ELECTION RESULTS IN KANSAS.

Gains Made by Republicans—Dry Ticket Wins in Topeka.

Kansas City, April 8.—Elections were held in all the large cities of Kansas. The liquor question was an issue in a number of cities, notably Topeka, and in other places various local matters were in controversy.

The results as a whole shows large Republican gains. Kansas City, Kan., the largest city in the state, turned a Democratic plurality of 2,000 two years ago into a Republican plurality of more than 2,500. Thomas B. Gilbert (Rep.) was elected mayor over M. J. Manning (Dem.) and the Republicans carried every ward. In Topeka W. S. Bergundthal (Rep.) was chosen for mayor by more than 500 plurality. He was the "dry" candidate, and received a large majority of the women's vote.

One year ago a Democrat was elected mayor by a small plurality. In Wichita, B. F. McLean (Rep.) was elected mayor by 300 plurality. D. R. Anthony, Jr., was elected mayor of Leavenworth by a majority of more than 1,000, overturning a Democratic majority of 500. Lawrence elected A. R. Selig (Rep.) mayor, and Pittsburg chose Clarence N. Price (Rep.). In Hutchinson, J. P. Harsha defeated Frank L. Martin, the present mayor, on liquor issues. Emporia elected its first Democratic mayor, John E. Martin receiving 150 majority. Atchison elected the non-partisan ticket, headed by James N. Orr, by 90 plurality.

She is out 104 days from San Francisco for Sydney. It is possible that she may have been disabled, as was the Columbia, and may be drifting around in the South seas. When the English under-seas offer 80 per cent on an overdue vessel the shipping world usually gives her up as gone. Eighty per cent reinsurance is also being offered on the Prince George, fifty-four days out from Darien, Ga., for Swansea, Wales.

NARROWLY AVERT TROUBLE.

Band of Striking Mill Hands Nearly Cause Riot at Lowell.

Lowell, Mass., April 8.—A body of police officers, marching in solid front from curb to curb, drove a thousand noisy Greek mill workers through the streets of Lowell for nearly a mile and prevented what might have developed into a riot, growing out of the return to work of a number of ring spinners in the Lawrence hosiery mill, who left work a week ago in sympathy with the strike order of the textile council. The disturbance was the first breach of the peace since six of the seven big mills shut down, throwing approximately 17,000 persons into idleness. The police realize that it was a narrow escape from a serious clash between strike sympathizers and themselves, for once orders were given to the officers to draw their night sticks. The crowd fell back and the danger was passed for the time being. A woman figured prominently in the demonstration, leading a great body of men through the streets to the point where the police were encountered. Confusion then came and the unknown woman was lost in the crowd.

TROUBLE OVER PARTY RATES.

Strong Lines Desire to Confine Them to Theatrical Companies.

Chicago, April 8.—Trouble which has existed for some time over the application of party rates has led to the calling of a mass meeting of western lines for today in the office of the chairman of the Western Passenger association. Chairman MacLeod and some of the general passenger agents are making strenuous efforts to have party rates confined to theatrical people, because, if made general, the government can demand party rates for the transportation of troops and marines.

Railroads both east and west have united in a determination to fight the interstate commerce commission's order compelling them to reduce the rates on hay. The case, which will probably be heard by the courts in Cleveland, will be important, because it will test the right of the commission under the Elkins law to raise or lower freight rates on interstate traffic.

Pretender Attacks Franja.

Madrid, April 8.—A dispatch from Melilla, Morocco, states that fighting continues at Franja, the garrison of which had sustained no loss. The attackers had several wounded. The Spanish cruiser Infanta Isabel has landed a party of marines and a gun at Melilla. The pretender sent a flag of truce to the authorities of Melilla and asked them to recognize him as sultan and refuse an asylum to Muley Amran. The Spanish military commander replied that if the pretender enters Spanish territory he will be received with rifle fire.

TO PREVENT REPEAL OF LAW.

Mails Check Which is Handed to the Attorney General and Leads to His Arrest in New York—Big Sum Said to Have Been Disbursed.

Jefferson City, Mo., April 8.—Daniel J. Kelly was arrested in New York on information of Attorney General Crow of Missouri. Kelly, who represents a baking powder combination, endeavored to prevent the passage of a bill repealing the law which prohibits the use of alum in the manufacture of baking powder during the session of the legislature just ended. Lieutenant Governor Lee stated to Attorney General Crow that he refused a cash proposition, made in person by Kelly, to use his influence to defeat the bill, and that Kelly returned to New York and mailed to him a check for \$1,000. Thereupon Attorney General Crow wired the chief of police in New York to arrest Kelly, which was done.
