### ELECTED PRESIDENT.

#### Dr. Gibson Honored by State Veterinary Convention.

It is with pleasure that we note that Dr. J. I. Gibson has been elected president of the Iowa Veterinary Medical Association. This is a splendid recognition of Dr. Gibson's ability and popularity among his fellow workers. On account of his official position it would not have been strange had personal jealousies existed. We believe that this is the highest kind of an endorsement for Dr. Gibson and that considering the fact, that his candidacy for re-appointment has been endorsed by the leading stockmen of the state and the dairy interests, a majority of the senate and a number of the members of the house and indirectly by the members of his own profession, it will not take Gov. Cummins long to decide that Mr. Gibson is the right man for the place.

### A Manila Capture.

The marshalls here were notified by the authorities of Earling last Friday, to hold a certain individual wanted at that place for jumping his board-bill and stealing an overcoat. The fellow came in on a 'side-door Pullman,' and was easily located and was taken into custody and lodged in the city jail, from which however he escaped but was later recaptured minus the coat, which in the mean time he had concealed. He was taken to Earling the following day by Nightwatch Carothers and Bonstable Buffington where we understand a compromise deal was fixed up, resulting in the prisoner revealing the whereabouts of the coat and being assessed a small fine, which he paid, producing it is said, \$60, carefully concealed in the lining of one of his shoes, from which he took a sum sufficient to liquidate his assessment.—Manilla Times.

### Just So.

The Council Bluffs Nonpareil is reprinting paragraphs from its columns of twenty years ago. One of those reprinted the other day says:

L. M. Shaw, an attorney of Denison and a partner of District Attorney Conner, was in the city on business yesterday. Say, young man, do you see any point in this item? Shaw is now Secretary of the Treasury, and Conner is a member of Congress from this district. That is what intelligent effort coupled with energy and a desire to succeed, will do.—Fr. Dodge Post.

### TO THE SIOUX CITY JOURNAL.

Yes, dear Journal, someone is right and someone is wrong on the Cuban tariff question. The Review would have no criticism to offer if the Journal would confine its discussion to "who's who" without insisting that the other fellow is a traitor and a renegade.

Mr. W. O. Payne of the Nevada Representative is a dear, good fellow, but just at this time he is affected with the re-districting monomania. This is certainly about as bad as the 14-15 puzzle when it once takes a firm hold on a man. Some time ago we met Mr. Payne in Des Moines, his pockets were bulged with maps and he had plans without end at the tip of his tongue. The Legislature will not, however, make any changes. The amusement of making re-districting plans is harmless and we hope Mr. Payne is securing a great amount of pleasure from it.

### Died.

Harvey Crandall was born in Galland's Grove, Shelby county, Ia., and died at the home of his parents Mr. and Mrs. Albert Crandall in Dow City, Sunday evening after a lingering illness of many months, the cause of his death being cancer of the liver. Everything that could be done for him to give him relief was done, but all to no permanent benefit. He was in a hospital at Omaha for some time but they sent him home without giving him the necessary help.

His funeral was preached at the L. D. S. church Tuesday at eleven o'clock a. m. by Elder N. V. Sheldon and the remains interred in the Dow City cemetery. To the bereaved parents and other relatives we extend our sympathy in this trying hour.—Dow City Enterprise.

### PUBLIC SCHOOL NOTES.

[Report of Music by Miss Flora Polster.]

It is indeed interesting to note the increased interest taken by the pupils in this line of their school work. Once each week every grade is visited by the regular music teacher who leaves a plan of work for the coming week to be carried out by the teachers.

In the primary room the children are taught songs by note and most of the time is spent establishing good tones. Before they pass into the second grade they have learned to name and sing the syllables, both by their numeral and letter names and have been taught the "hand-signs" for at least one kind of time.

In the second grade the pupils are taught songs of proper sentiment, to gain their interest and receive a thorough drill in the key of C and have learned the exact difference in all the various kinds of time and how to beat each.

In the third grade pupils take up the First Music Reader where they really first begin to read music. They sing page after page of music written in the easiest key, that of C, where they find examples of all the different kinds of time and they must beat time to every exercise they pass over. Before they leave this grade they have mastered the key of C and have learned the first step of transposition.

