## ENTERS IN REGAL STATE

Lord Curzon Rides Into Delhi on an Elephant.

DURBAR OFFICIALLY OPENED.

Accession of King Edward as Emperor of India is Richly Celebrated—Cortege is of Monster Proportions. Spectacle One of Rare Brilliance.

Delhi, India, Dec. 30.—The viceroy, Lord Curzon, made his state entry into the capital of the Moghul yesterday. This constituted the official opening of the durbar held to celebrate the accession of King Edward as emperor of India.

It was a splendid pageant, probably unparalleled in its magnificence. At the head of the elephant procession rode Lord and Lady Curzon on the state "grand tusker," twelve feet high, the largest elephant in India. Their howdah was decked with gold and silver and the elephant itself was almost hidden beneath a gold-worked saddle cloth. The Duke of Connaught, who represented King Edward, and the Duchess of Connaught followed. Their elephant was equally gorgeously caparisoned.

Then, in order of precedence, came the ruling chiefs, seventy in all, their huge elephants forming a line a quarter of a mile in length.

In the rear of the procession rode Lord Kitchener, the commander-in-chief of India, surrounded by a brilliant staff, and by three princes with escorts of Indian cavalry, and tribal leaders from beyond the border line.

Down the main street moved the corteges of saluting soldiers and excited, surging, saluting throngs of natives. Then, after a four-mile march, the elephants of the viceroy and Duke of Connaught halted side by side and the pageant was concluded with the great princes filing by their elephants trumpeting a salute.

HUMBERTS SAFE IN PARIS.

Noted Persons Arrive in Paris at an Early Hour.

Paris, Dec. 30.—The members of the Humbert family, recently arrested in Madrid in connection with the great safe frauds in this city, arrived at Orleans railroad station here at 7:40 a. m. There was no demonstration. The prisoners were conducted to the prison.

The public had doubted the sincerity of the government in ever attempting to bring back the fugitives, owing to the political and social snob which was sure to follow, but the arrival of the prisoners is now generally accepted as showing the purpose of the authorities to spare no means for the prosecution and punishment of the accused. The plans for the prosecution of the Humberts have not yet been announced.

Louis Burton of Louisville, Ky., the returned Philippine soldier who killed a negro, Frank Walker, in Kansas City Saturday night, was released Monday, the coroner's jury finding that Burton acted in self defense.

Robert B. Armstrong, private secretary to the secretary of the treasury, will be appointed as assistant treasurer on the reassembling of congress, whose resignation has been in the hands of Secretary Shaw for some time.

Discuss Moroccan Crisis.

Madrid, Dec. 30.—King Alfonso last night discussed the Moroccan crisis with General Weyler, minister of war, and the Duke of Veragua, minister of marine. In addition to the cruiser Infanta Isabel, which has already gone to Tangier, other vessels are to be held in readiness at Malaga and Algeciras to take reinforcements to Ceuta and Melilla. The government has asked ambassadors at Paris and London to ascertain the views of the British and French governments concerning the Moroccan situation. It seems to be feared in political circles here that some foreign power will intervene in Morocco. The latest news to reach Madrid confirms the previous reports that Fez has been invested by the rebels.

Marconi Picks Station Site.

Rome, Dec. 30.—It is stated that Signor Marconi will shortly come to Rome and begin the construction of a great wireless telegraph station at Monte Mario. It will be the most powerful station of the kind in the world, and here Marconi will endeavor to solve the remaining problems in etherography. He has asked Professor Right, under whom he studied electricity, to assist in the work. A national subscription to purchase a gold medal for Marconi is proposed.

Postoffice Robbers Captured.

Perry, Okla., Dec. 30.—Sheriff Foster and posse of Noble county, after a long running fight, captured James Mark and William Evans, supposed to be the men who robbed the Mulhall postoffice Sunday morning. One of the men had in his possession \$10,800 cash, including \$243 in pennies. The prisoners are now in the Perry jail.

## AGAINST CUBAN TREATY

Opposition to Ratification is Developing.

PRESIDENT IS YET CONFIDENT.

Opponents Fear if Compact is Ratified Other Nations Will Demand Like Concessions—Special Session of Cuban Senate Called.

