VOLUME XXXVII—NO. 79

## SOUFRIERE IN ERUPTION MEN WILL RESUME WORK CHRISTIAN HOSTS MEET

Volcano on Island of St. Vincent is Again Violent.

REQUEST GOVERNOR'S RECALL.

Islanders Up in Arms Against Alleged Maladministration of Relief Funds. Sufferers From Eruption Get Little or No Help.

Kingstown, St. Vincent, Oct. 17.—A terrific eruption of the Soufriere volcano commenced Wednesday. During the preceding day earth tremors, apparently too slight to be considered important, were experienced in the central and northern parts of the island. At 8 p. m. Wednesday there were indications of an eruption. Rumbling noises were heard, they increased until 9 o'clock, when the roaring volcanic giant belched out its deadly contents. This eruption was followed by a brief lull. Then, from 10 o'clock until 4 o'clock Thursday morning, the upheaval continued. The outbreak was accompanied by an incessant and confused cannonading. There were incandescent clouds and sparkling matter was ejected. After 4 o'clock the disturbance gradually decreased, but the noise of the boiling caldron is still audible in the districts near the volcano. Both craters of the Soufriere were apparently active and they have been steaming all day long. Sand fell heavily everywhere. At southern points the sand is half an inch deep, the depth gradually increasing towards the volcanic cone, where there were showers of large stones, pebbles and cinders. Kingstown and other southern points of the island have not been damaged. Reports from the Windward district are awaited. This eruption caused darkness at Bridgetown, island of Barbadoes, at 10 o'clock in the morning. There was a fall of volcanic dust there.

The sand ejected during this eruption has a stronger sulphurous odor than any previously thrown out.

Ask Governor's Recall.

The public meeting held here yesterday to discuss alleged maladministration of relief funds was both enthusiastic and orderly. The meeting appealed to the colonial secretary to relieve Sir Robert Llewellyn of the government of the colony. It was claimed that supplies have been shipped away and that the sufferers from the eruption get little or no help as a result of the United States' generosity and sums raised elsewhere.

### NEW COAT OF ARMS PUT UP.

Burgomaster of Bamberg Feels Friendly Toward United States.

Bamberg, Bavaria, Oct. 17.—The burgomaster, Herr von Brand, of this town, in the presence of the magistracy and a representative of the Bavarian foreign office and other distinguished persons, yesterday formally affixed the new coat of arms of the United States over the entrance of the office of the consular agency here, in place of the arms defiled in June by some person not yet caught by the police.

Herr von Brand made a speech emphasizing the excellent relations existing between the United States and Germany, and averring that the insult to the arms of the United States must have been the wanton act of an individual. Official minutes were taken of the proceedings.

### Boer Generals in Berlin.

Berlin, Oct. 17.—The Boer generals arrived at the Tiergarten station here from Paris yesterday and were welcomed by Herr Lueckhoff, president of the reception committee. They were driven to a hotel, where they were received with great enthusiasm. Herr Trojan, editor of Kladderatsch, greeted them by reading a sonnet. In his reply to the editor, General Botha emphasized the non-political character of the mission of the Boers, the only purpose of which, he said, was to alleviate the unspeakable misery of their people. The generals responded to the calls of the immense crowds in front of the hotel by appearing on the balcony and addressing the people. General Dewet said the Boers had been defeated in war and submitted to their fate.

### SPARKS FROM THE WIRES.

Judge Allen Hyden of Booneville, Ky., who was shot from ambush, is dead.

After nearly a week of dodging mobs, Jim Buchanan, the negro murderer of the Hicks family, was safely lodged in the East Texas penitentiary.

The National Retail Liquor Dealers' convention adjourned at Washington Thursday, to meet next October in Pittsburg. E. L. Jordan of Washington was elected president.

Consul General Bordewich, at Christiansia, in a report to the state department, says that the Norwegian crops this year have been very poor and a large amount of grain must be imported.

Strike Leaders Recommend That Terms Be Accepted.

