### Missourian Meets With Interruption in Congress.

### QUAY WANTS IMMEDIATE VOTE.

### Pennsylvania Senator Says Debate on Statehood Measure is Merely for Purpose of Delaying Measure. Beverage Makes Reply.

Washington, 21.—The house yesterday passed the District of Columbia appropriation bill and began consideration of the Philippines coinage bill. The general debate on the District bill was largely devoted to discussion of the Alaska boundary line dispute. Cochran (Mo.) denounced as "a cowardly surrender" the course of the state department.

Hepburn (Ia.) took up the challenge and countered with the charge that Democratic administrations had surrendered the territory between latitudes 49 and 54.40 and also the republic of Texas. While Cochran was speaking of the "trucking policy of the United States to Great Britain," a stylishly dressed young woman in the gallery leaned forward and cried out, "You lie." She then left the gallery.

### Quay Demands Immediate Vote.

Washington, Jan. 21.—The senate passed the legislative, executive and judiciary appropriation bill. When the statehood bill was taken up Quay demanded an immediate vote, compelling his demand with the statement that he did not care whether any senators desired to speak on the subject or not. The bill, he said, was being willfully obstructed by discussion. Beverage denied this and then discussed statehood for Oklahoma, Arizona and New Mexico. On conclusion of his remarks Quay submitted a number of propositions for the fixing of a day when a vote could be taken, but to all such Beverage objected. Senator Hanna spoke briefly in opposition to the bill.

### BOWEN REACHES WASHINGTON.

### Is Ready to Discuss Venezuelan Embroglio With Allies.

Washington, Jan. 21.—Minister and Mrs. Bowen reached here yesterday. Minister Bowen received a hearty welcome from the officials at the state department, to whom his tactful conduct of affairs at Caracas has given the greatest satisfaction. Assistant Secretary Hill and Second Assistant Secretary Adee congratulated him on the diplomatic ability he has shown. Mr. Bowen is a man of great energy and has undertaken the important delicate duties connected with the settlement of the Venezuelan difficulty with an earnest desire to discharge them with the greatest degree of speed consistent with safety. It is expected that the reports of the allies, who so far as is known are sincerely desirous of terminating the unfortunate situation on the Venezuelan coast, will lend him every aid in his task.

### Lessler Tells of Bribery.

Washington, Jan. 21.—A subcommittee of the house committee on naval affairs is now investigating the charge that Representative Lessler of New York, one of the members of the naval committee, had been approached with a bribe of \$5,000 for his support of a proposition looking to an appropriation for additional submarine torpedo boats, with a view to ascertaining whether there is sufficient warrant for a committee to ask the house to order a regular investigation of the matter. The sensational charge was made by Mr. Lessler himself at a meeting of the naval affairs committee yesterday afternoon. The question of the Holland torpedo boats was up and Mr. Lessler, who was opposing the authorization of additional boats, told the committee that he had been approached with a bribe.

### Discuss Order of Business.

Washington, Jan. 21.—The prospect of a congestion of business in the senate is such that the senators constituting the Republican committee on order of business met yesterday to adjust the claims of conflicting measures. The conference was attended by all the members of the committee, but was without appreciable results, except in the one respect that there was an unanimous agreement to give precedence to appropriation bills and conference reports over all other matters. Beyond this it was decided that the statehood bill should continue to occupy the position it now holds as the unfinished business of the senate and that the Cuban reciprocity treaty should be given second place.

## GONZALES LAID TO REST.

### Largest Assemblage of the Kind in the State for Twenty-five Years.

Columbia, S. C., Jan. 21.—About 2,000 people attended the funeral of Editor N. G. Gonzales at Trinity Episcopal church yesterday afternoon, packing the galleries, aisles and vestibules and every part of the building. About three hundred, unable to find standing room within, remained outside, braving a cold, misty rain which froze as it fell. With the exception of the funeral of General Wade Hampton, in the same church last April, the assemblage was the largest and most representative seen in South Carolina in the last twenty-five years.

## Pittsfield Motorman Sentenced.

Pittsfield, Mass., Jan. 21.—The distressing incident connected with President Roosevelt's visit here last summer, when his carriage was demolished by an electric car and his secret service guard, William Craig, was killed, was finally closed yesterday in the superior court. The motorman, Euclid Martin, pleaded guilty to a charge of manslaughter and was sentenced by Judge Pierce to six months in the house of correction and ordered to pay a fine of \$500. The conductor of the car, James T. Kelley, who was also indicted, also had his case placed on file. After pleading not guilty last week, the two defendants retracted their plea yesterday and threw themselves upon the mercy of the court.

## Exploding Boiler Wrecks Train.

Coshocton, O., Jan. 21.—Four men were killed by the explosion of the boiler on an eastbound Panhandle train four miles west of Bowerstown yesterday. The locomotive was hurled sixty feet in the air and crashed down upon a passing westbound freight train, smashing the second car behind the engine. Twenty-six cars were hurled down an embankment. Fireman McCurdy and brakeman Clemens, who were on the engine that blew up, were instantly killed, as well as Engineer J. D. Ward and brakeman Pettis of the passing freight train. Norris, known all over the United States for his extensive operations against gold brick and confidence men, will have to answer to eight indictments for blackmail found against him on the testimony of as many saloon keepers, who allege that he has extorted money from them to prevent their indictments by the Law and Order League for violations of the Sunday closing ordinances.