Washington, Dec. 30.—Considerable opposition is developing to the ratification of the Cuban reciprocity treaty now pending in the senate. It is not taking quite the form that the opposition to the Cuban legislation took last spring, but it is sufficient in substance to give concern to the friends of the treaty. From time to time, as opportunity offers, the president is discussing the matter with senators, particularly those who are known to have objected to the enactment of legislation extending tariff concessions to the Cuban republic. Several weeks ago it appeared that the treaty when presented to the senate would be ratified without difficulty, but some senators are now taking as strong grounds against the treaty as they took against the legislation proposed at the last session of congress.

Some senators fear that ratification of the Cuban treaty may lead to a demand from other countries that they, too, be accorded the special tariff concessions by the United States.

The president, it is understood, believes that the treaty with Cuba will be ratified.

Special Session of Cuban Senate.

Havana, Dec. 30.—After a lengthy conference between President Palma, the members of the cabinet and leading members of the senate, it has been decided to call an extra session of the senate to decide the reciprocity treaty with the United States. President Palma is anxious to bring this matter to a close, and is urging the senate to begin operation Jan. 5, instead of Jan. 12.

BINGER HERMANN TO QUIT.

Commissioner of General Land Office Resigns by Request.

Washington, Dec. 30.—Binger Hermann, commissioner of the general land office, has resigned and will be succeeded by William A. Richards, now the assistant commissioner of the general land office. Commissioner Hermann said that the change will be operative Feb. 1. Mr. Hermann's resignation was requested about two weeks ago by the secretary of the interior and was immediately presented. The relations between Secretary Hitchcock and Commissioner Hermann have been strained for a long time.

Charges have been preferred against two of the subordinate officials of the land office involved in the alleged irregularities and they have been given a specific time in which to make answer. These officials are Harry King, chief, and Fred P. Metzger, assistant chief of the draughtsman's division of the government land office. The former is charged with neglect of duty and the latter with mismanagement and unsatisfactory administration of his duties. Mr. Metzger was formerly from Kansas and was once chief clerk of the general land office.

Fire at Louisville.

Louisville, Dec. 30.—Fire which broke out at 11:30 last night in the wholesale whisky shop of Bonnie Bros., on Main street, in the heart of the wholesale whisky district of this city, caused a loss of about \$100,000 and threatened for a time to destroy the Louisville and Nashville Railroad company's general offices and other property, valued at three or four times that amount. The flames, however, were gotten under control after a hard fight and the principal damage was confined to the building in which the fire started.

Foreigners Safe at Fez.

London, Dec. 30.—A dispatch to the Times from Tangier says a courier from Fez reports that the Christians there appear to be safe. The missionary women are in the British consulate. The attack on the camp occurred at night time. It is reported that 2,000 of the sultan's troops were killed. An absurd rumor is current, continues the correspondent, that the French are supporting the rebels. As a matter of fact the anti-Christian movement is more dangerous to the French than to anybody else, as it threatens them in Algeria. Tangier is quiet.

To Advance Science.

Washington, Dec. 30.—The American Association for the Advancement of Science began its second annual meeting here yesterday. The attendance was large. President-elect Dr. Ira Remson presided.

Clerk and Money Gone.

Omaha, Dec. 30.—Frank M. Brown, night clerk at the Metropolitan hotel, has disappeared after relieving the safe of all its cash, about \$250, and two diamond rings belonging to a guest.

## TRIAL OF MRS. LILLIE IS ON

Preliminary Hearing Begins at David City, Neb.

FIRST WITNESS ON THE STAND.

Court Room is Crowded With Spectators When Hearing Commences. Brother and Mother of Murdered Man Attend Accused Wife.

David City, Neb., Dec. 30.—The district court room was packed to its utmost capacity yesterday, when the preliminary hearing of Mrs. Lena M. Lillie, charged with murdering her husband on Oct. 24, commenced. It will probably occupy all week.

Mrs. Lillie was accompanied by her parents, also Sam Lillie, brother of the murdered man, and his mother. All of these believe Mrs. Lillie wholly innocent of the crime charged.