CALL CONVENTION OF MINERS

General Resumption of Mining Throughout the Anthracite Coal Fields Is Expected to Begin Next Thursday—Congratulations Pour In.

Wilkesbarre, Pa., Oct. 17.—The executive board of the three anthracite districts of the United Mine Workers of America, in joint session yesterday, unanimously decided to recommend to a delegate convention of striking miners the acceptance of the arbitration proposition submitted by the president of the United States, and it is reasonably certain that the advice will be followed and the great struggle brought to a close. The convention will be convened in this city Monday morning, and it is the hope and the belief of the officers of the union that the mining of coal will be resumed before the close of next week, after a suspension of more than five months. The citizens of the entire region are much elated that the strife is almost over, because business in the coal fields has been practically paralyzed since the strike began.

If the plans of the strike leaders are not disarranged, a general resumption of mining will take place about next Thursday. It is expected the convention will last two days and that there will be an interval of one day from the time the convention adjourns until the time set for the men to go back to the mines. If the convention should be in session on Wednesday, it is probable resumption would not take place until Friday. There will not be enough work at first for all the strikers, as it is the intention of the companies not to dismiss nonunion men, who have stood by them during the strike. The organization will take care of such other men as are unable to find work until two or three months have elapsed. This is due to the condition of the mines. Some of them are wholly or partially flooded and others need repairs.

It was a lively day around strike headquarters. From early in the morning until after the announcement was made that a convention would be called a crowd was congregated at the place. Mr. Mitchell spent an extremely busy day. In the morning he had many callers, who came to congratulate him, and in the afternoon he was engaged with the three district boards. Telegrams of congratulations from all parts of the country came to the miners' leader during the day.

There was some opposition manifested in the meeting against certain features of the plan, but after a full discussion of the objectionable parts a unanimous vote was taken to recommend to the convention the acceptance of the proposition. It is expected that some objections will be raised on the floor of the convention, but the officers are confident that the opposition will disappear when President Mitchell explains all the features of the modified proposition to the delegates.

A question was raised yesterday as to whether Commissioner Wright, who will be the recorder of the commission, shall have the right to vote in case the six other members of the board are equally divided on any question in connection with a settlement. Mr. Mitchell, when asked, appeared to be sure that he had not, and other officials of the union were also uncertain of Mr. Wright's status. The matter of the term of years that the agreement shall be in force was also a source of much inquiry. The union was strongly opposed to the operators fixing the term of years.

The coal companies, anticipating the ending of the strike next week, are busily engaged in preparing for resumption. Tens of thousands of coal cars are in the regions ready for loading and extra efforts will be made in moving them to the large distributing centers once mining is resumed. It is estimated that more than 200 of the 350 collieries will be in operation by the end of next week, and will produce enough coal to relieve the situation. There is considerable talk heard that the withdrawal of the troops will begin in a day or two, but this can not be confirmed. Soldiers are spending their time quietly in the camps.

Implement Men Elect Officers.

Minneapolis, Oct. 17.—At yesterday's session of the national convention of the implement dealers and vehicle manufacturers the subject of reciprocity was enthusiastically discussed. The discussion was opened by the report of James Deering, chairman of the committee on national legislation, who referred in his report to the organization of the national reciprocity league and asked the support of each by the members of the association. By a motion of Judge French of Davenport, Ia., all the members of the association became members of the league. The election of officers resulted as follows: Martin Kingman, Peoria, president; O. W. Johnson, Racine, first vice president; F. E. Myers, Asland O., chairman executive committee; Robert H. Foss, Springfield, O., treasurer. The association will meet at Cleveland next year.

Meeting of Missionaries.

