Frank Odell, that good farmer from Union, was in Denison on Monday last. It is curious how a short space of time completely obliterates the incidents of a man's career, even though fame preserves his name. Very little which is authentic has been written concerning the discoverer of the Hudson River, the three-hundredth anniversary of whose voyage is to be celebrated in New York City six years from now. For The Cosmopolitan for October Thomas A. Janvier has prepared an article which deals in a fascinating way with the romance and adventure of Hudson's life.

Hon. J. P. Conner returned Sunday evening from Brodertown N. J., where he went with his son Raymond, who has entered the military school at that place. Mr. Conner reports that Raymond is nicely situated and is going to like his school very much.
