CHURCH NEWS.

GERMAN LUTHERAN.

Baptized, Feb. 16, in Washington tp, the infant Walter Wm. Lueck, Rev. Lothringer officiating. Witnesses Christ and Minnie Burmeister and Herman Lueck.

Died, 17th inst. of asthma, heart failure and consumption, aged 75 years 3 months and 11 days, widow Caroline Christine Heiden nee Hauer, born Nov. 6 1825, Gloehof, Germany, coming to America in 1862, losing her husband 6 years ago. Relatives 2 sons 2 daughters, many grandchildren, one great grand child. Burial was held at city cemetery, Rev. Lothringer officiating.

Amos Runkle, son of Amos Runkle, now of the soldiers' home, died at Denison last week after a brief illness of pneumonia. It is less than two years since his father spent a few days in Carroll visiting old friends and attended the marriage of his son. The latter was a good printer, being at the time of his death foreman in the office of the DENISON REVIEW. He is spoken of as a young man of highest character and industry.—Carroll Herald.

PUBLIC SCHOOL NOTES.

Among our visitors the past week were Irene Austin, Carrie Staley, Miss Krohl, Ruby Osborn, Anell Wheeler, Bertha Randall and Mr. Foster.

We are glad to note that Gertrude Bradbury is back to school after an absence of several days because of illness.

Arthur Orr has resumed his work with the senior class after having endured the affliction of quarantine for several weeks.

Miss Katie Davis is obliged to be out of school at present because of the ill health of her mother and may not be able to resume her work again this term.

Miss Jennie Austin has been informed that she successfully passed the examination for five year state certificate while at Des Moines during the state teachers' meeting. By this accomplishment Miss Austin proves herself a careful student as well as teacher and places her name among the few in Crawford county that have this recognition.

The entire corps of Dow City teachers spent Thursday visiting the various departments of our schools and were very generous in their appreciation of the work seen. Our schools always welcome such visits from neighboring teachers and do all possible to explain the methods employed and to present the work being done. This is the second corps visiting us recently and we understand that there are to be more visits of this kind from other neighboring towns to inspect the work being done here.

The preliminary declamatory contest was held in the high school assembly room last Wednesday evening. Those contesting were Frank Lally, Alton Thew, Temple Kirkup, Mabel Smith, Mildred Bowen, Hilda Broderson and Garnet Romans. The three places on the final contest were won by Hilda Broderson, Garnet Romans and Mildred Bowen. The three judges were Rev. Bateson, Prof. Core and Attorney Sims. The final contest of orations, essays and declamations will be held at the opera house Feb. 28th. It is expected that this will be one of the best programs ever given here and that the same public interest that has made these contests a success in the past will again be made manifest by the patrons of our schools.

Children of American Revolution.

Washington, Feb. 21.—The annual congress of the Children of the American Revolution convened here yesterday. Mrs. George M. Sternberg of this city, the president, in her annual address, said while the society was in its infancy it already numbers 5,000 and should increase tenfold in the next two years. She paid high tribute to the late President McKinley, whose name she said should be forever associated with that of Washington as one of the greatest presidents of the republic.

GOOD HOTELS ATTRACT TRADE.

Business Men Find Them Paying Investments.

The following clipping appeared in a recent issue of the Ft. Dodge Register: Tuscola, Ill., Feb. 10.—There is now a widespread movement among capitalists of prosperous towns in Illinois, Wisconsin and Indiana, to build hotels to advertise the towns. Recently capitalists of Beloit, Wis., have commenced a movement to erect and maintain a fine hotel in that town. The merchants have taken stock to the amount of \$50,000.

There is now a similar plan to put up a substantial hostelry in Charleston, Ill. It is claimed that \$30,000 will be collected for stock in the enterprise. Within the last few years two new hotels have been built at Tuscola. On a recent occasion, during the regular course of business, every room in both of these hotels was occupied. Such towns as Champaign and Decatur bring hundreds of guests to their respective towns by reason of the hotels they maintain and industrial enterprises have been established as a result. Improvements of this nature are seen in many of the Illinois Central towns, all the way from Chicago to Cairo.

Many of the hotels in the larger towns are drawing heavy business on Sunday because of the class of hotels they operate. This is considered a desirable feature for the business interests of the town. Commercial men from half the states of the union rest over in such towns and get a chance to see what chances are available. The commercial travelers' trade is on the increase. Recently one house in Elgin, Ill., started out six commercial men, and this is an example of what the towns outside of the metropolitan places, are doing in the way of distributing business and demanding hotel accommodations.

It would seem to us that there is something in the above that the Denison Business Men's Association could get a pointer from. Denison hotels are run as well as facilities will permit but our city ought to have at least one hotel that would accommodate the traveling public and in a measure attract them to Denison. Denison is acknowledged to be the best town for business along the Northwestern, but is behind with her hotel facilities. Considered as an investment a new hotel here would be a paying proposition. If the business men of Beloit, Wis. think a good hotel is worth what it costs the citizens of Denison should be willing to provide one, especially as there is really a demand for it.

Shoots Afflicted Girl and Then Attempts Suicide.