Oberlin O., Oct. 17.—The annual business meeting of the American board of foreign missions (Congregational) was held yesterday. The following officers were nominated: President, Samuel B. Capen; vice president, Henry Herskins; corresponding secretaries, Judson Smith, Charles H. Daniels and James L. Barton; treasurer, Frank H. Wiggins. The cornerstone of a memorial to the Christian martyrs killed in foreign lands because of their religious faith was laid with impressive services. A number of visiting missionaries from all over the world were present. Miss Ellen M. Stone, the ransomed missionary from the Bulgarian bandits, spoke twice to crowded churches.

### Government Files Notice of Appeal.

Topeka, Oct. 17.—The United States government filed notice in the federal court here of an appeal of the Missouri, Kansas and Texas land grant case to the United States supreme court. The case involves the title to millions of acres of land along the railroad right of way. The government in its appeal maintains that the road, by means of fraud and misrepresentation, obtained a great deal of land to which it was not entitled under the grant. The case was decided in the United States circuit court against the government.

### Folk Will Investigate.

St. Louis, Oct. 17.—Circuit Attorney Folk, who returned from Columbia, Mo., last night because of the continuance of the trial of Colonel Edward Butler, charged with attempted bribery, today began an investigation to learn why a deputy sheriff returned marked "unfound," subpoenas for four witnesses for the defense in the Butler trial. The failure to subpoena John R. McCarthy, one of the four, was responsible for the granting of the continuance to the defendant.

### Troops Take Possession of Mines.

Tucson, Ariz., Oct. 17.—A special from Cananea, Sonora, says: A sensation was caused yesterday by Mexican troops taking possession of a group of copper mines purchased some months ago by the Copper Queen company from Taggart, Morse, Jamison and others of Indianapolis. L. Lindsay secured a judgment from the court of first instance of Sonora, Mexico, against the Indianapolis claimants on account of alleged failure to carry out a contract. The Queen company refused to give possession, hence the action of the troops. There were 150 men working and possession was given the soldiers without resistance. Lindsay is now in possession.

### Lion Attacks Trainer.

Terre Haute, Ind., Oct. 17.—Dick Dekenzo was attacked by Nero, the big lion with a wild animal show, at the close of an exhibition last night. The lion inflicted frightful gashes on Dekenzo's back, hands and legs. Only the prompt action of attendants saved the trainer's life. The spectators were stampeded and a number were bruised in the wild rush for the exit.

### National W. C. T. U. Convention.

Portland, Me., Oct. 17.—Everything is in readiness for the opening of the national W. C. T. U. convention today. Three hundred state delegates joined those who came earlier in the week.

Big Church Convention Opens Auspiciously at Omaha.

DELEGATES ARE STILL ARRIVING

Great International Religious Gathering Holds Its First Session in the Coliseum With Record-Breaking Attendance—Delegates Welcomed.

Omaha, Oct. 17.—Seven thousand persons attended the opening session of the international convention of the Christian churches at the Coliseum last night. Dignitaries of church, of state and of municipality joined in words of welcome and distinguished visitors responded thereto. The exercises opened with a song service led by W. E. M. Heckleman of Indianapolis. The chorus of 100 voices was most impressive. Judge Staugh then presented to Rev. Harvey O. Breeden, pastor of the Central Christian church of Des Moines, president of the convention, a gavel made from the wood used in the construction of the convention building. Addresses were made by Judge Holcomb, Mayor Moores and others.

Delegates are still arriving and Chairman Paine says that not less than 10,000 will have arrived by tomorrow night. A series of banquets of the alumni of the different colleges of the Christian church has been arranged. A temperance rally was held yesterday. The convention will continue for ten days.

Implement Men Elect Officers.

Minneapolis, Oct. 17.—At yesterday's session of the national convention of the implement dealers and vehicle manufacturers the subject of reciprocity was enthusiastically discussed. The discussion was opened by the report of James Deering, chairman of the committee on national legislation, who referred in his report to the organization of the national reciprocity league and asked the support of each by the members of the association. By a motion of Judge French of Davenport, Ia., all the members of the association became members of the league. The election of officers resulted as follows: Martin Kingman, Peoria, president; O. W. Johnson, Racine, first vice president; F. E. Myers, Asland O., chairman executive committee; Robert H. Foss, Springfield, O., treasurer. The association will meet at Cleveland next year.

