

PROBLEMS of PRESIDENT'S DAY.

The coming of the President while hailed with delight by every citizen of Denison, brings with it a host of responsibilities, which for the honor of our town must be met with wisdom, foresight and generosity.

First and foremost is the responsibility of seeing that the President and his party suffer no inconvenience or discomfort, and that absolute safety be assured them.

The next item of utmost importance is the entertainment, comfort and safety of the thousands who will be the city's guests on President's Day.

We understand that the Northwestern will run no less than six excursion trains into Denison on the morning of June 2nd. These trains will be as follows:

- From Missouri Valley.
- From Boone.
- From Sac City.
- From Lake City.
- From Onawa.
- From the Mondamin branch.

The Illinois Central will run excursions from the east and west. Counting 500 to each train, Denison will have no less than 4000 guests by train. To these must be added the thousands who will drive here from all parts of the county, the 5000 people living within a radius of five miles from Denison and the additional hundreds who will come on the regular trains.

It is safe to say that with favorable weather conditions, there will be 20000 people in Denison on the morning of June 2nd. At least 50 per cent of these people must be fed at sometime during the day by the hotels and restaurants. Excursionists leaving their homes at 4, 5 and 6 o'clock, are going to require some thing in the way of lunch for breakfast. The hundreds and thousands who will remain in town during the day will require dinner and hundreds of suppers must be served.

While this commissary proposition is one of private concern, it is also one for the city to interest itself in, as nothing will be counted so greatly against the town as the empty stomachs of our guests. There is a chance here for every Aid Society to reap a harvest by the serving of meals and lunches, and that too, without injury to the restaurateurs who will undoubtedly have more people than they can handle.

More public fountains must be installed for the thirsty multitude and some public water-closets must be erected.

These matters of public comfort are in reality of much greater importance than the matter of sports and amusements, and it becomes our citizens to take up these matters in earnest. The postmaster will be pleased to post in the postoffice the list of those private parties who will prepare and serve meals on that day and will direct inquiring ones as well as possible. A public intelligence office should be established for such purposes, however.

It will require not less than 10,000 loaves of bread, 500 hams and half a ton of coffee to provide the crowd with coffee and sandwiches alone.

The question of shelter and feed for horses is another important consideration. We would advise our farmer friends to bring their dinners and horse feed with them.

The President has said that he does not wish to be disturbed until 8:30 a. m. It would be the height of discourtesy to allow his wishes to be disregarded in this matter. The vicinity of the President's train must be kept in absolute quiet until the appointed hour.

The arrangements for the President and his party must be perfect. The time is too short for there to be any

hitch in the proceedings.

In the selection of a site for the speaking stand, there are but two considerations—the President's comfort and where 20,000 people can get the best unobstructed view of the President and the other distinguished guests. In this connection we are glad to state that the committee has selected the grounds immediately east of the Illinois Central depot, and we believe the selection is the best possible.

The problems before Denison are numerous and difficult, but we have every confidence that the people will arise to the emergency and make the coming visit of President Roosevelt a pleasure not only to our National guests, but to the people of the surrounding towns.

Dandelion War.

The Federated Ladies have tackled the dandelion problem, and the finish of these golden harbingers of spring is at hand. The ladies commenced rather late for an active campaign this year, but they are enlisted for the war, and next year we may expect to see a battle of extermination waged as soon as the snow goes. In the meantime it would be well for the men to cultivate a taste for dandelion greens as our frugal and careful housewives will probably expect the entire crop of 1904 to be devoured.

The dandelion of the early spring is a thing of beauty; the bright gold splashes the green lawns, giving just the right dash of color. But, like a tropic maiden, the dandelion early matures and its charms fade rapidly. The fuzzy seed puff; the long stems; the coarse leaves are not gracious objects, and the combined wisdom of the brightest intellects of Denison as represented in the federation had decided against them.

Anti-dandelion by-laws are to be enacted, and next spring the energetic Friday Clubber, the enterprising women's Clubbette and the stalwart P. E. O. will sit in their respective lawns and read the act of excommunication to the rank offenders as soon as they may have the temerity to show their golden faces to the sun.

