CARDINALS NOW IN ROME

Congregate at Vatican for the Coming Conclave.

SHORT SESSION IS PREDICTED.

Cardinal Gibbons Received With Cordiality, but Not Considered a Papal Possibility—Di Pietro Talked of as a Dark Horse.

Rome, July 28.—Almost all the cardinals of the conclave have now arrived. There was a lengthy meeting of the congregation, which was notable for the cordiality with which Cardinal Gibbons was received. After the meeting the cardinals received numerous visitors at their various residences. In well informed circles, Cardinal Angelo di Pietro, prodatary of the pope, is talked of as a candidate, in case Oreglia, Rampolla, Gotti or Vannutelli is unable to secure the necessary votes. Should Di Pietro be elected, he would, it is said, be the representative of the Rampolla-Gotti faction, and yet would be fairly acceptable to all. Cardinal Michael Logue, archbishop of Armagh, who, with the exception of Cardinal Gibbons, will be the only English-speaking cardinal in the conclave, arrived from Ireland. He said he believed that the successor to Leo would be quickly chosen. In his case, perhaps, the hope is father to the thought, as he said he did not look forward with a great degree of pleasure to being shut up in the vatican during the present hot weather.

The following is a list of the convicts who escaped: Ray Pahey, life; S. J. Case, life; J. H. Wood, life; Fred Howard, fifteen years; Mike Miller, twelve years; H. Eldredge, thirty years; J. Theron, fifteen years; E. Davis, thirty-three years; J. J. Allison, four years; J. Murphy, four years; A. Seab, twenty-five years; J. Roberts, twenty years; R. M. Gordon, forty-five years.

Speaking of Cardinal Gibbons, the Irish cardinal paid him a glowing tribute, though, like all the prelates here, he held out no hope that the American cardinal had the remotest chance of election.

"Indeed," said Cardinal Logue, "I think Cardinal Gibbons would be a subject for commiseration if the selection should devolve upon him, for no American would care to spend the rest of his life confined within the precincts of the vatican."

WHEAT EXPORT IS STOPPED.

Russia Will Not Allow Japan to Get Further Supplies from New Chwang.

Peking, July 28.—The Russian administration of New Chwang has stopped the exportation of wheat to Japan. The export of grain from Chinese ports is illegal, but the Russians heretofore have ignored the law. During the past week the Japanese obtained many ship loads from New Chwang, apparently preparing for war contingencies. General Konrodavitch has been placed in charge of six armed commercial boats and the navigation of the Liao river, which is construed here as another sign of Russia's intention to retain New Chwang and the charge of the river.

Washington, July 28.—While there has been a lull in the Manchurian negotiations during the last week, it is stated that up to this point satisfactory progress has been made and there is every reason to believe that before the 1st of September next a treaty will be ready for signature, which will define the trade opportunities of the United States in Manchuria. An authorized statement on the situation is as follows: "The question of opening new localities to trade in Manchuria has been, in substance, satisfactorily arranged with the Chinese government and nothing remains to be settled except the date when said localities can be opened. This will be subject to the ratification of the treaty in which the opening is agreed upon."

Valet Jones in Galveston.

Galveston, July 28.—Valet Charles F. Jones is in Galveston and is surprised at the reports emanating from New York as to his disappearance and the unsuccessful efforts to locate him. He stated emphatically to several friends that he would not return to New York to figure as a witness in any further proceedings or developments in the case of Albert T. Patrick. Jones is well supplied with money, although at present he is not engaged in any labor.

Hot Wave at St. Louis.

St. Louis, July 28.—Another hot wave has swept over St. Louis and the maximum temperature was 93 degrees. Two prostrations were reported.

MAKE BREAK FOR LIBERTY

Thirteen Convicts Escape from California Penitentiary.

ATTACK GUARDS WITH KNIVES.

One of Them is Killed and Another Mortally Stabbed—Take Officers of Prison Along as Shield and Safely Pass Gatling Gun.

Folsom, July 28.—Thirteen desperate prisoners confined in the Folsom penitentiary made a successful break for liberty at the breakfast hour. After a fierce fight in the captain's office, during which a turnkey was fatally stabbed, a guard killed and another officer badly wounded, the convicts seized a quantity of arms and ammunition, and using the warden and other officers for a shield from their pursuers, made good their escape. It is believed they are making for the Bald mountain State militia, ordered out by Governor Pardee, have gone to the scene.

The wounded: C. J. Cochrane, turnkey, stabbed in the back, may die; William L. Cotter, a guard, cut in the abdomen and died after five hours; W. C. Palmer, cut in the head.

The break occurred about 7 a. m. The convicts made immediately for the office of the captain of the guard, R. J. Murphy. There they seized Warden Wilkinson, his grandson, Harry Wilkinson; Captain Murphy and several other officers and guards. A desperate fight took place. The convicts were armed with knives and razors and with these they assaulted Warden Wilkinson and his officers. The warden's clothing was slashed into shreds with a razor, but the blade did not touch the flesh. Turnkey Cochrane fought the convicts with a chair, raining blows upon them right and left. Finally he was felled by a knife thrust in the back. Guard Cotter was cut in the abdomen so that his entrails protruded, while Palmer was severely cut in the head. The floor of the office was covered with blood.

