A TWICE A WEEK PAPER.

DENISON, IOWA, TUESDAY, NOVEMBER 4, 1902.

VOLUME XXXVII—NO. 84

COUNTRY GAINS TOWNS LOSE

Democrats Probably Carry County by 200 Majority

Their Ticket Elected Except Sam O'Hare Who Runs Behind in Every Precinct.

The vote of yesterday was light. The democrats show net gains over last year, when the county went republican, in all the towns heard from, while in the country the republican vote is the largest it has ever been. The country precincts are always the last heard from and so republican prospects are growing brighter throughout the day. The republican county ticket shows great fluctuations in localities with the exception of Klinker who is making steady gains in every precinct.

Jackson gives the smallest democratic majority (15) in its history and Klinker carries the township by 2 votes. Goodrich shows an increased republican vote of 11 over last year.

In Denison the scratching was something frightful, John Cook received the independent vote because he was a Denison man and John Holland received the Irish vote, Koenekamp ran with his ticket, Klinker has the honor of carrying Denison by the largest majority of any county candidate for many years, while Conner breaks all records with a bumper majority of 239. It is believed that Mr. Conner will carry the county by a good majority thus receiving a splendid nonpartisan endorsement from his home county.

THE REVIEW reserves additional comment until a later issue. While disappointed in the results it commends the republican candidates upon the fact that nearly every one of them ran ahead of his ticket. Especially those candidates who made a special effort before the people. The election of a partisan board is a mistake which the people will regret. The election of McKim was another mistake.

Mr. Dieter has the glory of defeating John Holland by ten votes in his own township, reversing a democratic majority of 15. Mr. Dieter also ran well in West Side but in Vail Holland had the best of it.

Below we give the figures as reported from the various townships:

Apology.

Owing to the fact that our regular shipment of paper did not arrive from Chicago we are compelled to issue today's paper in only half size form. We have taken steps to see that this does not occur again and trust our readers will bear with us.

THE REVIEW wishes to congratulate the republican candidates upon having made a splendid fight against heavy odds. It has been demonstrated that Crawford is fighting ground, but that the vote is largely an independent one and that it cannot be controlled by any party management. Republicans and democrats have formed the scratching habit and no matter what the party workers may wish they will scratch.

Word comes from Logan that Edgar Garrison was reelected County Clerk of Harrison county by a majority of 250 votes.

SPARKS FROM THE WIRES.

Judge Shelby has placed the Southern Building and Loan association of Huntsville, Ala., in the hands of Lawrence Cooper, as receiver.

The Wisconsin university football team will make a trip to the Pacific coast for games with Leland Stanford and the University of California during the Christmas vacation.

Orders were received at the Annapolis naval academy reducing the course of midshipmen to three years instead of four. The change is made by the pressing need for naval officers.

Harry Forbes, the bantamweight champion, met two men in the same ring at Chicago Monday night and defeated both. His opponents were George Halliday and Billy Flanagan.

Rev. George Wilson, a widely known Presbyterian and author, died at Bloomington, Ill., Monday, aged eighty-five. He attracted much attention before and during the civil war as a lecturer against slavery.

The annual report of William S. Shallenberger, assistant postmaster general, recommends parcels post conventions with various European governments and a test with other countries of a universal postage stamp plan.

FOUND—A mixed brown shawl, on road west of town. Information at REVIEW office.

SOCIETY ENJOYS GAY RECEPTION

Brodersen Home the Scene of Two Brilliant Afternoons

Mrs. Brodersen, Mrs. Tamm and Miss Lehfeldt Entertain Most Charming.

The scent of English violets, a bright profusion of flowers and ferns and the genial hospitality of the charming hostesses all served to make the receptions given Friday and Saturday of last week by Mrs. B. Brodersen, Mrs. J. H. Tamm and Miss Minnie Lehfeldt one of the most pleasant of many delightful social functions of the season. The receptions were given at the home of Mrs. Brodersen, Little Miss Brodersen and a number of her friends admitted the guests and conducted them to the profusely and beautifully decorated parlors where they were received by their hostesses. The afternoon was enhanced in its pleasure by numerous musical by Denison's musicians and a bounteous two course lunch was served in the dining room where English violets served as favors.

Both afternoons were largely attended and on both occasions the appointments were perfect and such as to reflect much credit upon the receiving ladies. Miss Lehfeldt is about to leave for a California visit and her many friends were glad of this opportunity to wish her God-speed and a safe return. There are no better-hearted and more delightful ladies in Denison than Mrs. Brodersen, Mrs. Tamm and Miss Lehfeldt and the afternoons were greatly appreciated by all.

COURT HOUSE IS CARRIED

Voters Order a New \$75,000 Building.

About 500 Majority in the County Charter Oak, Vail and 25 Democrats Against.

