## Life in the Northwest

If you have any idea of changing your location to the northwest where life is worth living. It is the coming empire of this country. Climate and elevation are found in great variety and land will never be as low priced again as it is now. For farming, fruit raising and grazing no portion of our country equals it. Irrigation makes the farmer independent where irrigation is practiced and the finest irrigable parts of our country are in Montana and Washington. The towns and cities are all rapidly growing in the northwest. There are all sorts of places and kinds of lands in the Northwestern states through which the Northern Pacific runs. Don't wait until too late to go. Low settlers' rates during September and October.

## EMILE ZOLA FOUND DEAD HELPS OUT THE BANKS

Suffocated From Gas Escaping Secretary Shaw Puts \$30,000,000 in Circulation.

### HIS WIFE HAS NARROW ESCAPE

Madame Zola Still Gravely Ill, but There Are Hopes That She Will Survive the Effects of the Gas. Is Kept in Ignorance.

Paris, Sept. 30.—Emile Zola, the novelist, who gained additional prominence in recent years because of his defense of the Jews and of former Captain Dreyfus, was found dead in his Paris house yesterday. Asphyxiation, resulting from the fumes from a stove in his bedroom, is given as the cause of death. Madame Zola was seriously ill when the room was broken into by the servants. She was removed to a private hospital, where she recovered consciousness for a short time and was able briefly to explain to a magistrate what had happened. M. and Mme. Zola returned to Paris from their country house at Medan Sunday. Owing to a sudden spell of cold weather the heating stove in their bedroom was ordered to be lighted. The stove burned badly and the pipes of the stove are said to have been out of order.

To the magistrate Mme. Zola explained that she awoke early in the morning with a splitting headache. She awakened her husband and asked him to open a window. She saw him rise and attempt to move toward a window, but he staggered and fell to the floor unconscious. Mme. Zola fainted at the same moment and was, therefore, unable to give the alarm. Mme. Zola does not yet know of her husband's death, and it is feared she may suffer a relapse when told of it.

The death of M. Zola has caused a great sensation in Paris, and there was a constant stream of callers at the Zola residence.

It was reported here that there were evidences of suicide in the death of M. Zola, but nothing has so far developed to substantiate this theory and the statement made by Mme. Zola to the magistrate seems to disprove it.

The newspapers this morning devote the greater portion of their space to the death of M. Zola. The only new fact disclosed is the result of the analysis of the blood of Zola, which shows the presence of carbonic acid. Estimates of the deceased novelist generally follow party lines even in the judgment of his literary work, although most of the newspapers declare that he was one of the glories of French writers.

**Comment on Zola's Death.**  
London, Sept. 30.—The tragic circumstances of M. Zola's death have called out a great display of sympathetic regret in the British press. M. Zola is regarded as having been one of the last great pillars of nineteenth century literature, whose death is a serious loss to the world. His methods and work are freely criticized, but no word is heard against his absolute honesty and sincerity, which are held to have been proved by his courageous defense of former Captain Dreyfus. On hearing of his death, it is reported that the pope exclaimed: "If he was an enemy of the church, he was a frank one; God rest his soul."

### TARDY RELIEF DISTRIBUTION.

**Sufferers on Island of St. Vincent Complain of Methods Used.**  
Kingstown, Island of St. Vincent, Sept. 30.—Widespread dissatisfaction prevails here in connection with the relief work on this island. A portion of the food, clothing and other supplies contributed by the United States government for the assistance of sufferers from the eruptions has been sold under its value by the local government to merchants abroad, the distribution of rations has been stopped and a state of semi-starvation prevails among some of the sufferers.

### Six Hundred Reported Dead.

London, Sept. 30.—A dispatch from Rome says the death toll resulting from the recent hurricanes in Sicily is swelling. The bodies of 600 persons are now awaiting burial and as means for their prompt interment are lacking, there are grave fears of an epidemic. It is estimated that 10,000 people are homeless.

### More Fighting in Turkey.

Belgrade, Sept. 30.—Fighting between Turkish regulars and Albanians is reported from Mitrovitza, European Turkey. The Turkish troops shelled and reduced to ashes the Albanian villages of Koprin and Babronitsh.

### Marriage of Queen Reported.

London, Sept. 30.—A special dispatch from Madrid says: "It is reported there that Queen Maria Christina, mother of King Alfonso, married her master of the horse, Count de la Escosura, while in Austria recently."

### Five Hundred Are Drowned.

### DOES AWAY WITH THE RESERVE.

Holds That the Deposit is Sufficiently Secured by Government Bonds—Call Money Goes to 35 Per Cent and Stocks Feel Effect of Squeeze.

New York, Sept. 30.—Secretary of the Treasury Shaw, who was in New York last night, has issued a statement in which he says that the banks will not hereafter be required to carry a reserve against government deposits secured by government bonds. This will make available today over \$30,000,000.

Secretary Shaw declined to discuss the financial situation, further than to say that the treasury would co-operate with the banks as far as possible, both in the east and the west, in their effort to supply the necessary credit for the unprecedented amount of business that is taxing railroads and steamship lines to the utmost.

