Pleasant Journey Ended.

Mr. George Naeve and family have just returned from a delightful two months trip through the wonderful country of the western coast. George is again at the bank working with all the vigor that has made him a power in Denison's financial circles, but he has with him many happy recollections of the beautiful scenery of the mountains and the lakes of the beautiful west. Leaving Denison in the early days of June, the Naeve party first journeyed to Denver and Colorado Springs, they visited relatives in Cripple Creek and from thence proceeded on their journey to Salt Lake City. After a few days spent in the Mormon capital they left for Portland and the thriving cities of the coast. Perhaps their happiest time was spent at Lake Chelan in western Washington where the snow-capped Cascade mountains rise majestically out of the crystal depths of the glacier fed lake. Afterward the wonders of Yellowstone Park charmed the tourists and then they returned into the work-a-day world of home. They saw many Denison people during their journey and report them all well and prosperous. Mr. Naeve had certainly earned his vacation and we are glad that he enjoyed it to the uttermost.