Seriously; the ladies have inaugurated a wise and much needed improvement. It will take a long series of years however, to overcome the pest and the ladies can accomplish little unless their efforts are backed by public opinion. The ladies also have noticed many other needed street reforms and they have appointed a committee to confer with the city council to co operate in the artistic improvement of Denison. The next council meeting will be a full dress affair and the aldermen may be expected to break the record in the swiftness with which they shall pass the death sentence upon the dandelion and the garbage heap.

PRESIDENT STATES POSITION.

Says He Has Not Asked Any Man for His Support.

Walla Walla, Wash., May 26.—Secretary to the president, Loeb, gave out the following statement: "In speaking of the sudden political developments in Ohio, the president said: 'I have not asked any man for his support. I have had nothing whatever to do with raising the issue as to my endorsement. Sooner or later it was bound to arise, and inasmuch as it has now arisen, of course, those who favor my administration and my nomination will endorse them and those who do not will oppose them.' The president also said he was deeply touched by the action of President McKinley's home county, in which Canton is situated, in instructing so heartily in his favor. Nothing could have pleased him more."

NINETEEN GRADUATES

One of the Largest Classes in Schools History.

ADDRESS BY PRES. MAC LEAN

The Commencement Exercises of the Denison High School will be held Friday, June 5th.

The commencement exercises of the Denison High School will be held Friday evening, June 5th at the Germania Hall. One of the largest classes in the history of the schools will graduate, seven boys and twelve girls, all of whom will have completed all the different branches of the high school course. This means that each member of this large class is now ready either to take up life's work or to enter any preparatory course of most of the colleges of the land.

The names of the graduates are as follows: Sam Cole, Lour Sage, Cora Kuhl, Fred Soehl, Leora Luney, Helen Hayes, Lillie Miller, Edythe Kelly, Helen Garber, Rubie Osborne, Albert Riepen, Mary Wheeler, Isabelle Brown, Beatrice Kirkup, Lorenz Lorenzen, Clifford Merrill, Townsend Pearson, Anna Schlumberger and Florence Wearmouth.

The annual address will be given at M. E. church on Sunday evening May 31st by President Mac Lean of the Iowa State University. All the other churches will join and it will be a union service. The school is indeed fortunate in securing President Mac Lean.

The commencement program will be something unique, the usual custom has been to give each graduate from ten to fifteen minutes for an oration. This year each one will personate some study in the high school course and will speak on that particular work. The alumni banquet will be held Saturday evening, June 6th. This will prove an enjoyable affair.

During the week the cantata "Queen Esther," will be presented by the high school at the opera house. Miss Polster has been drilling those who are to take part, and it is said that all have their parts well. There will undoubtedly be some fine singing and the cantata will be well worth attending.

Neighborhood News.

W. C. Saul of Carroll was elected chairman of the Carroll county republican Central committee Monday.

Three great Presbyterian assemblies met last week, one at Los Angeles one at Nashville, and one at Lexington.

Rev. J. P. Clyde, former pastor of the Congregational Church at Dunlap but lately of Eldora has been given the Muscatine charge.

Carroll firemen are making great preparations to entertain the Maple Valley firemen Tournament, June 17th and a large crowd is expected.

Moses H. Weaver, an old man over eighty years of age, was struck by a fast morning train near Gray, Carroll Co. and killed Monday evening.

Col. L. B. Raymond, of Hampton, has been elected state commander of the G. A. R's. Col. Raymond is the veritable editor of the Hampton Recorder.

The Jefferson Musical Society scarcely seven months old has taken in \$1500. The May festival just closed brought in \$880. Denison has sufficient talent for an organization of this kind.

The M. W. A. of Vail have fully decided to do what they can toward holding another annual picnic on June 25, and with the help of all of the members and the business men the affair can be made a success.

C. G. Saunders, of Council Bluffs, was endorsed for director at the state camp meeting of the M. W. A. That his election seems a sure thing will be welcome news to his Manila friends. Manila Times.

The employees of the Northwestern have been granted an advance in wages by the company. Freight men are to receive 15 per cent increase, passenger men 12 per cent and switchmen from 12 to 24 per cent; and no double headers are to be run on trains of over 30 cars except in cases of special emergency.

