Crawford County State Bank

DENISON, IOWA.

The Best Security for Depositors. Farm Loans at Five Per Cent Interest.

This Bank is incorporated under the laws of the State of Iowa. This gives the best security to all depositors, not only to the amount of stock, but the personal property of each share holder is held to the amount of his share for any loss to the bank. Incorporated banks are under the control of the State Auditor, who can at any time examine the business, and according to his investigation the published statements are made. Depositors in an incorporated bank have more security than the confidence imposed in the offices. They have the best security, because the capital stock can not be used at pleasure for outside speculation and investment. The Crawford County State Bank is the best incorporated banking institution in the County. A general banking business done.

TWO DEAD; THREE DYING

Result of Man Attempting to Light Fire With Kerosene.

ANOTHER FEARFULLY BURNED.

Rescuer Carries Four of the Helpless Sufferers Out of Burning Building at Gering, Neb., Three of Whom Will Probably Die.

Gering, Neb., Aug. 19.—Two persons dead, three more at the point of death, a sixth fearfully burned, and a residence in ashes, is the result of the lighting of a fire with kerosene here yesterday. C. N. McComsey, whose wife had been ill for several days, was attempting to start a fire in a wood stove, when the oil exploded, setting fire to his clothing and throwing the burning fluid all over the room. He was fearfully burned and ran screaming out of the house. Before help could arrive the fire had also burned his helpless wife, a baby only a few days old, their two-year-old son, and the two little daughters of Luther A. Cook, a neighbor, who were playing with the McComsey boy. County Treasurer Edward J. Whipple, who was attracted by McComsey's cries, was the first to arrive, and although the house was a mass of flames, rushed in and carried out the burning woman and three of the children. The fourth child had in some way escaped. All of them were frightfully burned. McComsey lingered in agony for several hours, when he died, and the little baby is also dead. The death of Mrs. Comsey and the two Cook children is momentarily expected.

IOWA AGAIN STORM SWEEPED.

Lightning, Wind and Rain Work Havoc Near Keokuk.

Keokuk, Ia., Aug. 19.—This city was almost cut off by telegraphic and telephonic communication yesterday. A second storm of wind, rain and lightning worked havoc over the country around here.

A score of towns in Hancock and adjoining counties in Illinois were hard hit and about 100 farm houses and barns struck by lightning. The city hall of Carthage was struck.

Torrents poured down the streams east of here, washing out bridges, culverts and telegraph poles and delaying and stopping trains on the Burlington, Wabash and Toledo, Peoria and Western roads. The total damage will be great.

The center of the storm seemed to be at Nauvoo, Ill., and the old Mormon town was almost panic stricken, as it became black as night in the middle of the afternoon. The large grape industry is badly damaged and corn flattened to the ground by wind and torrents of water.

The storm was as severe on the Iowa side of the Mississippi river. Fort Madison had smoke stacks and trees blown down in the city. Farmington had a hard storm. Lightning, wind and heavy rain damaged crops and farm buildings throughout Lee county and the path of damage extended into adjoining counties.

The Des Moines river, which recently flooded its entire valley, is again rising fast, and is already one foot over the bottom lands above here.

Disorders in France.

Brest, France, Aug. 19.—Violent scenes attended the closing of the unauthorized schools and the expulsion of the sisters at Folgoet and Saint Meen. After being repulsed at the garden wall of the school at Ploudaniel, the commissaries decided to await reinforcements. In the meantime, Senator Pichon and Counsellor General Soubigou persuaded the defenders of the school to open the door. After this had been done the sisters walked to the church and were given an ovation by the crowd. The commissaries entered the school and made an inventory of the property. They then sealed the doors. In the course of the rioting two gendarmes were slightly injured. The leading inhabitants of Ploudaniel have taken the expelled sisters to their homes.

Farmer Shoots Intruders.

Guthrie, Okla., Aug. 19.—A special from Heaston, an isolated town in Canadian county, says that Charles Berlow, who came recently to that vicinity from Illinois, was shot and instantly killed in a desperate four-handed duel and Rodney Sipes seriously wounded. The shots are said to have been fired by Elisha P. Barker, a farmer. The trouble arose over threshing machine crews using water from Barker's well.

Power Returns to New York.

Montreal, Aug. 19.—Peter Power, the plaintiff in the suit brought against the directors of the Northern Pacific railway in New York, who has been sojourning in Montreal with his wife for several weeks, left last night in company with his wife and his counsel, Mr. Lamb, for New York. On his arrival in New York he will surrender himself to the United States marshal and be ready to go on the stand.

Corporal O'Brien Still in Custody.

