### Court convenes next week.

O. W. Wheeler and G. L. Caswell are attending a meeting of the Choppers at Boone this week.

Mr. and Mrs. John Swanson of near Astor, were in Denison on Wednesday. In another column will be found an advertisement in which Mr. Swanson offers a fine farm for sale.

A large number of democrats voted the republican ticket last year. They found that it did not bite, that republican officials are good ones and they are not so scared of the republican ticket this fall.

Pierpont Morgan is opposed to President Roosevelt because he is against the trusts, the Bulletin is opposed to President Roosevelt because he is for the trusts. Queer isn't it?

We regret to note that there is no improvement in the condition of Mrs. Blanch Bergen. She is in a very weak condition but as there has been no change for the worse it is believed that she will recover.

Perambulating Jim McKim continues his ghost dance about the county spending money with his well known recklessness. Charlie Russell is getting the votes however and Jim will have cause to regret the \$199 which we understand he has planned to squander during the campaign.

With three good men on the board, that bridge near Bratthauer's would have been fixed two months ago. The Republican supervisors promise to give all parts of the county their exact due, which would be first attention to most important matters. Important bridges away from home should be replaced before the unimportant ones near home.—Charter Oak Times.

### Denison Street Fair.

Vail furnished her share of visitors to the Denison Street Fair last week. All told there were about 290 railway tickets sold. This is taking no account of those who drove up, and probably as many more went in this way. On Thursday there were about 100 tickets sold for Denison and this was the largest crowd for any one day. The writer was there on Thursday evening and witnessed the parade and the crowning of the queen. Miss Clara McAndrews was indeed an attractive figure among the others. Although the float which held the queen and her maids of honor was a little crowded, it was attractive, as were the other floats and the whole parade presented a pretty appearance. As a street fair, the Denison one was up the rest, although the bad weather kept a large number away. The free shows and the music were all worth seeing and hearing. As a financial benefit, it was a failure, as the majority of fairs are, but it is the advertising of the town and its business men that such affairs are held for. We have heard of no one who was dissatisfied what they saw or heard, and we believe the Vailites at least got their money's worth.—Vail Observer.

### TELEPHONES IN CHARTER OAK.

The question of telephones is again being discussed in Charter Oak. Last Friday Messrs. Gigax and McGarvey, of Schleswig, were here to feel of the town with a view to putting in an exchange and connecting it with the New State system, better known as the Odebolt. They have purchased the local exchange at Schleswig, and finding it a good investment, seek a franchise or other permit to put one in here. They promise to make everything modern, thorough and up-to-date—a system we can be proud of, with rural wires to the several points surrounding the town. Another factor in the telephone world is the installment of Dr. Waterhouse in the management of the Iowa exchange. In an interview with the doctor he informed us that several things were brewing, any of which will give us a better system and better service. The firm of Dyer & Waterhouse have sent a proposition to headquarters to purchase the local exchange. That would put it in the hands of parties who are interested not only in the stuffing of their purses, but also in the welfare of the property interests. The Iowa people can see nothing but the golden egg, and they are killing the goose as rapidly as possible. But with the exchange in private hands there would be an eye to its value as well as its receipts. We would prefer to see the system in the hands of our neighbors, but if that cannot be, then the next best thing is to encourage some one to put in an exchange such as will be satisfactory.—Charter Oak Times

Mr. C. A. Holbrook and Miss Maude Humphrey were united in marriage at the home of the bride's parents at 8 o'clock P. M. The affair was witnessed only by the members of the family and intimate friends. The happy couple left on the I. C. at 9:15 for a short wedding trip. They will make their home in Woodbine, the groom being an employe in Howorth Bros. store.—Woodbine Tinker.

Mr. Holbrook was for sometime a popular employe of The Boys store and his many friends here unite in congratulations and best wishes.

"My Friend From Arkansas" came to this city Wednesday, Oct. 8.

### EDDIE ROBINSON MARRIED.

SIoux CITY, Ia., Oct. 2.—(Special)—"Eight, nine, ten—out—and cupid wins." is the referee's announcement in connection with Prof. Eddie Robinson, the local Swaboda, professor of physical culture and former prize fighter. It leaked out today that the erstwhile prize fighter, aged 43, had been clandestinely married to pretty and vivacious Bessie Henry, a talented artist, whose parents are prominent people at Le Mars.