Harvey Lillie was the agent of a local elevator company. He was shot in bed as he lay beside his wife, and killed instantly. The defense will try to prove that Lillie was killed by a burglar, but the prosecution, which has been working on the case for some time, will endeavor to show that the bullet that killed Lillie was fired from the wife's side of the bed. Evidence will be adduced to show that Lillie carried \$8,000 life insurance, \$7,200 of which was in his wife's name. A bucket shop operator at David City is expected to testify that Mrs. Lillie had been trading with him for several years and that between Aug. 7 and Oct. 4 of this year her losses amounted to about \$1,400.

The first witness, Dr. Stewart, was examined by the state with the intention of showing that the murdered man could not have moved into the position in which he was found after being shot, because paralysis had set in instantly. This is a part of the prosecution's effort to destroy Mrs. Lillie's robbery story.

So many people have come to town to witness the trial that David City presents the appearance of a fair day. The crowded court room presented the feature of not only containing the curious people of the county, but many relatives of the dead man and the woman on trial found representation. There have been marriages among the different branches of the two families until it seems to be a fact that nearly every household in the town contains a relative of either the Lillies or the Hills.

CATTLE LEFT TO DIE ON RANGES

Animals Caught Without Food by Severe Blizzards.

Denver, Dec. 30.—Authorities on live stock say the loss of the last week in eastern Colorado and western Nebraska will not be less than 5,000 head. More than ever this year the humane society is agitated by reports from the cattle ranges and the suburbs of the cities and towns of Colorado, where animals are left to starve and freeze.

When the cold weather set in some time ago the range was poor, and thousands of head of stock were still there before the bad weather, their owners failing to take them in and supply winter feed. The first blizzard ran the death rate well up. Other storms have come since then, and what starvation has not accomplished exposure has.

Private Car Derailed.

Wynne, Ark., Dec. 30.—The private car of General Superintendent A. J. Davidson of the Frisco, occupied by Mr. Davidson and a party of St. Louis and New York capitalists, was overturned here last night. The car was attached to the rear end of the Memphis-St. Louis Iron Mountain passenger train. In passing over a switch it was thrown from the rails and began to roll down the embankment. A telegraph pole stopped it and the occupants of the car escaped with bruises and slight injuries.

Forestry Association to Meet.

Washington, Dec. 30.—The twenty first annual meeting of the American Forestry association will be held here tomorrow. The morning session will be a business meeting, at which the president of the association, Secretary of Agriculture Wilson, will preside. At the afternoon session a number of papers will be read.

Sultan Barricades Palace.

Tangier, Morocco, Dec. 30.—The sultan of Morocco is said to have retired to the palace at Fez, with all his available artillery and ammunition and to have strongly barricaded himself in consequence of a threatened attack on the part of the rebels.

Germany Silent as to Blockade.

Berlin, Dec. 30.—The German government is completely silent as to when the blockade will be raised, or whether it will be raised at all until every question concerning arbitration is accepted. The acceptance of arbitration after the blockade was begun is not received with popular favor in Germany.

Birmingham's House.

Birmingham, England, has upward of 40,000 back to back houses and 6,000 courts which are entered by tunnels from the street.

## BUSINESS FIRMS ON THE MOVE

Changes of Location Effected by Prominent Firms.

All Will Be Well Housed in New and Comfortable Quarters by New Years Day.

This has been moving week among Denison's merchants. Kelly's shoe store has been moved to its elegant quarters on Main street. John Schnoor has moved to his new location on Upper Broadway. The Bulletin has moved to its new home across from the REVIEW. The Democrat has moved upstairs over the Bulletin and Kemming's tailoring department has moved to rooms above the new Kemming store. The transfers were accomplished with as little trouble as could be expected. Tom Kelly is already complaining that his new store is not large enough to accommodate his immense stock and wishing he had built a 100 foot instead of an 80 foot store. We are informed that either Mr. Chris Otto or Mr. Bamford will occupy the room vacated by Mr. Kelly. The new telephone has leased the entire second floor of Mr. Kelly's new building and Mr. Harding of Charter oak will take the two front rooms over Mr. Gulick's building. Mr. Kemming is well pleased with his new location and both Messrs. Kelly and Warbasse are delighted. Mr. Schnoor thinks his new location is especially adapted to his business. It is no easy task to move a large stock of merchandise and it will be some time before all are fixed up in ship shape. We know all the above mentioned business men extend a cordial welcome to all to visit them in their new quarters.

