Saturday we had the fire alarm without fire and on Thursday the fire without the alarm. The old scale office occupied by Mr. Horton was discovered to be on fire about 10:30. Mr. Frank Leshar was caused considerable expense Wednesday owing to the fact that parties had dammed up the river the previous night and caused the overflow of the ice. Undoubtedly someone not thinking of the damage to be done thought to make better skating dammed up the river. Mr. Leshar had his full force of men down there early Thursday to find the ice covered with water. In another column he offers a reward to any one giving names of the guilty parties.

On Wednesday evening the Hamburger bowling team went down to Carroll and rolled a couple of games of ten pins with the "Don't Kick's" of that place meeting defeat by a number of pins. Captain Tamm also took down a picked team and played against the Carroll first team. The Denison boys were badly defeated in both games. The Carroll boys are good rollers and also royal good fellows, and their alleys are of the very best. The rooms and equipments are the finest we have yet seen. Manager Schoonweber certainly keeps things in ship shape and the alleys are well patronized. After the games the Denison fellows were given a spread which was greatly appreciated by all. A return game will be played at some future date at which time our boys hope to reciprocate.

The Sunday issue of the Des Moines Daily News but furnishes another proof of the malicious jealousy with which an element of population of that city regard Governor Shaw. The news prints a large picture of the poor unfortunate McGregor and devotes several columns to a re-hash of the story with which he has been pestering the people for a number of years. The News story is full of inaccuracies. It speaks of Judge Conner presiding over the court at the time an injunction was sought against McGregor and says that he granted the injunction. At the time mentioned Judge Conner was fulfilling his duties as a member of Congress from the Tenth Iowa district. This is but a sample. The News if it wished to be classed as a reputable newspaper should not publish much truck. Gov. Shaw need of course fear nothing from this harmless drive, but it is surprising that the News could find nothing better for a first page sensation than the largely irresponsible talk of old man McGregor, a man for whom we feel not dislike, but genuine pity.
