First Door East of Cassaday's Drug Store.

Full Line of Staple and Fancy Groceries.

### People You Know

Miss Edith Howell returned to her home in Avoca, Monday, after a pleasant Denison visit.

Miss Edna Gilbreath, of the REVIEW went to Des Moines on Saturday for a visit with her friend, Miss Robertson and to take in the fair.

Prof. John Dunn Martin will arrive Friday, having spent his vacation at home. He will take up his work at the Denison Normal and Business College.

A. H. Brown, of Lake Wood, was in Denison yesterday. A. H. does not get back to his old home very often, and when he does come, he gets a royal welcome.

On next Friday there will be a ball game between the married men and the single fellows. A small admission fee will be charged to defray the small indebtedness of the Denison base ball team. There will undoubtedly be a number of laughable situations during the game, and you ought to attend.

Leon Cassaday is at the State Fair this week, where he is looking after nineteen thorough bred Berkshire hogs, belonging to Mr. Cassaday. Most of these are on exhibition, while others were taken along to sell. One animal took on seventeen pounds of flesh in six days last week, a pretty good showing.

Three Railroad surveyors have been in the vicinity the past week. Their stakes are driven as far as the Lehfeldt place, just west of town. The surveying party is very reticent as to the object of the survey but those best informed think it is for the new line of the Minneapolis & St. Louis from Storm Lake to Denison. Should this line come here, Denison would undoubtedly be a division point as the M. and St. L. would run from Denison to Council Bluffs over the Central. There is talk also that the survey is for the new Sioux City branch of the Rock Island. This would give Denison outlets to the northwest and southeast and would add largely to the importance of this city as a distributing point.

Read the inside pages for correspondence and other interesting matter.

Mr. John Fastje has commenced the erection of a large factory building on State street. His business as a cabinet maker, and furnisher of bank fixtures is increasing to such an extent, that he must have more room. We hope his business will continue to grow and that he will yet require more room than ever. He is a first-class workman.

One of the features of the Denison street fair this year will be the premiums offered by Denison business men for farm products. The committee took this matter up on last Friday, and after seeing all the business men, found that they were all in favor of giving some premium for the best farm products. The list of these premiums will be found in this issue and we trust that our farmer friends will take a pride in bringing in the best they have. The premiums are well worth the trouble, many of them being in cash. The merchants will undoubtedly arrange booths where the different articles will be placed on display, and ample opportunity will be made for comparison.

On and after August 31st, our respective places of business will be closed at 8 o'clock p. m. sharp except Saturday.

### School will commence September 7th

and your boy will need a new suit to start in with. It is folly to buy him a cheap, shoddy one, he has been a good boy during vacation and you owe him a good suit, not a high priced one, but a good suit at a price that is reasonable. We have just what you are looking for and invite inspection. We also have a fine line of boys pants.

Hugh & Brummer  
Reliable Clothiers

Senator Healy has done the proper thing in declining to be a candidate for State Senator while a candidate for federal judge. It is our belief that Senator Healy will win the judgeship. He is entitled to it by reason of his ability and legal standing, and from information which we have been able to gather from different parts of the state, it is our opinion that the contest will be brief and that Senator Healy will be the winner. Those papers that are trying to make it appear that Secretary Shaw would be displeased with Senator Healy's appointment will doubtless be surprised to learn that the Secretary has already specifically endorsed Mr. Healy's candidacy. The withdrawal of Healy leaves the Senatorial situation open to Dr. Young, of Calhoun county, former representative, and one of the most popular and brainy men of the Webster-Calhoun district.

As a sample of democratic argument (?) the following meaningless tirade from the Pochontas Democrat is worthy of preservation.

In 1896 when the Republican party elected McKinley and saved the country from the devil and Democrats, we were given to understand that prosperity would come to stay and be scooped up in big chunks. Several swallowed the dose and have been howling prosperity ever since. Some of them have been sent to congress, a number are in the penitentiaries and insane asylums and some are still at large peering on the ignorance of the innocent. Even to day, in the face of the fact that business is not rushing in any line at express train speed, we are told that everything is lovely and prosperous.

