

TO DEAL WITH COMBINES

President Roosevelt Wants Laws to Enable the Government to Control the Trust Power.

SPEAKS TO BUSINESS MEN IN BOSTON.

Continues His Tour Through New England, Addressing Large Audiences in Massachusetts, Maine and New Hampshire—Says Farmers Are the Country's Mainstay.

Boston, Aug. 26.—The following expresses the keynote of the speech made by President Roosevelt last night before 5,000 business men of Boston at Symphony hall. Gov. Crane introduced the chief executive, who said:

"I want laws to enable us to deal with the trust power. I want to see the government able to get at it definitely, so that the action of the government cannot be evaded by any turning within or without the federal or state statutes.

"Of course, it is a mere truism that the corporation is the creature of the state; that the state is sovereign. Now, I want to make a real and not a nominal sovereign; to have one sovereign to which the corporation shall be really and not nominally responsible.

"What I hope to see is power given to the national legislature which shall make the control real.

"If we can get adequate control by the nation of these corporations then we can pass legislation which will give us the power of regulation and supervision over them. I want publicity as to the essential facts in which the public is interested."

In Three States.

Augusta, Me., Aug. 27.—President Roosevelt yesterday traversed part of three states, addressing large crowds in cities of Massachusetts, New Hampshire and Maine. His speeches covered a wide range of subjects, including an earnest plea for reciprocal trade relations with Cuba, the advocacy of a strong navy and a complimentary reference to Secretary Moody, made at Haverhill, the latter's home town, praise of soldiers, many of whom were in the crowds encountered during the day, and general remarks on good citizenship.

Praises the Farmers.

Bangor, Me., Aug. 28.—President Roosevelt yesterday afternoon delivered an address to an immense crowd of people at the state fair grounds here. The president arrived here late yesterday morning, and was driven about the city previous to making his speech. The tenor of his remarks was that the farmer is the mainstay of the republic, and that the truest Americanism and the greatest Americanism have come from the rural districts. Speeches were also made at Ellsworth and Waterville.

In New Hampshire.

Nashua, N. H., Aug. 29.—President Roosevelt reached here on time and spoke to a large throng of people in front of the city hall. The ovation to President Roosevelt was continuous and as the train drew out prolonged cheering followed.

At Manchester a presidential salute by a battery of the New Hampshire militia, mingled with the cheers of a great crowd, greeted the president as his train arrived. At a point opposite Merrimack Common the president's carriage was brought to a stop and the local camp of Spanish-American war veterans tendered the president a salute, and their commander, Col. William Sullivan, stepped forward and presented him a bouquet of roses. In accepting the roses the president spoke for ten minutes.

Fully 3,000 people joined in welcoming the president on his visit to the encampment of the New Hampshire G. A. R. at The Weirs. He addressed the veterans, giving them unstinted praise for their valor in the civil war.

White Squadron Surrenders.

Rockport, Mass., Aug. 25.—The attempt of the "enemy," represented by Commander Pillsbury's white squadron, to effect a landing on the New England coast ended at 5:40 yesterday morning by the theoretical destruction of the fleet and its surrender to Rear Admiral Higginson, commanding the blue, or defending squadron.

vatican of the organization of a schismatic Catholic church in the Philippines. The vatican professes not to attach much importance to the movement, and declares it "cannot develop under the leadership of persons whose sole reason for organizing is because they are excommunicated from the Catholic church."

POOR WEEK FOR FARMERS.

As a Whole, Weather East of Rocky Mountains Is Too Cool for Growing Crops.

Washington, Aug. 27.—Following is the agricultural department's weekly summary of crop conditions:

As a whole, the weather conditions east of the Rocky mountains have not been favorable, being too cool in the northern districts eastward of the Missouri valley, with too much moisture in portions of the central valleys, while excessively hot in the southern states, with drought of greater or less severity generally throughout the cotton belt. Although cool, the conditions were fairly favorable for maturing crops in the Ohio valley and over the southern portion of the middle Atlantic states, as well as on the Pacific coast.

Corn is greatly in need of warm, dry weather throughout the northern portion of the corn belt, where the abnormally cool weather of the past two weeks has greatly retarded its maturity. Over the southern portion of the corn belt an excellent crop of early corn is now practically assured. In portions of Iowa and central Illinois corn has badly lodged as a result of local storms.

Spring wheat harvest is unfinished in the northern portion of the Red River valley, where it has been interrupted by frequent showers, which have also seriously interfered with stacking and threshing. Sprouting and rotting in stack and shock are reported from Iowa and in southern Minnesota. Harvest is about three-fourths finished in Oregon and will be completed in Washington during the present week, with yields about the average, though less than expected in Washington.

NAMED A TICKET.

Candidates for State Offices Selected at Convention of People's Party of Illinois.

Springfield, Ill., Aug. 27.—The people party of Illinois held a convention here Tuesday and the following state ticket was named: Clerk of supreme court, W. W. Scott, of Marion county; state treasurer, Dietrick Balsler, of Madison county; state superintendent of public instruction, W. C. Gullett, of Fulton county; trustees state university, Richard Stanley, of Morgan county, and Henry Johnson, of Vermillion county. The selection of a third candidate for trustee was left to the chairman of the state committee to select, and if possible a woman will be selected.