### Meeting of Missionaries.

Oberlin O., Oct. 17.—The annual business meeting of the American board of foreign missions (Congregational) was held yesterday. The following officers were nominated: President, Samuel B. Capen; vice president, Henry Herskins; corresponding secretaries, Judson Smith, Charles H. Daniels and James L. Barton; treasurer, Frank H. Wiggins. The cornerstone of a memorial to the Christian martyrs killed in foreign lands because of their religious faith was laid with impressive services. A number of visiting missionaries from all over the world were present. Miss Ellen M. Stone, the ransomed missionary from the Bulgarian bandits, spoke twice to crowded churches.

### Government Files Notice of Appeal.

Topeka, Oct. 17.—The United States government filed notice in the federal court here of an appeal of the Missouri, Kansas and Texas land grant case to the United States supreme court. The case involves the title to millions of acres of land along the railroad right of way. The government in its appeal maintains that the road, by means of fraud and misrepresentation, obtained a great deal of land to which it was not entitled under the grant. The case was decided in the United States circuit court against the government.

### Folk Will Investigate.

St. Louis, Oct. 17.—Circuit Attorney Folk, who returned from Columbia, Mo., last night because of the continuance of the trial of Colonel Edward Butler, charged with attempted bribery, today began an investigation to learn why a deputy sheriff returned marked "unfound," subpoenas for four witnesses for the defense in the Butler trial. The failure to subpoena John R. McCarthy, one of the four, was responsible for the granting of the continuance to the defendant.

### Troops Take Possession of Mines.

Tucson, Ariz., Oct. 17.—A special from Cananea, Sonora, says: A sensation was caused yesterday by Mexican troops taking possession of a group of copper mines purchased some months ago by the Copper Queen company from Taggart, Morse, Jamison and others of Indianapolis. L. Lindsay secured a judgment from the court of first instance of Sonora, Mexico, against the Indianapolis claimants on account of alleged failure to carry out a contract. The Queen company refused to give possession, hence the action of the troops. There were 150 men working and possession was given the soldiers without resistance. Lindsay is now in possession.

### Lion Attacks Trainer.

Terre Haute, Ind., Oct. 17.—Dick Dekenzo was attacked by Nero, the big lion with a wild animal show, at the close of an exhibition last night. The lion inflicted frightful gashes on Dekenzo's back, hands and legs. Only the prompt action of attendants saved the trainer's life. The spectators were stampeded and a number were bruised in the wild rush for the exit.

If you want to know what smartly dressed men will wear this season ask

## True Economy IN CLOTHES BUYING

DOES not consist in buying the lowest priced goods. Real economy is only practiced when you buy the best clothes that can possibly be made at a fair price.

### We Recommend THE HUB CLOTHING

because of the quality and also the price. You will pay twice as much for a tailor-made suit when you can buy one at our store that looks and fits just as well and have enough money left to buy an overcoat. We have the largest and stock made up in the very latest styles to select from. And be sure and see our overcoats and gents' underwear.

"Tilt" Shoes Fit the Feet

The Hub Suits Sell From \$5.00 Upwards.

E. C. Petersen, - - - Proprietor.

## FIRE FIEND VISITS DUNLAP

The Stewart Lumber Company a Heavy Loser.

Destructive Fire on Wednesday Night Causes Large Property Loss.

The following taken from the Council Bluffs Nonpareil of October 16th tells the story of a destructive fire at Dunlap on Wednesday night:

About 10 o'clock fire was discovered in the elevator of the Lehan Grain Co. at this place on the corner of First street and Iowa avenue. The volunteer firemen and citizens turned out en masse, but the elevator building and the office of the Lehan Grain Co., with about 8,000 bushels of grain and several cars of coal were a total loss.

