If railway facilities hold out Mrs. A. F. Barber was expected to return from St. Joe last evening. In going to St. Joe Mrs. Barber missed connection at Omaha, and was compelled to remain a day in the city. After getting started from Omaha the engine broke down and the train was held up on the prairie for over an hour, arriving in St. Joe at midnight. On the return trip the same accident occurred and Mrs. Barber missed No. 4 on the Northwestern. She phoned Mr. Barber yesterday from the Bluffs that if walking remained good she would arrive Friday evening.

The death of Mrs. Geo. Fouts occurred on Wednesday evening at her home in east Denison. She leaves several small children to mourn her loss. Mrs. Fouts had been ill for some time. The remains were taken to Dow City for burial, the funeral taking place to-day. We are informed that her husband had not been near the home for several days before the death of this faithful wife and mother, although he was in the city during all the time. Comment is unnecessary. We can but express our sympathy for the little ones. We hope that they may be provided for, and that all possible may be done to make up to them the loss of a mother's love and care.

The Defiance Enterprise of March 19 publishes a long letter from Mr. J. O. Pettis, who is now located at Durham Missouri. Mr. Pettis and family reached that place in good shape, a side from having their horses injured by the switching of the train. However the animals are all right, and Mr. Pettis says they are as spry as colts. The family is living in town until Mr. Pettis can complete his home on the farm he has purchased. Durham is a thriving little town, and has good schools, churches, a level factory, steam mill, pickle factory, sanitarium and many fine stores. We wish Mr. Pettis the best of success in his new home.

"Opening Days." Sarachon sisters hold their millinery opening to-day and for next week three millinery openings are announced. This should be a lively time for the ladies. The display of millinery goods this year is the best ever seen in Denison and the competition will have a tendency to make prices very reasonable. The ladies of the county are invited to come and see the "dreams" of bonnets on display.

Business Men Attention. It has been decided to hold a meeting of the Business Men's Association on Friday evening to decide whether June 2nd, shall be made an all day celebration, taking the place of a celebration of the Fourth, or whether it shall simply be a reception of the President, concluding with his departure.

SAME MEN ARE NAMED

Republicans Give Alderman Renomination.

No Opposition to Luney, Johnson and Wright at Republican Caucuses

The republican city caucuses held on Wednesday evening, resulted in the re-nomination of the present alderman. It was a fine endorsement of the present administration of city affairs by the council and showed the confidence which the republicans of the city have in their judgment.

Mr. Sam'l Luney has made an excellent councilman and is always guarding the people's interests. He is careful and watchful and keeps posted as to city affairs.

As a conservative member, Mr. Johnson may have been obliged to negative the private interests of some, but it cannot be denied that he has been honest and fair and that he has stood with those who were anxious to see the city out of debt as soon as possible.

We regard Mr. Johnson as one of the most faithful and intelligent men ever on our city council and the Second Ward can do no better than to re-elect him.

Dr. W. T. Wright is the republican nominee from the 3rd, ward. He is another good and faithful public servant, painstaking careful and fair, the third ward could not have a better man on the council. It looks now as if the opposition to these candidates would be nominal on the part of the democrats. The Bulletin we are glad to note, seems to see the matter in this light and to be prepared to make only a pre-function campaign. This is as it should be, the people have been well served and there is no occasion for a change or for radical party strife.

What we call baggage the English call luggage. Which is the most appropriate word we neither know nor care, but considering how trunks are treated by railroad men, 'twould seem that a still better one would be chuckage. Trunks, Traveling Bags and Suit Cases that will withstand such ill usage are very few indeed. But they are made and we have 'em at reasonable prices.
