### TWO TOES SEVERED.

Hans Christiansen Meets With a Bad Accident While Sharpening a Plow Shovel.

Last Wednesday Mr. Hans Christiansen met with a terrible accident while at work in Scott Wheeler's blacksmith shop. He was sharpening a plow shovel on the emery wheel when the shovel slipped from his hand and was drawn downward by the wheel. The point of the shovel went through his foot just above the toes, severing two of them. He was immediately taken to Schlumberger's drug store and the foot dressed. The accident was most unfortunate, as Mr. Christiansen is a hard working man, and a valuable assistant to Mr. Wheeler, and he will now be laid up for a long time. Just how the shovel happened to slip is not known, unless he was putting extra strength on it and it got beyond his control. We trust he will soon recover and that the injured member will not keep him from work.

Mr. McCloy has made an ideal agent here and by his manliness and courteous treatment of the public has woven around him a friendship that can never be broken. Both Mr. and Mrs. McCloy are very estimable people and the citizens of Denison will always find them so. Mr. McCloy will assume charge of his new station the latter part of this or the first of next week. He will be succeeded here by Mr. A. E. Foster, of Williams, Iowa.—Dunlap Reporter.

Agent W. E. McCloy of the Illinois Central received word Sunday that he is to be transferred to Denison. This is in the nature of a promotion as the Denison station carries a larger salary with it. Dunlap people are glad that Mr. McCloy's services have received recognition, but they deeply regret his removal from Dunlap. He and his estimable wife have made many friends in Dunlap and they will be greatly missed in more circles than one. We wish them continued good fortune.—Dunlap Herald.