The bride has opened a studio in Sioux City. It is possible her artistic eye was attracted by the many proportions of the pugilist; at any rate the courtship was brief. It is announced she will continue her studio. The bride is very young, notwithstanding she has accomplished much in her art, not being yet 20. A wedding trip has been postponed. "Professor" Robinson, in manager of Clarence English, who is matched to fight Kid McFadden in San Francisco November 29. Professor Robinson and his artist bride will go to San Francisco in time to witness the match.

Mr. Scott Graham was quite badly injured during the fair. In doing some heavy lifting he strained his back, and has been laid up all this week.

H. McQuillier and wife of Ida Grove visited at Mr. and Mrs. Fred Marshall's last week and also took in the street fair. They returned home Sunday.

Enoch Toul-on, of Des Moines, is visiting friends in Denison this week. He is in the employ of a large business house in Des Moines and is well pleased with his position.

The new telephone directory shows 206 subscribers in the Denison exchange. This is a great showing but we believe that with added pushing the list will be nearly doubled.

A smooth fakir worked the crowd for about ten dollars on Tuesday afternoon on the old "buy something and get your money back" game. It is amusing how people will bite on such fakes.

Miss Helen Baird, of Dunlap, has been in Denison this week for the purpose of forming a class in music. Miss Baird is a fine musician and should have no difficulty in securing a number of pupils.

Herman Koenkamp, republican candidate for supervisor, called upon his many Denison friends this week. He will find that the Denison voters are very friendly to him and that he will get a good vote from this place.

B. F. Leshar will start for a three weeks visit at his old Pennsylvania home this week. Frank has not been back to his old stamping ground for 18 years and no doubt he will have an enjoyable time.

On Tuesday afternoon Penelope enjoyed meeting with Mrs. H. A. Boyle. A number of out of town guests were present and all passed a delightful afternoon. Mrs. Boyle's sister Mrs. Wm. McCloy assisted her in entertaining her guests and serving a delicious luncheon.

Mr. and Mrs. Harry Scaggs left this week to attend the G. A. R. encampment in Washington, D. C. Mr. Scaggs will visit his old home before returning. He was a valiant veteran of the civil war and will doubtless enjoy meeting the boys who wore the blue. Mrs. L. M. Baer will join Mr. and Mrs. Scaggs at Boone and accompany them on their eastern trip.

Mrs. C. J. Kemming entertained the Coterie club and a number of other friends on Wednesday afternoon. The presence of four new members Mrs. George Sprecher, Mrs. Hal Simpson, Mrs. A. F. Barber and Mrs. I. E. Scobee added much to the enjoyment of the occasion. At five o'clock Mrs. Pfarr and Mrs. Lena Ley assisted the hostess in serving a most tempting supper.

Herman Koenkamp is a man who appeals to all who love to honor the brave and conservative farmers of the county. His bravery he proved in the Franco-Prussian war, his ability he proved by the manner in which he has wrested success from the soil and his conservatism is proven by the later years when he has known how to preserve his success, without biggeryness or closeness but with the judgment and foresight which marks the man of affairs.

Mr. E. E. Clausen of Kiron is the republican nominee for clerk. As to the efficiency of the two candidates there can be no question. Mr. Clausen will be able from his past clerical training to give the affairs of the office his personal attention. He is a clean straightforward young man. He represents an element of our people who for a long time had no officer in the court house and he will get a vote which will surprise his opponent.

Political affairs in Crawford county are beginning to warm up. The various candidates are out feeling the public pulse. We hope the best men will be elected. As to Charter Oak, we have not one man in the whole field—G. B. Goin—who is a candidate for supervisor. We are entitled to at least one man at county seat, and in fairness to us Mr. Goin should receive an unanimous election. Soldier, Hanover, Charter Oak, Willow—all these have only Mr. Goin to represent their interests and surely they are entitled to recognition.—Charter Oak Times.

Mr. and Mrs. Ed. Lies leave tomorrow for Chelan, Wash., where Mr. Lies has accepted a position as Secretary of the Chelan Mining and Transportation Co. These young people stand very close to the hearts of Denisonites. They have lived here many years and have always been prime favorites with all who have known them. They will be greatly missed, Mr. Lies from business circles and Mrs. Lies from the society of Denison. We wish them the best of good fortune in their new home and hope they find all the prosperity they expect and that they may often return to see their Denison friends.