The officers were easily outnumbered and soon relieved of their arms. Then using the officers as a shield, the convicts started for the armory post on the outskirts of the penitentiary grounds. They passed a Gatling gun on one of the walls, but the guards were afraid to turn it on the convicts. When the armory post was reached, officers there attempted to interfere, but were quickly overpowered. Then, after further fortifying themselves with rifles, knives, pistols and ammunition, a dash for the country was made.

Convicts, each armed with rifles, marched on either side of Warden Wilkinson, who was threatened with death if he made an attempt to escape, and the officers were told that if any of the pursuers took the life of one of their number that they would retaliate, life for life. At Mormon bridge, about a mile from the penitentiary, the warden, his son and Captain Murphy were released and sent back. The others were carried along with the convicts.

Further on the convicts went to a farmer's house, seized his four horse team and wagon, loaded the house of everything of value, took the farmer with them as a driver and headed for Bald mountain. Evidently it is their intention to reach Alabaster cave, situated near this mountain.

All the convicts are still at large. Among the officers carried off by them is General Overseer McDonough. Some fears are felt for his safety, as he bears the special ill-will of the convicts.

Governor Pardee ordered company H of Placerville to the scene.

The several hundred remaining prisoners made no attempt to get away.

Miller Resumes His Work.

Washington, July 28.—V. A. Miller, the assistant foreman of the bookbinding department of the government printing office, resumed his duties. Miller was assigned to his work in charge of the men who have been waging a vigorous campaign against him, but these men, acting under the decision of the union, continued to work technically "under protest."

Minneapolis Storm-Swept.

Minneapolis, July 28.—One of the worst wind, lightning and rainstorms in the history of the city struck Minneapolis. In southeast Minneapolis the financial loss will aggregate many thousands of dollars. Buildings were razed, others were unroofed and lightning splintered some. Electric wires were prostrated and nearly all the street cars were tied up.

RELIANCE TO DEFEND CUP

New Yacht Fully Demonstrates Its Superiority.

TRIAL RACES DISPENSED WITH.

Challenge Committee Decides to Discontinue Further Contests With Constitution and Columbia—All Satisfied With Choice.

Newport, R. I., July 28.—After Monday's race between the Reliance, the Constitution and the Columbia, in which the former again demonstrated her superiority, the challenge committee of the New York Yacht club selected the Reliance as the defender of the America's cup. It was also decided to discontinue the trial races. Messrs. Morgan of the Columbia and Belmont of the Constitution were perfectly satisfied with the choice of the committee. They are both of the opinion that the Reliance is the fastest of the trio. Of the showing of the three boats during the season the Reliance is fairly entitled to be the defending vessel. In every race she has crossed the finish line ahead, and has lost but few races on time allowances. It is probable the defender will proceed to Bristol for a thorough overhauling.

ALLEN SOUNDS KEYNOTE.

Makes Principal Address at Populist Conference in Denver.

Denver, July 28.—About fifty leaders of the People's party and other political movements were present at the St. James hotel when the conference of political reform leaders was called to order by J. A. Edgerton, secretary of the Populist national committee. Mr. Edgerton spoke briefly, outlining the work that it is hoped to accomplish by the conference in the amalgamation of the various reform forces of the nation into one party. Mr. Edgerton was made the permanent chairman of the conference, with Milton Park of Texas as vice chairman and J. H. Calderhead of Montana secretary. The day was taken up in the work of organization and short addresses. The principal speech was made by former United States Senator W. V. Allen of Nebraska. Senator Allen favored a reorganization of the reform forces which should embrace the various factions now embracing practically the same political doctrines and differing mainly in regard to methods. At the evening session a committee was named to draft resolutions and an address to the people and to report to the conference this afternoon. The committee is as follows: Ex-Senator W. V. Allen, chairman; J. S. Fetter, Illinois; J. M. Mallett, Texas; Judge Frank W. Owers, Colorado; Dr. R. H. Reemelin, Ohio; H. B. Hewitt, Kansas; W. A. Poynter, Nebraska.

The chairman, vice chairman and secretary were made a committee to nominate a committee on organization to reundertake the work of forming a new party out of the reform forces of the country.

Two Decisions Against Boycotting.

San Francisco, July 28.—United States District Judge Beatty rendered two decisions in labor suits and in both instances his rulings were against boycotting. In the case of the Gulf Bag company against its striking union employees, the injunction restraining the defendants from interfering with persons at work in the factory was made permanent. In the case of Michael Hallahan vs. the horseshoers' union, the arresting order against the defendants was made permanent. Hallahan manufactures a horseshoeing pad and was boycotted by the New York union because he would not use the stamp of the international union.

Report on Railroad Accidents.

Washington, July 28.—The report of the interstate commerce committee on railroad accidents in the United States for the three months ending March 31 last shows that during that quarter 300 persons were killed and 2,834 injured in train accidents. Other kinds of accidents, including those sustained by employes while at work and by passengers in getting on and off cars, making the aggregate casualties 827 killed and 11,481 injured. There were 1,650 collisions and 1,181 derailments, causing \$2,492,065 damage to cars, engines and roadways.
