CROP BULLETIN.

For week ending July 28, 1902, Des Moines, Iowa: Four or five days of fairly good weather during the past week were well improved in harvesting hay and grain, wherever the fields were sufficiently dry. The heaviest rainfall occurred in portions of the northeast and north central districts where much hay has been spoiled or badly injured. Generally, however, good progress has been made in cutting the well matured and overripe crops. The percentage of total loss of oats is heavy in extensive areas of the state, but the high average yield on the drier lands may afford partial compensation if future conditions are favorable. The early threshing reports show liberal yield of winter wheat and oats in the southern section. In all districts the reports indicate a promising condition of corn in well tilled upland fields. The condition of spring wheat is best in the section where the acreage is largest. Potatoes show a tendency to rot in very wet soil, but the crop bids fair to break all records of recent years. The apple crop, though light, is likely to be much better than last year. Illinois Central Excursion Rates. FARE AND ONE-THIRD ON CERTIFICATE PLAN. Since that time his wife had treated him with indifference, which maddened him, especially since her parents encouraged her attentions to Knuckles.

New York, July 25.—A special dispatch from London to an afternoon paper says that Putnam Bradlee Strong arrived at Southampton yesterday on the St. Paul, sailing under an assumed name. May Yohe, who was formerly the wife of Lord Francis Hope, sailed for Europe yesterday on the Fuerst Bismarck.

Flood Ravage in Texas.

Big Springs, Tex., July 25.—Ten inches of rain has fallen in this vicinity within the past few days. The streets of Big Springs have been inundated and train service on the Texas and Pacific has been suspended. No lives have been lost, but many narrow escapes are reported. At present it is impossible to estimate the damage, but it will be enormous with the railroads the heaviest losers. The track for several miles was washed away and it probably will be ten days before the company will get a train through from the west. The water bound passengers are being taken care of by the company. The irrigated farms below this place have been ruined.

No Concerted Move Against Hender.

Sioux City, July 25.—There is no concerted action on the part of the National Millers' Federation to defeat Speaker D. B. Henderson in his race for re-election to congress. The positive statement made by H. S. Kennedy, secretary of the National Millers' Federation yesterday, "Whatever the millers feel individually about the matter, there is no concerted movement on the part of the national federation to get the speaker's scalp."

SHEEPMEN LOSE THEIR FLOCKS.

Wanton Destruction of Herds in Wyoming by Lawless Cattlemen. Lander, Wyo., July 25.—It is learned that in addition to killing a Mexican sheep herder named Sam Galaxes and slaughtering several thousand sheep a band of 150 masked men has surrounded all the sheep camps and forced the sheepmen to abandon their flocks. After killing one herd of 2,000 sheep twenty-five other herds amounting to about 65,000 sheep were driven into the mountains and left to shift for themselves. The sheepmen have been threatened with instant death if they go after their flocks. The sheep are now the prey of wild animals and the loss will be very heavy. The scene of the lawlessness is 115 miles west of Lander, in Fremont county. The militia may be called out to protect the sheepmen.

ENGLISHMAN AND TURK.

How the Former Obtained Some Cash Owed by the Latter. An Englishman has just had a very curious experience, says the London Telegraph. He had lent a Turk some money, but the man was unable to pay and on his deathbed laid a particular charge on his wife and children to meet the debt. The eldest son was making arrangements accordingly, but also died, and he, too, begged his family to pay the money as soon as they could. One day the Englishman received a visit from a member of the family, who said that there were now four members of it left, and they were ready to pay, but one of the daughters refused to subscribe her share, declaring that the money was never really lent. The others, however, wished to settle the matter, and if the Englishman would come to the house it would be arranged. "But," the Turk added, "if you see there is any difficulty just say that you leave it to be settled in the next world!" Accordingly the Englishman went to the house at the appointed time and met the family in the presence of a mollah, the ladies being behind a screen. The mollah began by asking if he had truly lent the money, how much it was and if he would take any less. One of the women behind kept saying it was all a fraud. The Englishman then declared that he had lent the money, that he had not asked for it, that they had told him to come and get it and if they did not want to pay it he would leave the matter to be settled in the next world. There was dead silence for a few moments, and then the women called their brother, and each paid her share without a word. It seems the prospect of meeting the father in the other world without having carried out his wishes was too serious a thing to face.

THE COOKBOOK.

In baking bread it is better to overdo rather than underdo the work. To make a good digestible pie crust use cream instead of lard, and it will be light and healthful. If there is not batter enough to fill the gem pan, put cold water in the empty space before setting the pan in the oven. The rich cheeses, which have the largest percentage of fat, are those which blend well with bread in sandwiches or with macaroni or rice. For a quick cake beat until thick four eggs. Add four tablespoonsful of sugar, half a cup of flour, a little cinnamon and lemon rind. Beat well and spread on a baking pan. Bake in quick oven and cut at once. Sweet potatoes are much richer twice cooked. Baked or boiled merely, this vegetable is good, but when the baking or boiling is followed by a subsequent cooking in the pan or in the oven they are far better. A fine cheese pudding is made by grating five ounces of bread and three of cheese. Warm two ounces of butter in a quarter of a pint of fresh milk and mix thoroughly. Add two well beaten eggs, salt and bake half an hour.
