A business mens meeting was held at the City hall Monday evening to discuss the advisability of holding a carnival or street fair this fall. After much discussion it was decided to have a committee appointed to canvass the business men to ascertain whether they were in favor of a carnival and how much could be raised towards defraying the expense of the same. A large number of the merchants and business men are in favor of some fall festival. Last year our street fair was a success and we feel confident if the ones who managed it last fall would take hold and with the support of the business it would prove even more successful than before. Denison is large enough and has business men of push enough that if they attempt an undertaking of this or any other nature it is always a success.

The ceremony which united this happy couple was performed at 5 o'clock in the presence of the relatives of both parties and a few intimate friends. After the ceremony a wedding supper was served and a half hour spent in congratulations and well wishes for the future happiness of the couple. Both parties are well and very favorably known in Crawford County, having lived here all their lives. The bride is a bright and winsome lady of good education and high mindedness. She is a graduate of the Denison High School, having graduated four years ago. Since that time she has been teaching in the country and city schools. She is indeed well fitted for the new duties she has entered upon.

For a number of years he has been making his home in Denison where he has been connected in a business way and has by his affable manner and strict integrity won the esteem of all.

The happy couple will reside on the grounds farm in Hays township where a new home has been erected and awaits its queen. In wishing Mr. and Mrs. Rhodenbaugh a successful and happy life THE REVIEW voices the sentiment of the entire community.