Boston, Aug. 19.—Corporal R. T. O'Brien, who was arrested in North Adams on a charge of perjury before the United States senate committee of inquiry into the war in the Philippines, was ordered to be delivered into the custody of the Washington authorities by Judge Lowell of the United States court. O'Brien will be taken to Washington at once.

SOCIETY MAN ENDS HIS LIFE.

Robert Reading Remington Shoots Himself at Newport.

Newport, R. I., Aug. 19.—Disappointment over a broken matrimonial engagement is believed to have been the cause of the suicide here yesterday of Robert Reading Remington of New York. Mr. Remington came over to the clubhouse from his rooms at the La Forge cottage yesterday afternoon and after reading the papers for some time, went to the committee rooms, on the second floor. An hour and a half later two muffled reports were heard, but those in the building paid no attention to them. Later Mr. Remington's body was found by a member who went to the committee room. Remington evidently had been dead for some time. A local undertaker took charge of the body.

Mr. Remington was well known among the summer residents in this city and had been closely identified with the social world here for the last seven or eight years. His engagements to Miss May Van Alen, daughter of James Van Alen and granddaughter of Mrs. William Astor, has been discussed for some months. At first it was denied, and then affirmed, but it is generally believed there was a definite engagement, which, however, was broken some three weeks ago. It is said that Mr. Van Alen was greatly opposed to the engagement from the beginning.

Since then Mr. Remington has been despondent, although when asked about the engagement he steadily affirmed that he was to be married in the fall.

Mr. Remington was about thirty-five years of age and a member of the firm of Remington Bros. of New York. He had always been known as a man of very quiet tastes. His death has caused a tremendous sensation here.

CLUE IN BARTHOLIN CASE.

Suspected Murderer's Closest Friend in Custody.

Chicago, Aug. 19.—Information was received by the police that Edward Counselman met Bartholin in Harvey, Ill., on Monday night, Aug. 11, two days after the body of Mrs. Bartholin was exhumed from the grave in the basement of her home and four days after the remains of the Mitchell girl were found lying in the weeds on the prairie at Seventy-fourth street. John Garney, a saloon keeper at Harvey, is the man who furnished the police with the information. Garney claims that Bartholin came to his saloon and waited for Counselman until the latter had finished work for the night and that the two men had a long talk together.

TUMAN DIES OF HIS INJURIES.

Never Becomes Conscious to Reveal Identity of Murderer.

Muscatine, Ia., Aug. 19.—Jesse Tuman, the man found Saturday night nearly dead in a lonely woods with the dead body of his wife a short distance away, died last night. He did not reveal anything concerning the tragedy, nor did the inquest on Mrs. Tuman, held yesterday, bring to light any facts that might solve the mystery. The police believe the couple were killed by a man who lived with them, and who disappeared Thursday. A close search is being made for him.

Hermit Prospector Found Dead.

Salt Lake, Aug. 19.—The dead body of Peter Anderson, known as the hermit prospector of Park City, has been found in his lonely cabin near the Anchor mill. Anderson had evidently been dead for weeks. It is believed that he died from starvation, notwithstanding that \$1,700 in cash was found secreted in the cabin. It is believed that fully \$10,000 lies in his credit in various banks.

A NEW WAY ROUND THE WORLD.

From Paris to San Francisco With but One Change of Cars.

Travel from the far east to London and other European points which has heretofore sailed from China, Manchuria, the Philippines and Japan through the Suez Canal, is likely hereafter to follow the Royal Mail, which it has recently been demonstrated, can be brought to London through San Francisco and across the United States three or four days more quickly than via the old route.

The traffic department of the Chicago & North-western Railway has advised that the Russian Ministry of the Interior has arranged with the International Sleeping Car Co., for new sleeping car service on the Trans-Siberian Railway, between Moscow and Port Arthur, to be weekly at first, tri-weekly later on, and eventually a Train-de-Luxe to be inaugurated between Warsaw and Port Arthur leaving Warsaw daily. At Warsaw connection is made with the famous Express Du Nord from Paris, Berlin and other European capitals.

Thus Port Arthur will be within easy reach of Paris, and from Port Arthur the journey is completed in fast vessels across the Pacific to San Francisco and on the New Overland Limited via the Southern Pacific, Union Pacific and Chicago & North-Western R'y's, to Chicago.

Inter-Continental travel is thus practically established through what had, until recently, been supposed to be the wastes of Siberia; now proven to include much rich farming country which is being rapidly settled. Such circling of the globe will be a delightful holiday beside which the present trans-atlantic journey takes on a very ordinary aspect.

The equipment for the Siberian Express is to be in control of the International Sleeping Car Co., and the service will be of the highest character, more nearly approaching the American standard than is usual on the Continent.
