CARROLL, CARROLL IN THE BARREL

Champions of Iowa Are Defeated by Denison.

Bowling Contest Thursday Night Gives Great Satisfaction to Denison Bowlers.

"Carroll, Carroll, In the Barrel" was the doleful chant to the tune of which the Carroll Champions bit the dust on Thursday night at the Lane and Leahy's alleys. The alleys were in fine condition and Carroll expected an easy victory, especially when the found that Kelly and Tamm and Shuler and others of the old time bowler were not on the team. Both team rolled poorly, Carroll being unable to reach the 750 mark in any game. The Denison rooters had a good time, except in the last game when it looked for a time that Carroll would win by a score large enough to overcome the Denison victories in the first two games. The score given below shows that no very good playing was done. The Carroll boys arrived more than an hour late and the games were not ended until nearly one o'clock.

The following is the score of the games:

The Whist club held a delightful session on Wednesday evening at the home of Mr. and Mrs. Carl F. Kuehne. The games were interesting, and there was less than the usual "bad luck" complained of by the players. Mrs. Kuehne made the one course, prescribed by the club regulations, cover a multitude of delicacies. After the delicious luncheon the club was entertained by instrumental and vocal selections by Miss McHenry, Miss Ley and Miss Allie Sewell. The Whist club is proving a delightful social feature and Mr. and Mrs. Kuehne must be credited with having entertained their fellow members most royally.

An effort is being made to organize a Denison Ladies Camp of Fraternal Choppers of America and if organized it will probably be known under that name. It requires 15 members to start the organization and five have already been secured with good prospects of securing more than the required quota. When it was proposed to the Men's camp so many men objected to having the two camps in one that it was decided to start a camp especially for the ladies. However the rules governing the ladies camp permit them to have gentlemen members and we do not doubt that the ladies will soon have won most of the other camp to their side and in all probability even the "knockers" will bury their hammers and hasten to make the lodge of Fraternal choppers of America of Denison a single camp. Mr. Wm. Marshall is soliciting for the organization of the ladies.

The finest sausage sold in Denison is that made at Johnson's Market on Upper Broadway. Mr. Johnson is reputed the best and most experienced sausage maker in Denison. His market is furnished with new and model machinery for sausage making. These are facts.

Death was caused by pneumonia and a complication of diseases. Mrs. McHenry died at her home near Dow City and the funeral services will be held at that place. Mrs. McHenry was about 78 years old and she had lived in this county since 1867. She was one of the most highly esteemed and dearly beloved in the county. A more extended account of the noble and sympathetic life just ended will be given in Tuesday's REVIEW. We extend our sincere sympathy to the bereaved loved ones.

WILSON'S LOSS BUT A CANARD

Rumor of Great Losses on Nebraska Ranch Proves False.

Friends Rejoice that No Misfortune Has Befallen Denison Ranchers.

For the past few days there have been persistent rumors that A. D. and Howard Wilson had met with severe losses on account of the recent storm. It was said that at least \$2000 worth of cattle had died of exposure and starvation. Even the details of the misfortune were given. The REVIEW took pains at once to investigate the report and is pleased to state on the authority of one in position to know, that it is all a fake and a canard. The Wilson ranch was fully prepared for rough weather, large barns, quantities of hay and every preparation for feeding and protecting the cattle. Direct word has been received from Mr. Wilson denying the reported losses. It is strange how such a story got started but it certainly went the rounds. We are especially pleased to be able to correct the false report and we trust the Wilsons will continue to prosper in their enterprise.
