SIXTEEN CONVICTS ESCAPE

Inmates of Tennessee Penitentiary Use Dynamite.

BLOW OUT THE PRISON WALL.

Train Robber Hyatt Heads Band in Dash for Liberty. One of the Escaping Party is Killed and Two Others Recaptured.

Nashville, Aug. 5.—Armed with dynamite, with which to blow his way out of prison, Louis Hyatt, the train robber and desperado, last night led a desperate band of sixteen convicts to liberty from the Tennessee penitentiary. Fifteen of the escaping party got entirely clear of the premises, but one, Ed Carney, a safe blower sent up from Nashville, paid the penalty of death in the bold undertaking. Joe Loss and James Work were traced down by bloodhounds and captured, but the rest of the prisoners had gotten so far out of bounds by midnight that no trace of them could be had. The prisoners were evidently furnished dynamite from the outside, and used it in blowing an opening in the main wing of the prison. Hyatt stood off the inside guard with a brace of revolvers which had been furnished from the outside, while the men preceded him to liberty. The dynamite was said by Doe, the Manchester train robber, and he made good his escape. Six of the prisoners who got away were government convicts, and the others were state convicts. Prisons with bloodhounds are in pursuit.

LASH FARMER WITH WHIP.

Taken From Home by a Mob, Tied to a Tree and Severely Beaten.

Owensboro, Ky., Aug. 5.—William Dodwell, a farmer living near Yelvington, was taken from his home at midnight, bound to a tree and beaten with a blacksnake whip until he was almost unconscious from loss of blood. Over seventy-five lashes were administered. The bark was torn from the tree where the ropes which bound the unfortunate man touched it and the whip left marks on his back. Dodwell's wife and daughter attempted to go to his rescue, but were prevented by the members of the mob. The cause for the whipping is not known.

TO DYNAMITE OPERA HOUSE.

Attempt Made to Destroy Theater at Richfield, Utah, Proves Failure.

Richfield, Utah, Aug. 5.—An attempt was made last night to destroy the Carlsens opera house with dynamite. Peter Christensen, owner of the building, happened to enter the theater late in the evening and noticed the odor of coal oil, and a heavy search resulted in the discovery of a burning fuse leading to a keg of giant powder in the midst of a large pile of oil-soaked paper.

Body of Murdered Man Found.

Devil's Lake, N. D., Aug. 5.—The body of Nick Nachschheim, an old bachelor, who lived alone, was found in the cellar of his cottage. The body was severed from his shoulders and there was a bullet hole in the crown. As the body was in a bad state of decomposition it is evident the crime was committed several days ago and the absence of blood stains shows that the man was killed outside and his body placed in the cellar. The tragedy is shrouded in mystery and the only motive apparent is robbery.

Innocent Man in Prison.

Denver, Aug. 5.—On his death bed William Thompson of Vilas, Baca county, has confessed that he killed his son, Benjamin, aged thirteen, and that the confession was made while he was convicted of having murdered the boy and is serving a sentence of ten to twenty years in the penitentiary. He is entirely innocent. A petition for Nicholson's pardon was filed with the state board of pardons today.

Couple Found Dead in Bed.

Arkansas City, Kan., Aug. 5.—The bodies of John W. Kirby and wife were found in bed yesterday at their home, three miles north of Burgen, a settlement in the northeastern part of Cowley county. Each had a bullet hole through the head and a revolver, with two empty chambers, was lying on the breast of Kirby. They lived alone on a farm. All indications point to suicide.

Fort Benton, Mont., Aug. 5.—In a quarrel over a card game John Allen, a sheep herder, shot and probably fatally wounded John Reavis in the office of the Overland hotel at this place. Before Reavis fell he knocked Allen down, took his gun away from him and beat his head to a jelly with the butt of it. Allen's skull is crushed in and it is likely that he will also die.

Drowned in Skunk River.