The fire communicated to the warehouse and office of the Stewart Lumber Co. the south, which burned to the ground with the contents, including a warehouse full of doors, windows and finishing lumber on the west. The freight depot of the Chicago & North-Western was burned to the ground. The estimated loss of the Lehan Grain Co. is \$10,000, partly insured; Stewart Lumber Co. \$4,000, partly insured; North-Western railway \$1,000, partly insured.

Great credit is due the firemen and citizens for the heroic work which saved two large lumber yards just south of the fire and the business block to the east. No one was injured.

Court has been extremely uninteresting this week. The first case called, that of Kelly vs. Greves, of West Side, went by default and costs were taxed to plaintiff. The case of Amelia Krumviede vs. R. A. Romans was settled out of court. The case of Purcell vs. Sheriff Bell grows out of a judgment held by Mr. J. B. Romans. The amount involved is small but the case is being hotly contested as further litigation between the parties is pending.

### Telegram From Mitchell.

Washington, Oct. 17.—There was received at the white house quite a long telegram from Mr. Mitchell of the mine workers' union, in reply to a message the president had wired him, giving the final result of the strike agreement, with certain suggestions from the president that had been accomplished. It was the president's wish to have a speedy resumption of mining. Mr. Mitchell's response gave what had been done in Wilkesbarre toward declaring the strike off. Acceptance of places on the commission have been received from Mr. Parker and some other members of the commission.

The work of the commission will be exhaustive and will take considerable time. It is the president's desire that the inquiry be very thorough and that the commission perform the labor set before it so completely as to secure not only a final adjustment of the present troubles, but also to furnish a basis upon which similar great labor troubles may be averted in the future. Its first step will be to organize and select a chairman to preside over its deliberations. Who this will be, of course, is not settled, but depends on the individual members of the body.

General Wilson, formerly chief of the engineer corps of the army, however, heads the list of members and may be chosen as chairman of the commission.

### British Press Comment.

London, Oct. 17.—"The president's triumph," is the subject of long dispatches and editorial articles in all the morning newspapers, and in some cases congratulations are also extended to J. Pierpont Morgan. The opinions expressed are a measure of the relief felt in England. The Daily Telegraph says: "American trades unionism, by securing a reference to arbitration, has achieved a precedent which may be far-reaching, for it suggests unmistakably that the spread of labor organization across the Atlantic may prove to be a more rapid and powerful check upon the trusts than either tariff reform or federal amendment."

Adelaide Cawley, aged seven years, died at a Pittsburg hospital Thursday, making the fifth death as the result of the Homestead tragedy, for which Charles Cawley is now in jail, charged with the murders.

## SAM KELLY SERIOUSLY HURT

Struck by Engine While at Work on Northwestern.

Leg is Broken and Other Severe Injuries Sustained. Will be Laid up for Some Time.

Mr. S. M. Kelly was seriously injured on yesterday morning while at work on the section near the sand pit west of Denison. He was at work with a gang of men and was lifting a timber just as the pilot of the engine on train No. 1 struck him. He was thrown some distance against the cattle guard and when picked up and taken to his home it was found that he had sustained a compound fracture of the leg a severe scalp wound and the fracture of a rib. While the injuries are very severe and the process of convalescence will be long and painful yet the patient is resting as comfortably as could be expected, and there is no fear of fatal results. Where the blame for the accident lies has not been determined.

John Klinker ought to be elected county attorney this year and he will be if the people have any regard for the fitness of things. From recent developments it appears that it would be a positive unkindness to elect the democratic candidate. It would be but an invitation to further excesses which threaten to shorten the life of a young man who in spite of his failings has many attractive qualities. What we say is said not in malice or for political purposes but it is a fact recognized and spoken of with kindness and sincerity by his best friends that success at this time would probably be the worst thing that could happen to the democratic candidate for this office. Mr. Klinker would not abuse the confidence of the people and would give careful and earnest attention to the affairs of the office. We regret the unfortunate circumstances, but it is only fair that the voters should know the truth.