By the time grade four is reached they have sung in the key of G and know how a sharp, flat or natural affects a tone, and can write the major scale of C and G marking the half and whole steps as they appear in the scale. Here all the keys of sharps and flats in their order are taught and they are now able to read music in the keys of C, G, D and A.

Pupils in grade five have thorough drill in all the keys and in this grade the First Reader is completed.

The Second Reader is used in grade six and together with the singing of two part music, the difference between major and chromatic scales is taught and they learn to write the chromatic scales in every key.

Grade seven completes chromatic scales and they pass into the eighth grade having completed the work outlined in the Second Reader.

Eighth grade pupils should be able to write all the major and chromatic scales and to sing correctly by syllable in any key. They are taught the relation of major and minor keys and how to write the minor scales. Their work also takes in the careful study of intervals or the exact relation and distance of one tone to another. Three part music is used largely and at the close of their school year they pass into the High School being able to read music in every key and to write every major, minor, and chromatic scale, and are ready for the chorus work and special music preparation of the High School.

### Revival Meetings at Baptist Church.

Evangelist Wells, a chaplain in the late war who has travelled widely and done Mission work in Egypt and Palestine begins special meetings at the Baptist church next Sabbath. Rev. Beville accompanies Mr. Wells and together they promise to be efficient instruments to instruct, inspire and to promote righteousness in the heart, home and community. All are invited to come and worship with us.

### Mrs. Shaw's Success.

The following is taken from the Washington Mirror, the most critical of Washington society papers. It speaks volumes for Mrs. Shaw's success.

Mrs. Shaw, wife of the Secretary of the Treasury, has already scored a triumph. Her reception on Wednesday last at the Arlington Hotel was a most decided success. The attendance was larger than that to any of the other cabinet ladies, with the possible exception of Mrs. Payne, that have taken place this season. It is highly probable, however, that some curiosity was displayed by those who called upon Mrs. Shaw, in wishing to get a glimpse of the lady about whom so much has been written and printed before her coming to Washington. Mrs. Shaw proved equal to the emergency, and was a most agreeable and acceptable hostess.

Mr. T. P. Black was a Denison visitor today.

### BUCK GROVE LETTER

Dr. Carr of Dow City was a caller in town last week.

Mr and Mrs. L. Pankow went to Charter Oak last week to visit friends and relatives before starting for Nebraska.

Mr. Will Lamb of Denison was a caller here last Friday.

Mr. Joe Newman of Nebraska who has been recently married arrived here Friday to visit with relatives.

Mr. Klinker of Denison was a business caller in town Saturday.

Measles are quite the rage at present, among those that have them are Misses Kitty Rice, Maggie Griffin, Mary Ellen Kane and Stanley Pence, T. C. Bonney and Linville's children.

W. S. McVey was a business caller Tuesday.

Bert Heester returned home Saturday from Des Moines where he has been visiting a few weeks.

Mr. Andrew Miller and son Andrew went to Sioux City last Saturday.

Mr. Williams sold the lot his barn is on, his horse and buggy and cow to Sam Sattler. Mr. Williams is going west the first of March.

J. L. Williams and S. M. Thew went to Denison Monday on business.

Mr. Elton Ott expects to start for Washington in a couple of weeks to see the country.

Mr. John Searl of Ute, agent for Dr. Baker's Remedies was in town Monday.

The Misses Emma and Lydia Frey of Coon Grove were callers here Sunday.

Miss Daisy Hain has been out in the country waiting in her cousin who has been sick with the measles.

### Death of Joseph A. Douglas.

Topeka, Kan., Feb. 11.—Joseph A. Douglas was killed last night at his home in London by falling from a load of corn. Mr. Douglas was the witness in the historical Armstrong murder trial in Illinois when William Armstrong was cleared by Abraham Lincoln. Douglas swore at the trial that he saw Young Armstrong strike the fatal blow, saying that the moon was very bright at the time. Mr. Lincoln then produced an old almanac as his only witness, from which he proved that there was no moon on the night in question.

### Taxidermist Fined for Killing Quail.

Waterloo, Ia., Feb. 11.—Harry Fields was fined \$125 and costs by Justice Hildebrandt here yesterday for violating the state game law. Fields killed six quails and the penalty was the maximum of \$50 each. He admitted killing the birds, but as he is a taxidermist in the employ of the State Normal school at Cedar Falls he claimed he had a right to kill them for scientific purposes. Three of the birds were spoiled in mounting, so that the three specimens will cost the school \$44 each if the justice's ruling is not set aside.