Broadway

M. M. BAMFORD.

SEVERE STORM.

One of the hardest rains of the season visited Denison and Crawford county yesterday morning at 8 o'clock. Water fell in torrents for a few minutes filling the streets with water and flooding many basements and cellars. The basement of the Illinois Central depot was flooded and the depot almost surrounded by water. The train was held until the track might be inspected.

Mr. P. W. Harding's basement wall fell in and his cellar is filled with water. He will immediately raise his house and rebuild wall.

Herman Grill's basement on the north side of his house was caved in and considerable damage done to his graded lot.

Word comes by phone that the town of Dedham in Carroll county was struck by a cyclone. And many buildings demolished.

The Northwestern east bound trains were all tied up at Logan and Missouri Valley, the track being washed out.

The rain undoubtedly washed out much of the corn planted and did other damage that will necessitate much extra labor.

At Sac City hundreds of window panes were broken by hail, the hail being large enough to break plate glass.

Two feet of water filled the streets of Vail and did much damage.

FERGUSON'S NEW STUDIO

Among the many improvements in Denison this year, is the great change that has taken place in Ferguson's photograph studio in the Laub block. The gallery has been entirely over hauled and rebuilt into one of the finest places of its kind in the state. Two more rooms have been added and the latest and most practical skylight known to the art has been put in making one of the best posing rooms to be found anywhere. The skylight is entirely of ground glass, considered by experts to be the very best for photographic purposes. New dark and finishing rooms have been added and altogether the place is about as near perfect for Mr. Ferguson's business as could be. Mr. Ferguson has refitted the place throughout adding all the very latest and most improved apparatus including two of the finest imported lenses. He has also added the very latest system of flash light, photographs may be made in the home, church, public halls, or in fact anywhere, either day or night. The public is cordially invited to call and visit the studio whether wishing work done or not, those who have work done will be assured of the very best at prices as low as consistent with 1st class work.

Telephones.

Elsewhere will be found a call for a meeting to be held here next Tuesday afternoon to discuss the organization of a telephone company. We pronounce it the proper caper exactly. We have waited long and as patiently as possible for the Denison graft to get its lines in here as agreed, and now the men who were the warmest supporters of that system have all left it and decided to look after the matter in another manner. The Denison company is long on promises, but short on fulfillment. The matter is in such hands that it will be pushed through successfully.

We understand that an option is offered by the Iowa company on their exchange, which will give the new company such connections with the outside world that it will be impossible for any other to obtain a foothold.—Charter Oak Times.

Mr. and Mrs. C. H. Stark and family went to Denison Monday to see the removal of the old court house, and as they were driving into town little Miss Edna met a mishap that might have been pretty serious. She arose to her feet in the carriage for some purpose or other, and the motion of the rig caused her to lose her balance and fall out upon a wheel. She was carried to the ground and the hind wheel of the buggy passed partly over her arm. An examination showed that only a bruise resulted, but it might easily have been something much worse. It is thought that the heavy jacket she was wearing saved her from injury.—Charter Oak Times.

E. E. Clausen and Rev. N. Wicksell of Kiron were in Lake View, Friday making arrangements with W. H. Scott, proprietor of the Lakewood Park, for the Kiron Sunday School Picnic, to be held in the park on Wednesday, June 24th. They also made arrangements with the boatmen for the transportation of the entire picnic party, across the lake to Lakewood Park. Mr. Clausen in whose hands has been placed the responsibility of the excursion here, is known to be a man who is not in the habit of doing things by the halves, and will leave nothing undone, that is necessary to make the Kiron Sunday School Picnic a success, one of the most pleasant events of the season.—Wall Lake Report.

If you are looking for a new dress, a hat, linings, trimmings, in all varieties, notions, corsets, gingham, percales. Silks—all kinds, muslin underwear. Also the knit and lisle thread. Call and look at our stock. We have the prices that will interest you.

WILL RE-MODEL BANK.

The Crawford County Bank Interior to be Transformed.