Philadelphia, Feb. 21.—Confined to her bed with a badly injured ankle, the result of a fall last week, Miss Gertrude Gohlé, aged 22, was shot dead yesterday by her lover, George Sutton, aged 19 years, who, with his mother, had come to the young woman's home in West Philadelphia to pay a visit. Still standing beside the bed, Sutton sent a bullet into his own breast, but his attempt to end his own life was defeated by hospital physicians, who say he will recover.

PATTERSON DOUBTS TAFT

Accuses the Governor of Misrepresenting Facts.

SENATE TALKS ON PHILIPPINES.

Colorado Senator Charges False Report on Islands—Education of Indians in East Opposed in Vain in House—Carlisle School Retained.

Washington, Feb. 21.—With the exception of a few minutes given to routine business, the senate devoted its entire session to the Philippine question. Patterson (Colo.), one of the minority members of the Philippines commission, delivered his first extended speech in the senate and was given a most attentive and careful hearing. He discussed principally the seditious laws enacted by the Philippines commission, vigorously attacking the authority of the commission to enact and enforce such laws. He maintained that congress alone had the power to put in force enactments of that character. He compared information furnished by the executive departments of the government with some of the statements of Governor Taft in his testimony before the Philippines commission with respect to the capabilities of the Filipinos, and declared, with some heat, his belief that Governor Taft misrepresented the true situation in the islands for motives unknown. He asserted that if the 6,000,000 Christians in the Philippines were Protestant Christians, the cruelties practiced on them by the American authorities would have to stop, as no member of congress would be able to withstand the wrath of the Methodists, Baptists and Presbyterians of this country.

Nelson (Minn.) presented a legal and constitutional argument in support of this government's action in the Philippine archipelago and sharply criticized Patterson for injecting into the controversy the question of sectarianism. McCumber (N. D.) urged that congress should not bind the future now by a declaration of a definite policy regarding the Philippines.

Indian Bill in House.

Washington, Feb. 21.—The house spent the day working on the Indian appropriation bill. Forty-two of the 62 pages were disposed of. Several amendments were adopted, but none of much importance. Smith (A. T.) offered an amendment to strike out the appropriation for the Carlisle school, and it became the text for a general onslaught on the practice of educating Indians in eastern schools. His amendment was defeated. Just before the close of the session Fitzgerald (N. Y.) made an attack upon the superintendent of the school at Mount Pleasant, Mich., who, he said, was charged with permitting the debauching of Indian girls. Sherman, chairman of the Indian committee, promised to make an investigation at the Indian office.

SICKNESS DUE TO EXPOSURE.

American Soldiers in the Philippines Fail to Observe Sanitary Rules.

Washington, Feb. 21.—Governor Taft continued to discuss the climatic conditions in the Philippines yesterday before the senate Philippine committee. Reverting to what he had said concerning the health of the American troops in the Philippines, Governor Taft said that much of the sickness which does exist was due to exposure and he incidentally made an appeal for liberal appropriations for the construction of barracks for the protection of officers and men. The witness thought the high death rate of troops in the Philippines was not due to the guerrilla warfare, saying that it was impossible to get soldiers to observe the laws of hygiene. His experience, Governor Taft said, was that the greatest danger in the matter of health in the Philippines is found in the neglect of symptoms which are not generally regarded as of importance in the United States.

He knew, he said, of Europeans who had spent 30 or 40 years in the islands and who are in good health.

Hamburg, Ia., Feb. 21.—Mrs. Ellen Hatton, wife of Milton Hatton, committed suicide yesterday by shooting herself in the mouth with a revolver.

The bullet lodged in her brain. The cause of the suicide is unknown, but is supposed to have been influenced by family troubles.

TROOPS FIRE ON RIOTERS

Five Hundred Shot Down in Streets of Barcelona.

ARTILLERY BROUGHT INTO USE.

Infantry and Cavalry Defend Dangerous Points and Cannon Sweep Plaza. Fighting Occurs at Other Points in Spain.

London, Feb. 21.—A message to the Exchange Telegraph company from Barcelona, via Perpignan, France, says a fierce battle has been fought between the troops and the rioters in the suburb of Barcelona known as Sano. Before the engagement, the cavalry and infantry had been posted in the most dangerous points and a field battery had been located on the plaza, from which vantage point the guns could sweep the surrounding streets. When the final clash with the troops occurred, continues the dispatch, the artillery was brought into action and raked street after street. The rioters engaged the batteries at close range, but were driven off. It is reported that 500 persons were killed and wounded on both sides. The entire neighborhood was wrecked by the shells. The ruins caught fire and this completed the destruction. Further fighting is reported at Mataro, 15 miles from Barcelona, where a quantity of arms have been discovered. Fighting is also reported at Tortosa and Tarragona, respectively 100 and 50 miles southwest of Barcelona.

Madrid, Feb. 21.—According to telegrams received here from Barcelona, street fighting there continues. The battleship Pelayo has been ordered to Barcelona.

Premier Sagasta is preparing a decree establishing martial law throughout Spain.