FIVE DROWNED.

Rowboat Filled with Employes of the Battle Creek Sanitarium Struck by a Steamer.

Battle Creek, Mich., Aug. 28.—Five employes of the Battle Creek sanitarium, nurses, probationers and stenographers, were drowned at Lake Goguae Wednesday evening as a result of collision between the steamer Welcome and a rowboat containing a party of young people. Those drowned were: Mr. Bennett, Dallas, Tex.; Fannie Brady, Battle Creek, Mich.; Mabel Ricard, Traverse City, Mich.; Ella Dorsey, Allegheny, Pa.; Fanny Willis, North Toronto, Ont. Carrie Fyock, of Johnstown, Pa., clung to the boat, and was the only one saved.

Engineer and Fireman Killed.

Terre Haute, Ind., Aug. 29.—The north-bound passenger train on the Chicago & Eastern Illinois railway was wrecked at Cayuga, Ind., 38 miles north of here, about 12:30 o'clock Thursday. Engineer Dad Carey and Fireman Lee, of Chicago, were instantly killed. The passengers escaped with a severe shaking up.

Favors Home Rule for Cities.

Grand Rapids, Mich., Aug. 28.—Home rule for cities, with the right to own and control public utilities was advocated by President Ashley in an address opening the convention of the League of American Municipalities Wednesday.

Named by Democrats.

Brazil, Ind., Aug. 29.—John A. Wiltermood was nominated for congress by the democrats of the Fifth district in convention here.

THE EARTH WELL SHAKEN

Four Hundred Distinct Shocks Felt on the Island of Mindanao Since August 21.

TWENTY NATIVES LOSE THEIR LIVES.

Fort's Badly Damaged and Army Storehouses Destroyed—Mountains and Rivers Changed—Military Situation Unchanged—Aguinaldo Constantly Feels for His Life.

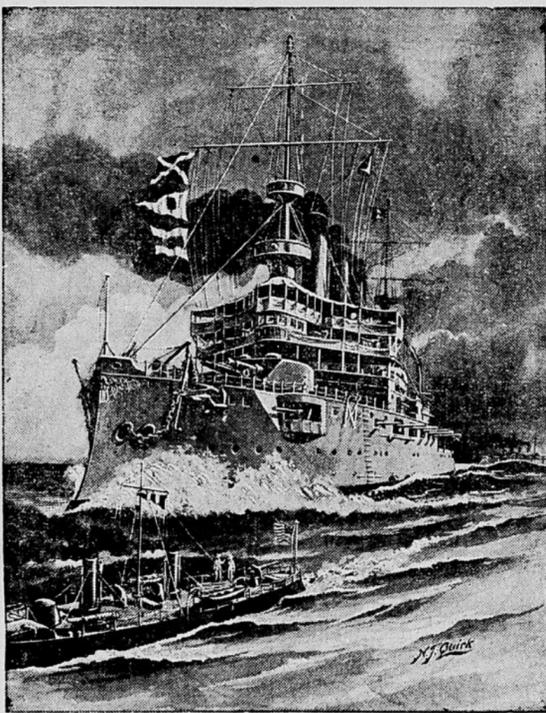

Manila, Aug. 28.—There have been severe earthquakes and 400 separate and distinct tremors in the island of Mindanao since August 21. Twenty natives were killed by falling walls. The Moro forts were badly damaged and the United States commissary warehouses and army storehouses were destroyed. There were no American casualties.

The upheaval occurred in the country adjacent to the Lake of Lanao, in the Moro section of the island, near Camp Vickers, which is now the headquarters of the American forces stationed in Mindanao.

Mountains and Rivers Changed.

Gen. Chaffee in a cable report to the war department at Washington says

THE UNITED STATES BATTLESHIP MAINE.

On her trial trip on August 23, the new war vessel, named after the one sunk in Havana harbor, showed an average speed of 13.3 knots.

the mountains and rivers and other streams were considerably disturbed and much damage done. The full extent of the damage, however, has not yet been reported. It is presumed here that the seismic shocks occurred about five days ago, though the date is not mentioned in the brief dispatch at hand.

This is the first serious earthquake reported from that country during American occupation of the Philippines. The most important previous seismic disturbance in Mindanao was the one that partly destroyed Plak, Kota-Batu, and the village on the banks of the River Mindanao in 1872. This phenomenon closely followed the eruption of the volcano Makaturan.

Military Situation Unchanged.

The military situation in Mindanao remains quiet and unchanged. No attacks have been made on the American forces at Camp Vickers for eight days.

Sentenced for Sedition.

E. O'Brien, editor of the newspaper Freedom, Frederick Dorr, the proprietor, and Manager Dorr, who were convicted of sedition last Monday, were brought up for sentence. The editor and the proprietor were condemned to pay a fine of \$1,000 each and the manager a fine of \$25. Dorr and O'Brien had already been sentenced to six months' imprisonment in Bilbid jail and to pay a fine of \$1,000 each for libeling Benito Legarda, a native member of the civil commission.

