There has been a great deal of sickness about town this spring, most of whom are about but some as yet are under the weather. Mrs. Seacrist, who fell some six weeks ago has never been so she could turn herself in bed. She is quite an elderly lady, and probably will never be much better. Mr. John Reynolds, one of the old "boys in blue" a resident of Dow City for more than 20 years, is in poor health, being almost entirely confined to the house.  
There has been quite a lot of building in town considering the time of year. Mr. E. V. Goddard has built an annex to his wagon shop, Scott and Best's new implement house, T. W. Swatman has built quite an addition to his house. Willis Wiggins had Jim McClellan of Denison to move his house to a lot near the school house. Will Wiggins of Denison has laid the foundation for a fine dwelling house on the lot where the other house formerly stood, and yet there are others.

### NEW TEACHERS ARE ELECTED

Vacancies in Teaching Corps Are Now Filled.

Board Met on Thursday, and Elected Four New Teachers to Fill Vacancies.

The Denison school board met on Thursday night and completed the work of electing teachers for the coming school year. The newly elected teachers are:

Assistant Principal of high school, Miss Barber, of Scranton;

Teachers: Miss Olga Mueller, Denison; Miss Bertha Kelly, Denison; Miss Marie Matthews, Charter Oak.

Miss Barber takes the place left vacant by Miss Rollinson. She has been a teacher in the schools of Scranton and she comes most highly recommended. The board regrets that it could not retain Miss Rollinson but feels that a wise selection has been made in securing Miss Barber.

Miss Mueller and Miss Kelly are Denison girls, well known to all and it is felt that there can be no doubt as to their fitness to the position to which they have been chosen.

Miss Matthews has been a highly successful and popular teacher in the schools of Charter Oak. She is well known here, being a niece of Mrs. J. H. Mahoney, and our people need have no fear but that she will make an excellent teacher.

The board has completed this, its most arduous task of the school year, without misunderstanding or ill feeling and in a manner much creditable to itself. We congratulate the board upon the wisdom of its actions all along the line, and we would express our belief that the schools of Denison will remain as they have been, the pride of our city.

### THE KIRON CHRONICLE

H. H. Lindsay, the genial pharmacist at the Kiron drug store is visiting friends and relatives at Logan, Council Bluffs and Omaha this week.

Rev. N. Wicksell writes that he will come to Kiron next week to stay permanently. He is the new pastor at the Mission church.

Jas. Norton of Odebolt, the inventor of the crankless engine spent Thursday in Kiron. Quite a number of our citizens have taken shares in the stock company formed.

The marriage of Oscar Anderson and Miss Anna Shodin took place on Tuesday evening at the Baptist church, the ceremony which made them man and wife was performed by Rev. A. Swartz. The church had been neatly decorated for the occasion. The reception was held at the groom's home to which a large number of invited friends and relatives were present. A fine supper was served and the time spent was a very enjoyable one. A large array of presents was received by the worthy couple who are well known in our midst. The bridesmaids were the Misses Anna Levin and Selma England and groomsmen were Reuben and Chas. Anderson. They will soon be at home on the farm southeast of the Baptist church owned by the groom. May the greatest joy be theirs in their new state of life.

Like a thunderbolt from a clear sky came the news on Wednesday morning that Mrs. August Schurke had died at her home five miles southeast of Kiron. As her illness was but for a few days and not being known by her friends, the news of her death could hardly be believed as true but to the regrets it proved so. A complication of the grippe and pneumonia was the cause of her death and these agencies accomplished their purposes most rapidly in spite of all that medical aid and loving ones could do. A hard blow and a sad one to the husband to have to part with his faithful and affectionate wife, and to the children in losing their mother, whose watch care, guidance and protection has been unseparable. She leaves her devoted husband and eight children to mourn and miss the empty place made in their home by her departure. Mrs. Schurke was born in Clinton county and together with her parents, Mr. and Mrs. F. W. Pithan, (now residing at Charter Oak) moved to this locality where she has always lived. She leaves a number of relatives friends and neighbors who are saddened by her death. The funeral took place on Thursday to which a large number attended. A short service was held at the home at one o'clock, after which the remains were followed to their last resting place, in the German cemetery southeast of Kiron. She was thirty eight years old. The sympathy of the entire community goes out to the stricken family.

### The Action of the Board.

Under the above heading the Kiron Sentinel comes out fearlessly for good county government in the following well written article:

It is said that the board of supervisors of this county have been paying the sheriff some money illegally for some time. The law allows 12 1/2 cents a meal for the board furnished prisoners and the board gave him 15 cents. This seems to be a small affair, but when it is all figured up it amounts to not less than \$250.00. According to the Denison Review it seems that the board has been aware for some time that they were paying him more than the law allowed but have not discontinued the practice. If this is true, which it seems to be, such actions of the board ought to be condemned. It is a loss of \$250.00 to the tax payers of this county and something should be done. Why squander money this way?

We regret if the REVIEW has led the Sentinel into error in one particular; the board is not paying at the 15 cent rate this year. It is now complying with the law, but so far as we have been able to learn no move has been made to refund the \$250.00 illegally taken from the tax payers last year. We congratulate the Sentinel that having seen the right it has had the courage to come out boldly in defense of the tax payers.

### SANKEY IS HOPELESSLY BLIND

Evangelist is Not in Needy Circumstances and No Help Desired.

New York, April 1.—Ira D. Sankey, the evangelist, probably will never regain his sight, and the members of his family have made up their minds to accept his condition with resignation. Allan Sankey, the son, said that his father was slightly improved, but that he did not think there would be any permanent cure. He said he wished the public to know his father was not in needy circumstances and that the family had been embarrassed by the receipt of many checks and numerous offers of assistance, which have been thankfully returned by the younger Sankey.

### Disquieting News From Balkans.

Vienna, April 1.—The news from the Balkans is causing uneasiness in official circles here. The situation is considered to be graver than a few weeks ago. Two particularly significant reports were received, the first, that the czar had presented to the province of Montenegro eight batteries of quick-firing small arms with ammunition, and the second, that Russia has addressed another warning message to Bulgaria.

### Jealousy Prompts a Poisoning.

Lead, S. D., April 10.—Jealousy caused a woman, Martha Quinan, to put strychnine in a lunch eaten by herself and her lover, David Henny. She is dead. Henny will recover.