Ostalossa, Ia., Aug. 5.—O. G. Cromer, thought to have resided at Batesville, Ark., was drowned in Skunk river, northeast of Fremont, while bathing. The body is held at Fremont unclaimed.

TO SEARCH FOR BOYACA

Cruiser Ranger Will Try to Locate Missing Gunboat.

FIGHTING YET AT AGUA DULCE.

Details of Engagement Not Expected Until Boat Returns to Panama From Scene of Conflict—Reported Defeat of Rebels Not Confirmed.

Panama, Aug. 5.—Telegraphic communication with San Carlos was established yesterday and General Salazar received a telegram from there saying that some officers belonging to the revolutionary forces had passed the town in flight. They reported the defeat of the revolutionists at Agua Dulce. This news has not been confirmed and details are further in the future are awaited. The United States cruiser Ranger is on the coast for the purpose of bringing wounded back to Panama. Definite news of the engagement is expected when she returns. The government gunboat Boyaca, which is missing, left here Tuesday with reinforcements for General Berri. She was attacked by the revolutionary fleet and obliged to retreat. Since that time nothing has been heard of the Boyaca, but being faster than the revolutionary gunboats Padilla she is believed to have escaped. The Boyaca's rudder was recently found to be in bad order and the repairs made to it were conducted rapidly and not very thoroughly. United States Consul General Gudgeon and Captain Potter of the Ranger have sent telegrams to Washington, asking permission for humanity's sake to search for the gunboat, which was granted by the navy department and the Ranger authorized to proceed on this mission.

Washington, Aug. 5.—A dispatch received at the Colombian legation from Governor Salazar of the department of Panama reports that the fighting between the government troops and the revolutionists at Agua Dulce still continues. The battle has now raged since last Tuesday.

DEFEAT BAND OF FANATICS.

Police Force of Five Towns in Philippines Engage in Fierce Battle.

Manila, Aug. 5.—Governor Bandolitz of Tayabas province has telegraphed Acting Governor Wright that the combined police force of five towns attacked and defeated a fanatical Filipino society. Many of Rios' followers were killed or wounded, but only a few of the police were hurt. The fight occurred near Antimonan. General Davis has arrived here from Mindanao and has had an extended conference with General Chaffee on the Moro situation.

Mission of Boer Leaders.

London, Aug. 5.—The correspondent of the Daily Mail at The Hague says in a dispatch that it is becoming increasingly difficult to combat the generally accepted Dutch theory that the Boer leaders were are campaigning toward the ultimate subversion of British rule in South Africa. The Boer General Lucas Meyer, who has just reached Holland from London, instead of going to Germany, has stopped at The Hague and is going to visit Mr. Kruger, while several other prominent Boer leaders are assembling here. Nobody believes their story that their mission is to collect funds for Boer widows.

Admiral Taylor Denies Story.

Chicago, Aug. 5.—Rear Admiral Taylor denies the story wired from Washington to the effect that he believes the United States and Germany may go to war in 1907. When asked if he had set a date for conflict between the two countries, he said: "Such assertions as have been credited to me are without foundation, other than that I have said our seacoast defenses should be well protected against attack by any European power. All naval officers are of this opinion. It would be ridiculous for me to predict a war with any nation. Our navy should be strengthened, in readiness for any possible war."

Robbers Fail to Stop Train.

Everett, Wash., Aug. 5.—The Great Northern eastbound overland train was set upon by a gang near Edmunds, presumably for the purpose of holding it up. Several volleys were fired from the darkness, crashing through the windows of a passenger sleeper and a dining car. A cook received a slight flesh wound in the forehead. The train was not stopped.

Dynamite Kills Fisherman.

Clinton, Ia., Aug. 5.—Arb McDonald dropped a stick of dynamite from a boat into the Maquoketa river for the purpose of killing fish. The dynamite exploded directly under the boat and McDonald was blown to atoms. John Ralston and Peter McCabe, who were in the boat with McDonald, had narrow escapes. They will be tried for violating the game laws.