The Red Oak Express makes a sorry admission for its home town. We would hate to have to admit that base ball was all that kept our town from "going dead" in summer. The Vail Observer and the Express ought to be chums. The Express says:

There are those who declare that the base ball business in Red Oak was a failure this summer, and that Red Oak will never support another league team. Possibly some may regret that we ever paid out a cent for ball players. What would this town have been this summer without the base ball games? Dead.

### CATHOLIC CHURCH DEDICATION

Bishop Garrigan Preaches Eloquent Sermon. Number of Priests Present.

Last Monday, August 24th, was a red-letter day in the history of the Catholic church in Denison, for then the church edifice was finally dedicated to the service of the Almighty.

The bishop and some priests had arrived the evening before and were entertained at the parochial residence; the early morning trains brought more clergymen to Denison, many of whom took occasion to celebrate Mass in the handsome church about to be blessed. A congregation of at least five hundred people had assembled for the services, which were begun at 10:30, and conducted with all the pomp and splendor becoming to such ceremony. At the hour fixed the clergy met in the sanctuary; the people vacating the interior of the church, proceeding to the main entrance; the bishop blessed the church, the clergy answering and reciting the psalms and prayers until the procession had encircled the church, the interior had been blessed.

A solemn High Mass was then sung, the church choir rendering excellent music. Very Rev. P. F. Farrelly was celebrant; Rev. B. O'Rielly Deacon; Rev. J. C. White sub-deacon; Rev. F. Hanselmeyer master of ceremonies.

The Bishop preached the sermon, text "Initium Sapientiae timor Domini" Ps. 110. He congratulated the Catholic people of Denison upon the good work done for God and the holy church and heartily commended the zeal of the pastor, whose untiring efforts had been now crowned with success.

Coming to express his joy at the reopening of the Catholic school in Denison, the bishop spoke with fervor and eloquence upon the necessity of a religious education for the good of the home, the church and the nation.

Clergy present: Right Rev. P. J. Garrigan, Sioux City; Very Rev. P. F. Farrelly, Carroll; Very Rev. B. Schulte, Templeton; Rev. Joseph Keumper, Carroll; Rev. J. White, Dunlap; Rev. Jas. Murphy, Vail; Rev. F. Hanselmeyer, Willy; Rev. B. O'Rielly, Jefferson, and the Rev. M. J. Farrelly.

### THE FINAL CONCERT.

The final concert given under the direction of Dr. M. L. Bartlett, at the opera house on Friday evening, drew out a better house than the previous concert, and yet the attendance was not near what it should have been. The reason for non-attendance of our people is unexplainable. Those who did attend say the concerts were up to the usual standard, and were well worth the price of admission. The gentlemen in charge of the festival worked hard for the success of the enterprise, and were certainly entitled to a better attendance on the part of the general public. Dr. Bartlett is one of the best conductors in this part of the country, and much benefit was derived by all who attended the rehearsals.

The program on Friday evening, was varied just enough to not be at all tiresome; although there were twenty-one numbers. The first number was by the chorus, "Row Boatman Row," and was well rendered. Miss Essie Smith again demonstrated the fact that she is a pianist of ability and is a great credit to the Denison Normal college, she being a graduate from the music department. Prof. M. C. Hover sang a tenor solo, "When the Heart is Young" in a catchy manner, bringing forth much

applause. Owing to illness, Miss Allie Sewell was not able to appear on the program. Miss Alice Stire, of Manilla, rendered a whistling solo, to the delight of the audience, and she was heartily encored.

The familiar pieces with the variations were rendered with seeming ease to the performer. The double chorus by the ladies and male quartette was a feature of the program as was also the baritone solo by Mr. Glenn Smith, of Des Moines. "A Warrior Bold" by a male chorus caught the audience, and the gentlemen were loudly encored. Miss Anna Von Coelln accompanied Miss Stire in the whistling solos with a marked degree of efficiency.

As a musical event the festival was a success throughout, the only regret being the small attendance at the public concerts. Messrs. Sibbert and Gibson are entitled to much credit, as they worked hard for the success of the venture, putting in a great deal of time and cash.

### Old Settlers' Picnic

The Old Settlers' picnic held last Thursday was one of the best attended picnics yet held. The day was an ideal one, and every one laid aside their work and came in to enjoy the day. At the noon hour, Washington Park was a merry scene, picnic parties being in evidence every where.

