## DECLAMATORY PRIZE WINNERS.

FRED SOEHL 1st.

HILDA BRODERSEN 2nd.

Mr. Soehl will represent the Denison High School at the Maquoketa contest. The selections, one humorous, the other dramatic, given by Mr. Soehl and Miss Brodersen were so different as to make comparison almost impossible, and Denison people feel that each was entitled to first place in the different classes of declamations.

### The High School Contest.

It was indeed unfortunate that an error was made in figuring up the markings of the judges at the recent High School contest so that a mistake was made in awarding the essay prizes. The error was strictly one in mathematics and the markings were so close that the error is not surprising. In order that all may understand just how the decision was made the Review publishes the markings just as they were given by the judges. This table appears in another column.

We learn from Sup't. H. H. Savage that Fred Soehl's entry in the humorous class in the Northern Iowa Contest has been accepted and that Fred will represent Denison. We hope he will win and we have great confidence in his ability.