WILL REDUCE GRAIN RATES

Result of Conference Between J. J. Hill and Farmers.

HUNDREDS ATTEND MEETING.

Old-Fashioned Country Dinner is Held at Davenport, Washington—Railway Presidents Enter Heartily Into Spirit of the Occasion.

Spokane, Wash., Aug. 5.—Grain rates will be reduced from all points in eastern Washington and the reduction will take place in time to benefit the farmers on this year's crop. The amount of reduction is not yet determined but conjecture runs from 1 to 2 cents per bushel. The Great Northern and the Central Washington branch of the Northern Pacific will be connected by a cross road. As a result of this arrangement the Northern Pacific will cease hauling grain eastward to Spokane and thence westward to the coast and will move its share of the tonnage to the terminus of the Central Washington branch. There it will be taken by the Great Northern and carried to Seattle. Instead of to Tacoma, as heretofore. These announcements were made by President Mellen of the Northern Pacific at Davenport yesterday.

Hill Enjoys Himself.

The occasion was unique in the history of American railroading. Three railway presidents, in response to a petition from the leading farmers of the Great Northern county, had assembled at the county seat of Lincoln county to hear their case, plead their own interests and tender argument. They were James J. Hill, president of the Great Northern and Northern Securities company; President C. S. Mellen of the Northern Pacific and President A. L. Mohler of the Oregon Railroad and Navigation line of the Maritime system. With them were a group of local farmers. The farmers' addresses were delivered by the three presidents. Then adjournment was taken to the armory, where an old-fashioned country dinner was served to the railway guests and visitors from the surrounding country. The presidents entered heartily into the spirit of the occasion. Mr. Hill deposited his hat under his chair, remarked that he had not enjoyed himself so thoroughly in many a day and rubbed elbows with a wheat grower from the Egypt country and another from the Cedar Canyon camp.

After dinner hundreds of people gathered around the railway presidents, shaking hands and listening to spirited discussions. Mr. Hill talked farming and stock raising. Mr. Mellen elaborated on his previous announcement and Mr. Mohler spoke of the transportation plans of the Maritime roads.

Hundreds Listen to Discussion.

All this was preliminary to the real conference of the day. Various counties and districts had sent delegates to the convention, and after dinner these delegates reassembled in the convention hall and through their spokesmen laid their wishes before the railway presidents. The spectacle was impressive. The large hall was packed to the doors and scores of farmers, fruit growers and miners stood in the aisles. Many sat on the carpeted floor. Earnestness was stamped upon their features and earnestness ran through all their speeches. Mr. Hill was the only president speaking at this conference. He answered many questions from time to time, offered numerous voluntary explanations of matters that seemed all wrong to the farmers and repeatedly asked the farmers to speak out their minds. The entire proceedings were characterized by good spirit and there was much good nature in the badinage. "I am getting to be an old man," remarked Mr. Hill. "I have not many years to live. If I accomplish all I have set out to do, things must move with celerity."

Women in a Fierce Fight.

Clearfield, Ia., Aug. 5.—Carl Pelgier, a tenant, quarreled yesterday with his landlord, Ulrich Bastoe, on the farm one mile north of this place, over the division of the wheat crop. The wives of the men were present during the quarrel. In the fight which followed Mrs. Pelgier grabbed a hoe and struck Mrs. Bastoe a violent blow on the head, cutting a deep gash. She will die.

Kaiser Goes to Russia.

Kiel, Aug. 5.—The imperial yacht Hohenzollern, with Emperor William on board, sailed yesterday for Reval, Russia, where his majesty is going to pay a visit to the czar on the occasion of the Russian naval maneuvers.

Electrical Storm at Keokuk.

Keokuk, Ia., Aug. 5.—An electrical storm, lasting twelve hours, struck a dozen houses in this city and a number of barns in this county. The losses are large in the aggregate. It was the hardest storm this city had for years.