At 1:30 the meeting was called to order by Mr. John Dobson, president of the association, and an invocation was given by Elder J. T. Turner, of Deloit. Mayor Carey, of Denison, delivered an address of welcome which was heartily received, and was responded to by Mrs. Maggie Talcott, of Dow City. The juvenile band furnished plenty of music during the day that was much enjoyed. The address of the day was given by Mr. Jacob Sims. His address had been carefully prepared and is said to have been a masterly effort. After Mr. Sims' address came the election of officers as follows:

Secretary, N. L. Hunt; all the other officers hold over for another year. A number of short addresses were given by the old settlers, among the speakers being Chas. Bullock, T. C. Blume, B. F. Wicks, Morris McHenry, T. C. Dobson, Z. T. Hawk and B. F. Galland. Mr. Galland has been in the state for seventy-one years, and he related many of his hair breath escapes from the Indians in the early days. A selection written by Mr. Hugh O'Harc was read by Mr. John L. Ainsworth. Owing to lack of space we are unable to publish it, much as we would like to. All joined in singing America, and an adjournment was taken until next year. The meeting was a big success, and was the means of renewing acquaintances and relating experiences of the earlier days, such as only the old settlers can relate.

The following from the big 8 column William Wasp shows how the wave of progress has struck even the small towns of Iowa.

The streets of Williams were lighted by electricity last evening for the first time. The outside wiring was completed last week and the lights turned on Saturday evening for a test. They lighted the streets in good shape and are going to be a vast improvement to our city. Mr. Payne informs us that the wiring of the business houses and residences will be completed by the 1st of Sept and then the plant will be run regularly every night.

Dressmaking, neatly and quickly executed.  
Mrs. John Baker.

### FRAUDS IN LAND DEALS

Interior Department is Making an Investigation.

### SEVERAL OFFICIALS DISMISSED.

Secretary Hitchcock Says Officeholders Must Choose Between Private and Public Business—Inquiry in Indian Territory Progresses Smoothly.

Washington, Aug. 25.—Secretary Hitchcock said that matters connected with the investigation of the alleged Indian land frauds in the Indian territory were progressing smoothly. Several officials in the territory whose actions have been the subject of inquiry already have been dismissed, but Secretary Hitchcock says he does not feel disposed to make public their names. Secretary Hitchcock has notified office holders in the Indian territory who, it is alleged, are holding their positions in the government service as a vantage ground on which to do business in Indian lands, that they must choose between their positions and the land business. In other words, federal land office employees whose names are being printed as directors, presidents, and stockholders in trust companies that deal in Indian lands must get out of the companies or resign their offices.

### MANY CAUGHT IN FIRE TRAP.

One Hundred and Twenty Persons Cramped in Budapest Blaze.

Budapest, Hungary, Aug. 25.—Fire started last evening in a four-story building, the two lower stories of which were occupied by a fancy goods firm, upper floors being residential flats. There were 200 work people in the building and the escape of many of them and the residents on the fourth floor was cut off by the flames. One hundred and twenty persons were burned to death. The warehouse was composed of flimsy material and the flames spread with rapidity and soon reached the residential floors. Only the work people near the doors below were able to effect their escape. The residents above, seeing their escape cut off, clung desperately to the windows, screaming for help. The firemen held out sheets of canvas and called to them to jump. Fifteen persons were saved in this way, but many in jumping missed the sheet, thirteen being killed on the spot and sixteen injured. The property loss is 4,000,000 kronen.

### Marcher Killed by Street Car.

Oshkosh, Wis., Aug. 25.—Christian Sarau, state senator from Winnebago county, died from injuries received in being run down by a street car. Mr. Sarau was at the head of a Knights of Pythias procession at the time of the accident and owing to the noise of the band, the car's approach was unnoticed by him. He was sixty-four years old.

### Watch Des Moines Grow

—Des Moines offers more in educational and business advantages than any other Iowa city. Residences here are so cheap now that they are sure to be worth from 25 to 75 per cent more within the next few years.

If you want a home or an investment, or have a farm, city property or business for sale or exchange, write us. We will guarantee 8 per cent on investments and many will pay more. We have buyers that wish to locate in Crawford county. When in our city, call and look over our lists.