The secretary's additional relief may be summed up as follows: "First, the release of practically \$30,000,000 reserve which will permit the banks to increase their volume of business \$130,000,000; second, the substitution of other security for consols now held by the government on condition that the same shall be used as a basis for increased circulation, which, if accepted by the banks, will immediately increase the volume by \$20,000,000 or \$25,000,000 and will add thereto, if needed; third, continuation of deposits to the limit allowed by law, accepting, if necessary, security other than government bonds."

### STOCK SPECULATORS SUFFER.

#### High Money Rates and Sharp Breaks in Wall Street Market.

New York, Sept. 30.—With call money up to 35 per cent and a number of other adverse circumstances, yesterday's stock market received a very severe shake up, net losses ranging from two to ten points. The greatest loss was sustained by Louisville and Nashville. Disappointment regarding the probable disposition of the road, as much as anything else, is supposed to have caused the break. Other features that combined to unsettle the market were disquieting reports concerning the president's condition, the prolongation of the coal strike and the indubitable fact that London and the continent are unloading "Americans" in large blocks.

### Parker Out of the Race.

Saratoga, N. Y., Sept. 30.—Three important facts have developed with regard to the Democratic state convention today. First, one of Judge Parker's particular friends brought his absolute refusal even to accept a nomination for the governorship by acclamation; second, Hugh McLaughlin of Brooklyn arrived and took charge of the Kings county delegates in favor of Bird S. Coler, and third, a strong sentiment developed towards making Senator Hill the candidate. Hill does not want the nomination, but say his friends, if the convention were to be stampeded and nominate him it is difficult to see how he could possibly refuse.

### "Get-Rich-Quick" Broker Confesses.

Boston, Sept. 30.—M. Fisher, head of the stock broking firm of J. M. Fisher & Co., pleaded guilty to nine indictments, charging him with defrauding customers by means of the United States mails. Fisher was placed on the stand and made a confession of fraud. He told without reservation how he, a former driver of a laundry wagon, and his partner, an employe of an express company, without a penny of capital, posed as bankers and brokers and took from their dupes \$285,000 in little more than a year.

### Root Not to Resign.

New York, Sept. 30.—Secretary Root arrived in this city last night. In answer to inquiries as to whether there was any truth in the story he was going to leave the cabinet, the secretary said: "The rumors that I am to leave the cabinet are fallacious. I am not going to retire. When I do decide to retire there will be no rumors. I will simply resign and the public will know all about it."

### Hanna-McCormick Engagement.

Chicago, Sept. 30.—Announcement was made yesterday of the engagement of Miss Ruth Hanna, youngest daughter of Senator Hanna, and Joseph Medill McCormick, son of Hon. Robert S. McCormick, whose appointment as ambassador to Russia, was announced last week. The prospective bridegroom is connected with the Chicago Tribune.

### Dockery Calls Special Election.

Jefferson City, Mo., Sept. 30.—Governor Dockery yesterday called a special election in the Twelfth congressional district, in St. Louis, to fill a vacancy caused by the action of the house of representatives in declaring vacant the seat of James J. Butler (Dem.) and that no valid election was held in the district in 1901.

### Irrigation Interests Hill.

Denver, Sept. 30.—James J. Hill, president of the Great Northern railway, has written C. E. Wantland, chairman of the executive committee of the National Irrigation congress, that he will attend the session of the congress to be held in Colorado Springs, Oct. 6 to 9, if he can possibly find time.

### Denison in the Boyer Valley, Iowa.

BY JOSEPH WHITE.

Dearer these hills than lofty mountains,— Nearer the Boyer than Gulf or Bay,— Upon your lawns play sparkling fountains, To me as welcome as flowers of May.

Fair cities East, fair cities West, Old cities far beyond the seas,— Of all the places 'I love best 'Tis Denison 'mid the Maple trees.

There are grand scenes in far off Naples— Old castles on the river Rhine, Give me the spot 'mid the green Maples, 'Tis in my own, my native clime.

Two little streams meander by, Like trout school boys on their way, Past corn clad hills and fields of rye, All through the long bright summer day.

In yonder vale where waters meet, How sweetly bloom the flowers in June, Here the wild bee sips from clover sweet, While birds sing clear a merry tune.

'Tis here the hours pass one by one, While the muses whisper in my ear, We've strayed from the range of Helicon, And for a while will linger here.

Fair Queen enthroned on highest hill, That looks upon the valleys, low, Of these a fond remembrance still, As down life's peaceful vale we go.

### FORMER POSTMASTER IS HELD.

#### Kansas City Man Is Held Responsible for Loss of Money Package.

Kansas City, Sept. 26.—A suit filed in the United States circuit court in this city against S. F. Scott, former postmaster, and his son, Samuel, who was employed as utility clerk in the Kansas City postoffice, makes charges fixing upon the former postmaster and his son the responsibility for the loss of a package containing \$5,000 from the registry mail during May, 1901.

The loss of the package promised to go on record as one of the unsolved mysteries of the postoffice. The money was sent by the National Bank of Commerce in this city to the bank of J. O. Brinkman & Co. at Great Bend, Kan. The suit is brought by the Bankers' Mutual Casualty company of Des Moines, which insured the Bank of Commerce against loss and which subsequently made good the amount.