## CONVENTION OF MINERS

### President Mitchell Reviews a Memorable Contest

### HAS NO FEAR OF THE VERDICT.

### Leader of Union Impresses Upon Delegates Importance of Interests in Their Care and Expresses Confidence in Outcome.

Indianapolis, Jan. 21.—The first thing on the program at the miners' national wage convention was the reading of John Mitchell's annual address. The convention met promptly at 9 o'clock with 900 delegates in their seats. Mr. Mitchell received the closest attention.

President Mitchell began his address by impressing upon the delegates the interests committed to their care. Of the many important events affecting the interests and welfare of the toilers of the country he said the anthracite strike stood pre-eminent. Vital principles were at stake, which, if defeated, would have given to the American labor movement a shock from which it would have required years to rally and recover. After giving a brief history of the great strike, including the effort of the Civic Federation to settle the controversy between the miners and operators, the appointment of the strike commission by President Roosevelt after the white house conferences, Mr. Mitchell expressed confidence in the verdict to be given by the commission.

## JURY FINDS KELLY GUILTY.

### Former Speaker of St. Louis House of Delegates Convicted of Perjury.

St. Louis, Jan. 21.—Charles F. Kelly, member and former speaker of the house of delegates, was yesterday convicted of perjury in connection with the suburban street railway franchise bill and given two years in the penitentiary. He still has to stand trial on two charges of bribery in connection with the same deal.

A motion for a new trial was made by counsel for Kelly and Judge Ryan said that he would set a day later for the hearing of argument on the motion. John O'Brien and Edward Butler, Jr., signed Kelly's bond for \$10,000 and the defendant left the court room.

There was a riot and nearly bloodshed when the workers left the factories last night. ## PEOPLE DYING LIKE SHEEP.

### Town of Topolobampo Stricken With Dreaded Plague.

Bisbee, Ariz., Jan. 21.—Information has reached here that the dreaded bubonic plague has made its appearance at Topolobampo, Mexico.

It is also reported that the plague has been discovered in several interior towns in Sonora. Further reports received here are to the effect that there is no plague at Hermosillo and Guaymas.

The Guaymas quarantine against ships from Topolobampo, Mazatlan and even San Francisco is being maintained.

The people of Topolobampo are reported to be dying like sheep.

Advices from Guaymas state that orders have been received at Mazatlan by the federal authorities to burn the ship yard which was erected a few years ago at a large cost to the federal government. The destruction of the ship yard is only part of a program of desperate measures to be taken to rid the city of the dread bubonic plague. It is now believed that the plague has been contracted from infected vessels coming in from the east and has been carried ashore by rats or some other animals. It is impossible to get rid of these pests without destroying the buildings they infest and if necessary all the adobe buildings in Mazatlan will be burned or razed to the ground to rid them of plague-infested rodents.

## DEADLOCK IN COLORADO

### Senate Splits and Forms Dual Organization.

### EACH VOTES FOR SENATOR.

### Both Claim to Be Sole Constitutional Body Entitled to Act—Speaker to Decide Between Factions—Governor Peabody Refuses to Interfere.

Denver, Jan. 21.—Both houses of the general assembly balloted for United States senator at noon yesterday, and Henry M. Teller received 50 votes, only one less than is needed to elect. Senator McGuire, a Democrat, refrained from voting, but he subsequently said he would vote for Teller if it should appear that he could be elected. Only two Republican senators were in the senate chamber when the vote for senator was taken and they did not respond when their names were called. Soon afterwards the nine regular Republican senators, the two who were expelled by the Democratic majority and the eight contestants, who had been sworn in on the steps of the capitol Monday night, assembled in the lieutenant governor's room and formed a separate organization. A ballot was then taken for senator. Subsequently two of the regularly elected Republican senators, Drake of Laramie country and Cornforth of El Paso, left the Haggott senate and returned to the senate chamber, where they announced that they would act with the "regular senate" and would no longer participate in a "farce." Under the constitution Lieutenant Governor Haggott is the presiding officer of the joint session, which is to meet today to vote for senator. He will insist that the body over which he presided yesterday was the regular senate, and that its vote will then be called upon to decide which senate shall be recognized as regular. Comparison of the journals will show that no one has been elected senator. It will then be necessary for the joint session to proceed with the balloting until a senator is chosen.

If the Democratic senate is recognized and the house remains with its present membership, as seems likely, Senator Teller may be re-elected. On the contrary, if the Republican senate is recognized, there is likely to be no election and the balloting will continue indefinitely.

The house held a short session last night, but did no business. There is a well defined rumor that Governor Peabody has notified Lieutenant Governor Haggott that he will not recognize the Republican senate nor give a certificate of election to a senator elected by it. The Democratic senate is still in session and its members declare that they will not leave the chamber until a senator is elected or the session expires by limitation.

## SPEAKER NAMES COMMITTEE

### Joint Body Will Frame a New Revenue Law for Nebraska.

Lincoln, Jan. 21.—The senate's mittie on municipal affairs reported favorably on Senator Saunders' proposal to postpone the Omaha city election. Douglas of Rock, Warner of Custer, Sears of Burt, Thompson of Merrick, Swezey of Adams, Wils Pawnee and Loomis of Dodge named by Speaker Mockett to jointly with a senate committee framing and introducing a revenue bill. This is considered a strong, well balanced committee, comprising three organization men, Warner chairman of the committee on revenue and taxation, Swezey and Wils son; three anti-organization men, Sears, Thompson and Douglas, who, with Loomis, fusionist, are recognized exponents of revenue legislation, so that the odds really are in favor of the latter faction.
