made for the field marshal's health.

INDIANS ON A RAMPAGE

Three Hundred Pattawatomes Terrorize Michigan Town.

BESIEGE A BANK AT DOWAGIAC.

Demand Payment for Lake Front Land in Chicago Which is Withheld for Their Guardians and Threaten Violence.

Dowagiac, Mich., Jan. 17.—Three hundred Pattawatome Indians are on a rampage and are besieging Lee Brothers' bank, which they threaten to break open if they are not paid the money they expected to receive yesterday for signing over their claims to lake front land in Chicago. Many of the Indians are armed.

The town marshal has sworn in a number of deputies. All other citizens are keeping indoors, fearing to leave their homes. The Indians came to town yesterday to get \$38,000, which was to be paid them by an agent of a Chicago syndicate, to which they have signed over their power of attorney to act in the lake front land case. The Indians were to have received \$100 each. Just as the agent was about to issue the money an order was received from the probate judge of the county instructing him to make payment only to the guardians of the Indians. The judge feared the Indians would spend the money in saloons, and after becoming intoxicated cause trouble. If any attempt should be made to wreck the bank a serious conflict is sure to follow.

CORNERS OUTLAWS IN CANYON.

Sheriff Wires for Help While Posse Guards the Hiding Place.

Anadarko, O. T., Jan. 17.—A message was received from Sheriff Porter of Garfield county, who is in command of a posse of men hunting the outlaws who killed the sheriff of Caddo county and his deputy, saying that he had the fugitives cornered in a canyon in the mountains about 20 miles south of here and was holding his own from a fortified position. He asked that assistance in the way of ammunition and a large force of men be sent him as hastily as possible. Fifty armed men left as soon as they could complete arrangements.

Wife Murderer Hanged.

Michigan City, Ind., Jan. 17.—John Rinkard, convicted of the murder of his wife at Marion in June, expired his crime on the gallows a few minutes past midnight at the northern Indiana prison. Although the doomed man attempted to preserve the same stoical demeanor that has characterized him since he attempted to take his own life after killing his wife, 18 months ago, he mounted the scaffold with a tread not of the firmest and declined to make a statement. The straps and noose were adjusted, the trap sprung at 12:11 a. m. and in five minutes Rinkard was pronounced dead.

Thieves Rob Show Window.

Cincinnati, Jan. 17.—The show window of William Fink's jewelry store, in Main street, was broken last night and a tray containing 60 diamond rings, valued at \$2,500, was stolen. The robbers escaped after firing several shots at Mr. Fink, who pursued them. Before breaking the window, the robbers carefully fastened the door from the outside by fastening a rope from the door to the awning. Mr. Fink got out only after breaking the rope which held the door fast. The thoroughfare was crowded at the time, but the robbers escaped.

Two Shot in Arkansas Feud.

Van Buren, Ark., Jan. 17.—The feud existing between the Edwards and Bailey families in this county has culminated in the shooting and probable killing of Green Bailey and the wounding of Bailey's son, Green. Bailey, his wife and son were passing the Edwards farm, near Graphic, when, it is claimed, a quarrel arose. Oscar Sherman, who is a member of the Edwards family, shot Green Bailey in the back of the head, inflicting a fatal wound and also shot Bailey's son through the leg. Sherman is under arrest.

Decapitated Body Found.

Rogers, Neb., Jan. 17.—The body of L. G. Garriett, an indentured carpenter of this place, was found near the railroad depot at this place last night shortly after train No. 25 had left the station. The body had been literally beheaded and only fragments of the head and cap could be found. The coroner's jury found Garriett was accidentally run over by the train, exonerating the railroad company.

Central America Storm Swept.

Mobile, Ala., Jan. 17.—Incoming fruit steamers report a very severe storm in Colombia, Costa Rica and all along the Central American coast that began on Jan. 1 and was still raging when the Norwegian steamer Kitty sailed Jan. 9. Heavy rain accompanied the storm and everything was flooded. No loss of life is reported, but great damage to banana plantations was reported.