### Held Responsible for Tunnel Disaster.

New York, Feb. 11.—The coroner's jury which has been investigating the recent explosion of dynamite in the excavation for the rapid transit tunnel returned a verdict yesterday, holding Ira A. Shaler, the subcontractor; Ernest J. Matheson, who was engineer of the works on the day of the explosion, and M. E. Epps, the colored man who had charge of the powder house, as being jointly responsible for the deaths caused by the explosion.

### Olympia Sails for New York.

Boston, Feb. 11.—The cruiser Olympia left for New York yesterday. She has been at the navy yard for repairs and a few days ago was floated from the dry dock, practically refitted. Captain Henry W. Lyon is in command. The Olympia will assist in the reception of Prince Henry of Prussia and later represent this government at the coronation of King Edward.

### Funston Is Recovering.

Kansas City, Feb. 11.—Dr. Ernest F. Robinson, General Frederick Funston's physician, forwarded to the war department yesterday a certificate in support of an application for a three months' extension of leave of absence for General Funston. The general's leave expires March 10 under the present order. General Funston is recovering rapidly.

### Passenger Train Is Wrecked.

Fremont, O., Feb. 14.—Westbound passenger train No. 405, the Pittsburg and Detroit flyer on the Pennsylvania, struck a broken rail yesterday between Helena and Millersville and left the track. The train, composed of engine, baggage car, smoker, passenger coach and two sleepers, was derailed and several coaches were wrecked. Three persons were seriously injured.

## DOW CITY'S NEW CHURCH.

DEDICATION SERVICES ON SUNDAY, FEBRUARY 23.

### Notable Improvement Testifies to Christian Progress of the People. Program of Services.

The Methodist Episcopal Church at Dow City will reopen and dedicate Feb. 23 at 10:30 a. m. This event will be a great victory and triumph of faith for that heroic society. They have been out of their church since July enduring all the discomforts incident to an unsettled church home. This was mitigated somewhat by the kindness of Mr. Green who gave them the use of his hall and the Free Methodists who put this church building at their disposal. The old building was erected almost twenty five years ago, a plain structure 32 by 50 feet, when the society was young and struggling for existence. It was built by the sacrifice of the people and has been a blessing to the society and the community. Ten years ago an addition was added, but the building was needing repairs and they had outgrown it. Last June they determined to remodel the building. Mr. Sewell prepared a plan. Seldom has an old building been preserved and a more beautiful architectural creation secured. Nothing would, have been gained from the standpoint of utility or beauty had it been entirely rebuilt. An addition was placed on the north and south, vaulting the ceiling both ways in the auditoriums. The spires rises gracefully from the northwest corner mounted on an octagonal belfry surrounded by four turrets all covered by fancy diminutive shingles. The exterior is painted in cream, trimmed with orange and white. The interior presents a very finished appearance. The walls are hard plastered and finished with cementic; the ceiling is sky blue with stenciled borders and panels in light green, light blue, brown and a rose pink scroll. The woodwork is cypress. The floor inclines gently from the pulpit platform to the rear. It is seated with circular pews similar to the Presbyterian church here put in by the same company. The entire building is carpeted with a neat figured heavy ingrain carpet, the gift of the Epworth League. A handsome pulpit has been secured conforming to the neat oak railing and beautifying the place of the sanctuary. All the windows are cathedral stained glass. The large one in the north a memorial to William Rae and Mrs. Mary Pierce presented by their parents, Mr. and Mrs. Thos. Rae. The one in the west was presented by the Priscilla society. The large one in the south is the gift of Mr. and Mrs. H. S. Green. The smaller ones in the auditorium are gifts by the several Sunday School classes, while those in the league room are gifts of the league and memorial windows to May Bell and the Rev. Hugh Linn who organized the League Chapter.