A pitched battle occurred in the outskirts of the city between the strikers and the military escort attached to several wagons that were bringing in provisions. The contents of the wagons were taken and barricades were built across the road. The rails were torn up and the strikers prevented from entering the city.

The government declines to publish figures of the casualties in the riots of Tuesday and Wednesday. It is inferred from private information received here that 40 persons were killed and 200 wounded during the encounters of those days and that 500 arrests have been made. All persons who were slightly wounded were concealed by their friends in order to avoid prosecution.

The papers report many persons killed and wounded during Thursday's conflicts at Barcelona. The Herald says that the captain general of Catalonia has asked for more troops, as the rioters are getting out of hand.

It transpires that last Sunday several workmen's meetings were held in Barcelona. The principal meeting was held at the Corco Espanol and was attended by 5,000 persons. Teresa Charamont, the notorious agitator, Bonifalla, and other anarchists made violent speeches at this meeting for a general strike. The idea was instantly adopted and the intervention of the government agents, who always attend such meetings was openly spurned.

Judge Conner has been successful in

securing a pension for Mrs. Hannah Bohan whose husband died over two years ago. Timothy Bohan was an old resident of Arcadia township and for many years before his death was an invalid. After he died steps were taken to get a pension for his widow, but it seemed impossible to secure the chain of evidence required by the department. Everything was shown up with the exception of one thing, namely, that he had not been married before. As a matter of fact, he had not; but to prove the negative of the matter was impossible. Inquiries to every known source proved unavailing. For that discrepancy alone the claim was twice turned down. Recently the editor of this paper wrote Congressman Conner a full statement of the case and asked him to take it up. This he did and with his well known judicial skill analyzed the evidence before the bureau and convinced the department that it was ample to justify the claim. His views prevailed and the result is, the widow gets two years back pension and an allowance of \$3 a month. Judge Conner is entitled to the full credit of securing the claim.—Carroll Herald.

TELLS OF PLOT TO KILL RICE

Jones Says He and Patrick are the Murderers.

DRAMATIC SCENE IN COURTROOM

Valet and Clerk of Texas Millionaire Relates Details of the Plan and Execution of Crime—Says Chloroform Was Used.

New York, Feb. 21.—A very dramatic point in the trial of Lawyer Albert T. Patrick, for the murder of the Texas millionaire, William Marsh Rice, was reached yesterday afternoon. Charles F. Jones, the valet, had been relating the circumstances leading up to the somewhat sudden death of Rice in September. Then plunging at once into details, he held the attention of his audience to the end of his recital. Freed of minor points his story follows:

In August, Patrick grew impatient. Mr. Rice, though an invalid, was living too long to suit the lawyer's purpose. Patrick said he would come to the house and kill him himself, if necessary. He suggested chloroform. Jones got a two-ounce vial of it by writing to his brother in Texas. Jones then branched off into the alleged plan to weaken the already sick old man. This was by giving him mercury and iron pills. The pills brought on debilitating diarrhea.

William Marsh Rice's quick death, declared the witness, was decided on at a conference between Patrick and Jones held Saturday. Jones had told the lawyer of the arrival of a draft of \$25,000. Patrick told him it was time to apply the chloroform, now that the draft had come. Jones agreed.

Jones here told his story of the actual killing. He made a cone of a towel, in the small end of which was a chloroform-soaked sponge. Creeping into the room where Mr. Rice lay sleeping, he quickly covered the sleeper's face with the large end of the cone. Jones rushed out of the room. In half an hour he came back.

Patrick told the jury that Jones was the one who said "Mr. Rice is very ill," the agreed signal between the two of Rice's death. Jones' story of the end was concluded by the statement that Patrick came to the house and removed all of Mr. Rice's papers.

St. Joseph, Mo., Feb. 21.—John Beemer, a wealthy farmer and stockman, was murdered and his body thrown on the Burlington railway track, 12 miles south of this city, yesterday. It was found frightfully mangled after a train passed along. The murderer escaped.

Court News.

Court has been steadily grinding since our last issue. Divorce cases have been holding the boards the past few days.

Nancy Ocean was granted a divorce from her husband, F. J. Ocean on the grounds of cruel and inhuman treatment.

James M. Varmer was also granted a divorce from Mary E. Varmer, as was Neilson vs Neilson.

The case of Wm. Stresless for \$10,000 damages against Geo. Neddermeyer was discontinued. And the case of Mundt against Meyer for a like amount was dismissed.

Flora Ealewein sues Jurgen Schrodler for \$9,000 for selling liquor to her husband. This case is now on and we have not heard the outcome.

Tomorrow being a holiday court will adjourn tonight until Monday. The following is the assignment for next week:

- Monday—State of Iowa vs. Dawes. State vs. Jackson. State vs. Smith. State vs. Hal Butler. Tuesday—State vs. Lentz. Wednesday—State vs. Stewart and Brown. Wednesday—McCullough vs. McCullough. Thursday—McCullough vs. McCullough. Thursday—Farrelly vs. Bauman Friday—McCullough vs. McCullough Saturday—Hansen vs. Hansen. McCormick Harvesting Co. vs. Erickson.