WILL USE ENTIRE FLOOR

The Crawfords' Marble Columns, Hand Carved Desks, and Fixture to be Comenced Immediately at the Cost of \$3000.

The Crawford County State Bank has caught the general wave of improvement and we are informed that by next fall the home of that successful institution will be up-to-date, cosmopolitan and secure in all its appointments as any bank in Iowa. The interior of the bank is to be transformed, tile floors, marble columns, beautifully hand carved desks and fixtures will take the place of the familiar old steel cage that has guarded the thousands upon thousands of dollars of the bank's depositors for so many years.

The work of construction will be commenced shortly and pushed with vigor throughout the summer. The contemplated improvements involve an expense of about \$3000.00.

The bank will hereafter occupy all of the first floor of the building the room now used by Mr. A. F. Barber being used as a private office and the present office room being thrown into the main part of the bank. A large new vault will be built immediately back of the present vault. This vault will contain a hundred safety deposit boxes which will be for rent, and easily accessible to those wishing some place of safety for valuable papers.

The hand carved wood counter will extend the full length of main room and will rest on a handsome marble base. The wainscoting, will be hand carved and of the same wood as the counter.

The lobby floor will be tiled and a handsome steel cage of the latest design will surmount the bank counter and protect from intrusion. The cashier's desk will occupy about the same position as in the present bank. Taken as a whole the bank will present as handsome an interior as any in Iowa. We congratulate the bank officials on their enterprise, and Denison upon the attractive improvement to its business portion.

The contract for this fine work has been let to Mr. John Fastje whose beautiful wood carving now decorates a number of Denison's handsomest homes. The officers of the bank visited several finely equipped banks before letting the contract, and are convinced that Mr. Fastje's work is the equal of any to be found.

MEMORIAL SUNDAY.

Excellent Sermon by Rev. Emory Miller Greatly Appreciated.

There was a good attendance at the Memorial services at the M. E. Church Sunday. The G. A. R. Post, the W. R. C. Corps and the Sons of Veterans marched in a body to the church where pews had been reserved. The church was beautifully decorated with flowers and silk flags, the work of the W. R. C. and ladies of the church. A quartet composed of Mr. J. I. Gibson, Miss Polster and Mr. and Mrs. J. B. Sibbert rendered two excellent selections "Falling Into Line," and "They'll Never March Again." Rev. Morphy gave the opening prayer, and the sermon was delivered by Rev. Emory Miller. His text was "My Kingdom is Not of This World." His remarks showed deep thought, and were well received by all present. He called attention to the many deeds by the dead heroes the cause for which they fought, the love of country that prompted men to lay aside their work, and leaving home and loved ones go forth to battle. How so many went forth never to return again, and now lay buried in an unmarked grave beneath the southern sun and how the wives, sisters and sweethearts remained at home toiling and praying for the safety of their loved ones.

The sermon was one of the best delivered on a Denison pulpit and the thoughtful sentences will long be remembered by those present.

The high wind Friday evening caused considerable damage to trees and small out buildings. The circus had just taken the tent down in time to escape the blow.

Miss Gladys Carter who has been connected with the Omaha Ticket Co. has severed her connection with that company and has removed to Nebraska. Miss Carter was a very competent worker and her services will be greatly missed.

Warning to Bicycle Riders.

You are hereby warned that the ordinance relating to bicycle riding on the sidewalks in the city of Denison will be strictly enforced by the police. So please do not ride on the walk as it is both dangerous to the riders and pedestrians who use the walk. J. T. Carey, Mayor.

Republican County Convention.

A delegate convention of the Republicans of Crawford county is hereby called to meet at the City hall, Denison.

FRIDAY JUNE 26, 1903.

At 11 o'clock, to select delegates to represent this county at the State Convention to be held at Des Moines, Wednesday, July 1st. Unless otherwise ordered by precinct committee it is recommended that causes be held on evening preceding County Convention. It is also requested that committee-men for the ensuing year be selected at caucuses. The basis of representation will be 1 delegate for each precinct and one delegate for each 1500 votes or major fraction thereof. W. B. Martin Secretary of State in Nov. 1902. Precincts are entitled to representation as follows.