The building is heated by a furnace put in by J. B. Romans and lighted by the Matthews Gas Light also put in by Mr. Romans. The building is modern in style and conveniences increasing the seating capacity and giving comfort and beauty. The entire cost is nearly \$4500. The building committee is composed of Messrs. Thos. Rae, Geo. Rae, Robt. Bell, Morris McHenry, Mrs. Heath and H. S. Green. The entire church and community has entered into the project with earnestness and feel almost surprised that so much could be accomplished. Now they are looking forward to the day of dedication with eager interest. Dr. H. C. Jennings, of Cincinnati, Ohio, will preach in the morning, following which the church will be dedicated. In the afternoon Elder W. C. Franklin, the Presiding Elder, will have charge of a Love Feast and Sacramental Sermon. At 7 o'clock Dr. E. M. Holmes will address the Epworth League which will be followed by a sermon and altar service by Dr. L. K. Billingsly of Jefferson, who will assist in the revival meetings to follow the dedication.

The Dow City church feels especially grateful to Gov. Shaw, Mr. Chas. Tabor, J. B. Romans, Judge Conner and the J. P. Miller Company for financial assistance given, and will be glad to have all their friends with them at this Feast of Dedication and will endeavor to entertain all who are able to attend.

### Cloudburst in California.

San Francisco, Feb. 11.—The town of Dunsuir, Siskiyou county, experienced a cloudburst last night that wrecked six houses and delayed railroad traffic many hours. No fatalities have been reported.

### Immigrant Train Wrecked.

Vanceboro, Me., Feb. 11.—A west-bound immigrant special over the Canadian Pacific railroad was derailed two miles east of Moosehead yesterday afternoon. One boy was killed and 12 other passengers were injured.

### EXPLOSION ADDS TO FIRE.

#### Several Chicago Firemen Injured While Fighting Flames.

Chicago, Feb. 7.—The 'Varsity flat building, situated at the southeast corner of Sixtieth street and Ellis avenue, was completely destroyed by fire last evening, entailing an aggregate loss of \$160,000. The building was four stories high and contained 47 flats, all of which were occupied. All the tenants had ample time to escape, however, and no lives were lost. During the fire an explosion of gasoline in a grocery store located in the building hurled Fireman James Tillman from the fire escape on the second story to the ground, breaking his thigh and injuring him internally. Robert Hartley, another fireman, was thrown from a window in the second story and his head badly cut. He was also badly burned by the explosion. Policeman John Coole, who was in the grocery at the time of the explosion, was thrown down and badly burned about the face.

### LET THE POWDER GET TOO HOT.

#### Two Men Killed and Several Injured by Explosion at Mouth of Mine.

Telluride, Colo., Feb. 7.—Two men are dead and four others seriously injured as the result of an explosion of powder in the powder house at the mouth of the Japan tunnel. The dead: D. R. O'Connell and Alphonso Flareta. Santino Marta, the powder thresher, will lose one and probably both eyes. Marta stepped out of the building for a moment and the powder, becoming heated, exploded, the concussion setting off the entire powder supply, amounting to several hundred pounds. About 400 yards distant was stored tons of dynamite. The door of the building was blown in, but the dynamite was undisturbed.

### Eleven Die in Explosion.

Chicago, Feb. 7.—It is believed 11 is the correct number of people who lost their lives by the explosion of gas in the Trostel butcher shop at 376 Twenty-second street Wednesday night. The bodies, charred past human semblance in the majority of cases, lay at a nearby morgue, while firemen, assisted by laborers, still dug in the ruins on the bare possibility that more bodies might be under the debris. Fire Chief Musham declared his belief that the explosion was that of a pocket of gas.

### Brought Back for Murder.

Muscataine, Ia., Feb. 7.—'Kid' Noble, the murderer of Tom Morgan, is in the county jail in this city, having arrived in custody of Sheriff John Stuart and John Morgan, brother of the man who was murdered in this city on the night of Jan. 21. The party arrived on the Chicago, Rock Island and Pacific from Enid, O. T., where the murderer was apprehended a few days ago by the sheriff of that place.

### Another Explosion in Park Avenue.

New York, Feb. 7.—An explosion of dynamite in the rapid transit subway in Park avenue, between Forty-first and Forty-second streets, yesterday, hurled a piece of rock weighing 30 pounds through the plate glass door of the Grand Union hotel and broke several windows in that establishment. Two persons were hurt by flying fragments.

### Norwegian Vessel Lost.

London, Feb. 7.—The Norwegian bark Adolph, Captain Andersen, which sailed from Hamburg Jan. 21 for Brunswick, Ga., is presumed to have been lost. Five bodies and some letters addressed to the care of Captain Andersen have been washed ashore at Sheerness.

