PYTHIANS OWN 'FRISCO.

Gold Laced Knights Take Possession of the City.

San Francisco, Aug. 12.—San Francisco was turned over to the Knights of Pythias today, and gold lace and uniforms have taken possession of the city. Fully 6,000 visitors and 1,000 Knights of the Uniformed Rank reached the Golden Gate yesterday, many of them having traveled over 8,000 miles.

General Carnahan stated that, considering the distance most of the Pythians must cover to reach the western camp and the time consumed, the present conclave would be the most remarkable in Pythian annals.

In a large vacant lot at Twelfth and Market streets 600 tents have been pitched and a model military camp established by the Uniformed Rank.

The first formal exercises in connection with the conclave were held yesterday afternoon, when an exhibit of the products of the various counties of California was opened in the Union Ferry building. Mayor Schmitz extended the hospitality of the city to the visitors. A felicitous response was made by Major General J. R. Carnahan of the Pythian order.

At 5 p. m. the military camp was formally turned over to Supreme Chancellor Ogden H. Fethers, who at once placed General Carnahan in command. The American flag was then unfurled and the duties of camp life begun. Early in the evening the commanding officers of brigades and regiments assembled at the headquarters of Major General Carnahan, at the pavilion, to receive orders and instructions for the general parade.

Later there was a reception in the pavilion, which was attended by thousands of knights and citizens. When darkness had fairly settled over the city the elaborate electric decorations were revealed for the first time in their full beauty. Never before has San Francisco presented so gorgeous a spectacle and words failed to express the admiration of the city's guests. Today the grand lodge will begin its sessions in an elaborate council chamber, which has been arranged for the occasion at the Palace hotel.