Aguinaldo in Fear.

Vancouver, B. C., Aug. 28.—Manila papers brought by steamship Empress of China from the orient say that since Aguinaldo was liberated he goes around in constant fear of his life and has asked repeatedly for the protection of the United States soldiers. VERY PECULIAR CASE.

Mother, in Order to Retain Possession of Her Baby, Swears Out Warrant for Vagrancy in Iowa.

Keokuk, Ia., Aug. 28.—In a legal fight for the possession of her 11-month-old baby, which is seriously ill, Mrs. Vina Kellar, caused the arrest of the infant Wednesday on a charge of vagrancy, had herself appointed a special constable to take charge of the diminutive prisoner during a continuance of the case, and this was a victory over Secretary Elmer Park, of the associated charities, who was landed in jail for nearly an hour for contempt of court in his attempt to deprive the mother of her child. A construction of the new sociological statute passed by the last legislature has resulted. All Tuesday night and Wednesday several courts were kept busy, and Secretary Park spent 45 minutes in jail, being finally released on a writ of habeas corpus. He is now in legal custody of the child, and the mother has actual possession.

The baby involved in this case, the first in Iowa under the new law, is actually sick, and the neglect of the mother is charged under the new statute. On trial the mother was found not guilty of anything in purview of the new law, which also was declared unconstitutional. Secretary Park appealed, and refused to obey the order of the court to return the baby to its mother. He was then arrested on a bench warrant

WILL FIGHT TO A FINISH.

Coal Operators Declare They Will Never Listen to Any Plan of Arbitration.

THE SITUATION REMAINS UNCHANGED.

Morgan Declines to Interfere in the Warfare—Anthracite Railway Presidents Announce That Outlets Cannot Bring About Settlement—Mitchell Refuses to Talk.

New York, Aug. 27.—George F. Baer, president of the Philadelphia & Reading railroad, after a conference with J. P. Morgan and the heads of other coal-carrying roads, made this statement concerning the miners' strike in the anthracite region:

"I only wish to say that the issues of the strike are just the same now as when the strike began; they have not changed in the least. Nothing has occurred to alter the policy of the operators and we see no reason it should be changed.

Will Not Compromise.

"We will give no consideration to any plan of arbitration or mediation or to any interference on the part of any outside party. We have announced that as our decision from the start and that we will adhere. Our policy was fixed from the very beginning and it will remain so until the very end.

"As far as the situation at the mines is concerned we consider it is improving daily. While I cannot say there has been any decided break in the ranks of the miners, I know that each day sees more of them applying for work. They are getting restless as the days go on and they see we are not weakening and they are anxious to get back to work."

Not to Interfere.

Mr. Morgan will not take any part in the conflict further than that his support will be given to the operators.

He first had an interview with Mr. Baer. After a conference between Mr. Baer and his fellows another report was made to Mr. Morgan, and then the brief but decisive ultimatum was set forth.

There is little doubt that the various railroad companies interested will try to resume operations in all the mines for which they can furnish men, taking care to start the most productive mines first. This was shown by the presidents calling for their general managers and consulting with them at length, after which the managers sent for their superintendents of locomotive power and talked with them for hours.

Mitchell Will Not Talk.

Wilkesbarre, Pa., Aug. 27.—When President Mitchell was informed Tuesday night of the stand maintained by the coal operators after a conference with J. Pierpont Morgan he said: "I have nothing to say."

President Mitchell and the United Mine Workers' executive boards of the three anthracite districts were in session at strike headquarters last night. After the conference President Mitchell said that only routine business had been transacted. It is understood that reports were received from each of the three districts bearing on the amount of relief received, how it is distributed, and how many, if any, of the strikers have returned to work. It is said all the reports were of a favorable character to the strikers.

Shiras Talks of Arbitration.

Pittsburg, Pa., Aug. 28.—Justice Shiras, of the United States supreme court, who arrived in Pittsburg from a long vacation, talking of the anthracite coal strike said:

"Incorporation of all labor unions is the primary step toward the passage of an arbitration law. The unions must be responsible for the carrying out of an agreement, and until they are there is little hope for compulsory arbitration of labor troubles.

Strikers in Ugly Mood.

Shenandoah, Pa., Aug. 28.—Violence over a wide area in the Panther Creek valley resulted in a call for more troops to the scene of the anthracite coal strike. Trolley poles were chopped down, nonunion men who had been brought into the region to take the places of the strikers were threatened and the military officers on the scene reported that their forces were inadequate to control the situation. Gen. Gobin, therefore, telegraphed to Gov. Stone for additional soldiers, and they were sent.

Larned Still Champion.

Newport, R. I., Aug. 28.—For the third time in eight years English aspirations for the highest American tennis honors in singles have been dashed when they seemed almost within reach of the persistent foreigners, for on Wednesday William A.
