REAL ESTATE MAN INDICTED.

Accused of Obtaining Money by Drawing Worthless Drafts on Bank.

Ida Grove, Ia., Feb. 11.—An indictment was returned against O. F. Powers of Oklahoma City, Okla., formerly immigration agent of the Atchison, Topeka and Santa Fe railroad, upon the charge of obtaining money under false pretenses. It is alleged that Mr. Powers represented to the real estate agents of Iowa that he had been selected as the agent of the Creek and Seminole Indians of the Indian territory to dispose of their lands after the allotment made by the Dawes commission. It is claimed that he began a correspondence with real estate men throughout Iowa and then followed this up with a visit to explain his scheme and that in nearly every case he secured an endorsement upon drafts all drawn upon the First National bank of Hutchinson, Kan.

ANARCHIST IS SENTENCED.

Imprisonment for Life for Man Who Attempted to Kill King Leopold. Brussels, Feb. 11.—Genaro Rubino, the Italian anarchist, who has been on trial here since Feb. 6, charged with attempting to assassinate King Leopold, Nov. 15, by firing three shots at the king, while he was returning from the cathedral after attending a Te Deum mass in memory of the late Queen Henriette, was found guilty yesterday and was sentenced to imprisonment for life at penal servitude. Counsel for the defense appealed to the jury to act in a manner similar to that of the jury which tried Sippo, who attempted to assassinate the then prince of Wales, now King Edward, at Brussels, in April, 1890, and, "listening only to the voice of their official duty, acquit the accused."

Ask Cape Dutch to Contribute.

Grahamstown, South Africa, Feb. 11.—In replying to deputations and as a guest at a banquet given here, Colonial Secretary Chamberlain made speeches yesterday which are considered as clearly foreshadowing an invitation to the Cape Colony Dutch to make contribution to aid the imperial government to carry out its South African proposals. He reminded the Dutch that it was the hope of their support that induced the Boers to undertake their struggle in defiance of Great Britain, which left untold misery behind. The colonial secretary appealed to them to accept the result as final as the Boers had already done.

ARGUMENTS FOR NONUNION MEN

Their Attorney Claims Wage Agreements Would Be Unfair.

Philadelphia, Feb. 11.—The United Mine Workers of America, as an organization, was severely scored by counsel before the anthracite coal commission. The nonunion men, through their attorney, John T. Lehman, demanded consideration at the hands of the commission, claiming the legal right to earn a livelihood as they might elect without the consent or dictation of the union. During his presentation of the case Mr. Lehman denounced the union as a fomenting of crime and anarchy. The main feature of his argument was that the union had no legal or moral right to coerce miners into membership or to arrogate to itself the authority to fix the wages of mine workers.

James H. Torrey, counsel for the Delaware and Hudson company, claimed that the question of recognition of the union was not an issue before the commission, but he devoted considerable time to the consideration of that demand. He asserted that violence and intimidation were agencies selected for the promotion of the purposes of the mine workers. Regarding the demand for an eight-hour working day, Mr. Torrey said the evidence showed that for various reasons the breakers did not average more than eight hours a day, so that the physical effects of long hours were not major.

Major Everett Warren, counsel for the Pennsylvania Coal company, answered the demands of the miners in detail and declared the socialistic theories of the union, or some of its leaders, to be responsible for unreasonable claims.

SUBMIT IT TO ARBITRATION.

Chicago Elevator Men and Janitors' Strike Is Ended.

Chicago, Feb. 11.—The strike of the elevator men and janitors in a number of office buildings in Chicago came to an end last night. The abrupt finish of the strike was unexpected and was brought about by the managers' association receding from the position it had taken in refusing to submit its case to the Chicago board of arbitration. It was claimed by the managers that a majority of the men on this board are friendly to the teamsters, who have been allies of the elevator men in the strike and that their cases would be prejudiced. They wished a different set of arbitrators. They announced last night that they had become convinced that they would receive fair treatment by the board and agreed to submit the case. The men declared two days ago that they were willing to abide by the decision of the board. The teamsters have agreed to supply the buildings, which were running short of fuel, with coal and all chance for trouble has come to an end for the time being at least.

WOMAN GETS ANOTHER TRIAL.

Hossack Murder Case Begins at Winterset, Ia., on Change of Venue.

Winterset, Ia., Feb. 11.—The second trial of the famous Hossack murder case was begun here today on a change of venue from Indiana. The defendant, Mrs. Margaret Hossack, more than three-score years old, was convicted a year ago of having quarreled with her husband over a contemplated division of his large estate and murdering him by splitting his head open with an axe as he lay asleep. She claimed he had been murdered by robbers, as he lay by her side, though she was not awakened until the assailants had escaped, and nothing was missing. The supreme court ordered a new trial.

TRIAL OF LENA LILLIE BEGINS.

General Opinion It Will Require All of Present Week to Secure a Jury.

David City, Neb., Feb. 11.—The case of Mrs. Lena Lillie, charged with the murder of her husband, was called in district court here yesterday. Mrs. Lillie entered the court room accompanied by her late husband's mother and his brother, Sam Lillie.

Great difficulty is being experienced in obtaining a jury acceptable to both sides and it is very likely that the rest of the week will be taken up before one is secured. The court room was packed with friends of Mrs. Lillie and people from this section of the county.

Sleighing Party Injured.

Leadville, Colo., Feb. 11.—A sled loaded with six young people ran into a Colorado and Southern switch engine last night, injuring three persons seriously. They are: Charles Holden and Alfred C. Cully, backs broken, will probably die; William Tappin, hip broken. The others of the party were severely bruised. The sled was racing down a steep hill and had almost reached the railroad crossing when the switch engine rounded a curve. It was too late to stop the sled, and it plumed into the drive wheels of the locomotive.

Shoots Sweetheart and Self.

Pittsburg, Feb. 11.—Maggie Hall, a domestic, was found dead in the rear of her employer's house, on Atwood street, last night and her escort, Nicholas Glazner, a motorman, was found lying by her in an unconscious condition. The woman had a bullet wound through the right eye, while the man had two wounds in the head. It is supposed Glazner, in a fit of insanity from the effects of typhoid fever, shot his sweetheart and then tried to kill himself. He will recover.

Coal Dealers Blame Railroads.

Topeka, Kan., Feb. 11.—The legislative coal investigation committee tried yesterday to find just where the railroads can be blamed for any part in the coal famine. Kansas dealers testified that to a great extent the coal supply in this state was cut short by poor management by the railroads in regard to their freight cars. Scarcity of cars and motive power has been responsible for the shortage almost as much as the strike in Pennsylvania, the dealers said.

Bartender Kills Pugilist.

St. Joseph, Mo., Feb. 11.—Thomas Prather, a bartender, shot and instantly killed Robert McSparren, a pugilist, in front of a saloon at Fourth and Sacramento streets last night. Prather shot and killed himself in his room soon after shooting McSparren.