Birmingham's House. Birmingham, England, has upward of 40,000 back to back houses and 6,000 courts which are entered by tunnels from the street.

PANIC AT A CHURCH PARTY.

Stereopticon Gas Tank Explodes at Chicago and Many Are Hurt.

Chicago, Dec. 30.—A wild panic and injury to several persons followed an explosion at an entertainment last night in the French Evangelical Methodist Episcopal church, 327 Center avenue. The crash was caused by the bursting of a stereopticon gas tank, its force being so great as to hurl people from their seats, shatter windows and partly wreck the interior of the structure. Men, women and children fought for egress when the crash came and that the list of injured was confined to those hurt directly by the explosion proper was due to the efforts of the pastor, Rev. A. L. Allais, who calmed the 200 excited occupants of the small Sunday school room.

The seriously injured are: Lewis Compton, two fingers of right hand blown off; internal injuries; Mrs. Mary Linder, both legs crushed and flesh torn from left limb from ankle to knee; internal injuries; Peter Linder, nose crushed, both legs burned and flesh torn from them.

Several other persons were more or less hurt.

Atlanta Theater Burns.

Atlanta, Ga., Dec. 30.—The Star theater building, on Decatur street, was almost completely destroyed by fire yesterday. A vaudeville company was giving a rehearsal in the theater when startled by cries of "fire" and the members of the company made a hasty retreat from the burning building in their stage costumes. The burned building originally cost about \$300,000.

Thirty Lawyers in the Case.

Colorado Springs, Colo., Dec. 30.—The will of the late W. S. Stratton, involving a fortune of between \$10,000,000 and \$12,000,000, came up for probate yesterday before Judge Orr of the county court of El Paso county. There are thirty of the most prominent lawyers of Colorado in the case.

Injured in Gas Explosion.

Pittsburg, Dec. 30.—Three buildings were burned to the ground and two hotels and the postoffice were damaged by fire at Braddock yesterday. During the fire, Chief McMichael of the fire department and Policeman George Young were badly injured by an explosion of gas. Loss, \$55,000.

Bold Diamond Robbery.

New York, Dec. 30.—In full view of the passing crowds, a window in the pawnshop of Simpson & Co., in West Forty-second street, was smashed with a paving block last night and \$1,000 worth of diamonds were stolen. Only three of the gems were recovered after the capture of the robber. It is believed by the police that several men were in the job and that the man who broke the window passed the jewels to confederates. After an exciting chase, which was entered into by hundreds of men, the robber, who drew a pistol and fought desperately for his liberty, was captured. He was more dead than alive when the police rescued him from the crowd of pursuers. He is nineteen years of age and calls himself William Madison of Boston.

Engineer Killed in Wreck.

San Bernardino, Cal., Dec. 30.—Santa Fe overland train No. 5 crashed into a light engine sidetracked at Siam station, killing Engineer Charles Hayward and badly injuring Fireman A. Arliss. M. L. Shackelford, fireman on the overland, was bruised about the body and had an arm mangled. Engineer James Gray of the overland escaped by jumping. The impact was terrible, completely demolishing both engines. A defective switch is said to have caused the collision. No passengers were injured.

Cummings Died of Alcoholism.

Chicago, Dec. 30.—Richard Cummings, whose dying statement Saturday night charged the family of William Moniak, 4226 Ashland avenue, with causing his death, did not die as the result of drinking poisoned wine, as he alleged, but from the effects of acute alcoholism. This was developed at an autopsy held on Cummings' body by physicians from the coroner's office. No trace of any kind of poison was found. The police have released the Moniak family.

Expect Trouble in China.

Peking, Dec. 30.—According to messages received here from the British consul at Hankow, whose judgment is exceptionally trustworthy, the movements of Tung Fuh Siang gave reason to expect trouble. Tung Fuh Siang is supposed to have 10,000 warriors under his command in Kan Su province. He can easily dominate the provinces of Kan Su and Shen Si, as the local imperial forces are very inferior.
