A number of Denisonites have drawn a rich prize in the oil lottery down in Kansas. We are glad of it, and shall be still gladder if it does not induce others to sink their good coin in an attempt to do likewise.

Her many friends trust that she may be permanently benefited.

Miss D. E. Deighton, of Schenandoah, Iowa, has been in Denison, quietly carrying on the work of the equal suffragest propoganda. Miss Deighton is a bright, well informed lady, and appears thoroughly acquainted with the public men of the state. She is perhaps a trifle too frank to be polite, and her likes and dislikes are most pronounced. She is impartial, in the matter, however, expressive her disapprobation of Secretary Shaw, Lefe Young, Jud Welliver, and Speaker Eaton all in the same breath. The only really perfect man is Governor Cummins, and while we agree with Miss Deighton's high opinion of his many good qualities. We almost feel sorry for him on the lonely pinnacle on which he has been placed.

A delicious lunch delighted and sustained the youngsters after their hours of hard work playing.

We sincerely regret to announce that on account of his wife's health, Mr. J. C. Kelly is about to move from Denison to New Mexico. Mr. Kelly has been a good citizen of Denison, quiet and unobtrusive but helpful energetic and business like. He has built up a good business here which he leaves at a pecuniary loss, which however he counts but little if the change of climate shall restore his wife to health. He will remove with his family to New Mexico and after getting settled there will return to Denison either to sell or make other disposition of his flourishing pop business. The best wishes of a host of friends go with this excellent family and it is the hope of all that life and health may be restored to the wife and and mother.