### Burned to Death in His Home.

Marshalltown, Ia., Feb. 7.—James McGerry was burned to death yesterday in a fire that destroyed his home at Evans. Several other members of the family were badly burned.

### SPARKS FROM THE WIRES.

India is threatened with another severe famine. The Northwestern has announced a reduction in freight rates between St. Paul and Huron, S. D.

Hadda Mullah, who was prominent in a former uprising, is preaching a holy war in Afghanistan.

A burglar entered troop G armory at Peoria and stole 40 army revolvers belonging to the government.

Captain Louis Maas, proprietor of the Windsor hotel at Dallas, and well known throughout Texas, is dead.

The carnival of 1902 opened at New Orleans with the pageant of the Knights of Mornus Thursday night.

Three more corpses, probably of sailors lost in the storm, have been recovered on the Long Island coast.

Rolla D. Pierson, postmaster of Louisville, Ill., who is accused of embezzlement, was arrested Thursday in Upton, Cal.

The industrial commission has submitted its final report to congress. It is a document of more than 1,000 printed pages.

Tom Brown, the negro who assaulted Miss Della Powell, was taken from the officers at Nicholasville, Ky., Thursday, and lynched.

It is reported that the Santa Fe railway is negotiating for the purchase of the St. Louis and Hannibal railroad to gain entrance to St. Louis.

A special train bearing 24 members of the Cook County Democracy left Chicago Thursday for Charleston, S. C., where they will be guests of the exposition officials.

### Iowa House Favors Short Session.

Des Moines, Feb. 11.—The house yesterday passed a resolution fixing the date of adjournment at Thursday, March 20.

## BURGLARIZE POST OFFICE

DOW CITY POST OFFICE ENTERED EARLY THIS MORNING.

### Burglars Become Frightened and Leave Before Carrying Out Their Design to Break Safe.

News comes to-day of the burglarious entrance of the post-office at Dow City in the early hours of this morning. This office entered by breaking the large pane of glass in the front door and preparations were made for blowing open the safe in a scientific manner. The cracks in the safe had been carefully scraped and a funnel of soap had been fixed at the top of the safe, evidently for the purpose of pouring nitroglycerine. Mr. Albert Dobej passed in front of the office at about 2 o'clock this morning and heard hammering but did not locate it as being in the office. His passing, however, evidently frightened the burglars as they did not carry out their design on the safe. The cash drawers were rifled of some \$2.00 in change. This was all that was missing. The safe contained \$100 in cash and \$200 in stamps. The burglars left a monkey wrench, a steel bar and other tools which it is thought can be identified as belonging to the gang at work on the second track for the C. & N. W. Prompt measures are being taken for the detection of the criminals, but as yet there is no clue save the tools that were left in the office. This appears to be a very lucky escape as the whole damage will not be more than a few dollars.

Rev. Douglas of Mapleton will conduct Missionary services Sunday morning and evening at the Episcopal church.

Mr. E. C. Chamberlin desires us to announce that he has no intention of leaving Denison. People have misconstrued his name with that of Mr. N. A. Chambers, the Kimball man.

Born on Friday Feb. 14 to Mr. and Mrs. J. D. Sievers a son. John thinks he received the best valentine of the year and we quite agree with him. Here's health, happiness and long life to the young man who has already shown his wisdom in the selection of such excellent parents.

A party of Denison's best young men went hunting Thursday afternoon taking one of Green McAbren's dray teams and bobbed. During the afternoon some 250 shells were exploded resulting in the capturing of two rabbits, a squirrel and a sparrow. A very pleasant feature of the afternoon was a visit at the home of Mr. and Mrs. Thos. Fitzpatrick. This most hospitable couple immediately set to work and prepared an elegant supper, which was heartily appreciated by the hungry hunters.

### CHURCH NEWS.

#### GERMAN LUTHERAN.

Last Sunday afternoon at 2 p. m. the quarantine over the German Lutheran parsonage was released, and its occupants given their liberty, for which they felt quite grateful after five weeks captivity.

Last Sunday, Rev. Aron of Manilla, held services at the Lutheran church.

Lutheran services will be held Feb. 23 at Witt's schoolhouse in Paradise township at 3 p. m. All are cordially invited.