The people rejoice to-day that the court house proposition has been carried by about 500 majority. Charter Oak and Vail seemed to be the only towns in the county to give the proposition a black eye. Manila, Dow City, West Side and the other towns of the county did splendidly. There were 28 votes against the court house in Denison. This means that Crawford is no longer to be disgraced by the old hulk that has served as a court house for many generations. We believe that when the new building is erected the people will be well satisfied and that even those who voted against it will be glad in their hearts that Crawford is among the progressive counties of the state. Denison is naturally elated, it will beautify the town and it insures a busy season and good times for Denison people next year. The building of the court house and the Carnegie library together with the many private improvements contemplated will make next summer a busy one for all artisans and will make Denison one of the finest appearing cities in Iowa. The victory was a non partisan one and no party lines seem to have been drawn on the matter in any part of the county. The vote outside of Denison was but slightly against the court house and the handsome majority in the city was enough to carry it by a larger vote than had been at all expected. We trust that the board will take immediate steps toward the erection of the building and that there will be no doubt when the building is completed but that the voters obtained the worth of their money.

Hurrah for Klinker.
While outside conditions contributed largely to the election of P. J. Klinker his own personality was a large factor in determining the result. He was known as a clean honest upright young man. People remembered how he had worked his way against odds, and how

P. J. KLINKER County Attorney Elect

he had improved every opportunity. He made a hard campaign, personally visiting the voters in nearly every part of the county. He deserves great credit and we believe no voter in the county will have just cause to regret his election. Hurrah for Klinker!

Sioux Falls, S. D., Nov. 4.—The Democrats this morning say they will elect from twelve to fifteen of the 130 members of the state legislature. Republicans concede them only about six. Conservative estimate places the Socialist vote at 3,000. It is estimated that a total of 80,000 votes will be cast, a falling off of about 15,000 from two years ago.

TRIBAL WAR IN NEW HEBRIDES.

Villages Plundered and Burned and Inhabitants Massacred.
Victoria, B. C., Nov. 4.—Advices were received by the steamer Mowera of a tribal war, which has resulted in loss of life, on Esprit Santo Island, the largest of the New Hebrides group. Coast tribes have been attacked by a powerful inland tribe and several villages were plundered and burned. Letters have been sent to the French authorities asking that a warship be sent to prevent another massacre.

The bark Timra of Sydney has been burned at sea. She left for Wellington with a general cargo and was seen off the New Zealand coast on fire. No trace of her crew was seen afterwards.

PALMA DISCUSSES TREATY

Says Reciprocity Will Doubtless Be Arranged With America.

CUBAN CONGRESS RECONVENES.

President Delivers His Message, in Which He Takes an Optimistic View of the Future of the Republic. Sanitary Conditions Improving.

Havana, Nov. 4.—The Cuban congress, which adjourned Oct. 20, reconvened yesterday. President Palma, in his message to congress, takes an optimistic view of the future of the republic. He refers to the remarkable good order that has been preserved throughout the island, which, he says, is proof of the peaceful nature of the Cuban people. The president says also that the sanitary condition of Cuba today is even better than it was during the period of American intervention.

"Our relations with the United States," continues the message, "are especially cordial. Proof of this is found in the negotiations between Cuba and the United States for a commercial treaty on the basis of mutual tariff concessions. The special object of this treaty is to obtain special reductions for our products, particularly sugar. It can be hoped from the sympathy with which the American people regard us and from the manifest interest which President Roosevelt entertains in the prosperity of Cuba that a reasonable arrangement by means of this treaty can be arrived at."

LADRONES MURDER TEACHER.

D. C. Montgomery of Lexington, Neb., Killed in Philippines.

Manila, Nov. 4.—D. C. Montgomery, superintendent of schools in Oriental Negros, was murdered Friday by ladrones, three miles from Bacolod.

Mr. Montgomery was going to Bacolod for a consultation with the retiring superintendent and to assume control of the division. He had a large sum of money with him. Six natives armed with bolos and spears attacked the superintendent, quickly killed him and then mutilated and robbed him. The constabulary have offered a reward for Mr. Montgomery's murderers and it is thought they will be captured. Robbery is understood to have been the motive for the deed.

This is the first instance of a teacher in the Philippine islands being harmed while in discharge of his duties. Mr. Montgomery was formerly a resident of Lexington, Neb., and leaves a widow, who is a teacher in the island of Negros.

Governor Yates' Condition.

Springfield, Ill., Nov. 4.—Governor Yates yesterday passed the most critical day since he was taken ill. His fever reached 103.45 degrees, while his pulse was 98. The governor was irrational during part of the day. The patient received some rest and also partook and retained some nourishment during the day.

Two Oklahoma Outlaws Killed.

Guthrie, Okla., Nov. 4.—Bert Casey, an outlaw, and Jim Sims, one of his lieutenants, trapped by two deputy sheriffs in a rendezvous near Glen Springs, in Woods county, were shot and killed. They put up a strong fight, firing several volleys, but none of the deputies were hit. Two deputies in disguise had secured the confidence of the outlaws and, being with them at the time, gave the signal to their fellow officers that started the fight. Casey and Sims were planning the release of George Moran, another of their number, now on trial at Lawton for murder.

Money Package Stolen.

Des Moines, Nov. 4.—Officers of the Des Moines National bank made public today the loss of \$2,000 shipped by American Express to the Bank of Irwin, Ia., on Oct. 20. When the package was opened at Irwin the next day it contained brown paper. One seal had been removed from the package without breaking it and replaced by the use of muclage after the package had been closed again. It is claimed the muclage was still soft when the package was opened, thus indicating that the contents of the package had not been removed many hours.
