NO. 16

THE STATE CONTEST. NEW YORK FOR PARKER BUYS NEW CHEMICAL.

Preparations Well Under Way for Eig Time.

TICKETS ARE SELLING RAPIDLY.

Get Your Seats Reserved Thursday at Johnson's Store. Many from out of Town will be Present.

Big preparations are being made for the state declamatory contest and the affair promises to be a success in every particular. The visiting contestants will be met at the train by a high school committee, which will see that they are well cared for. On Friday afternoon they will be tendered a reception at the high school room by the students and teachers and an interesting program is being prepared for the occasion. Arrangements are in progress to provide carriages for the visiting contestants and their accompanying teachers for a drive over the city, the weather permitting, at the close of the state association business meeting, which follows the reception.

Sale of the tickets for the evening program are selling well and the entire house will soon be taken. If you haven't a ticket already you should provide yourself with one at once as the house will not be oversold under any circumstances. Seats are on sale at Johnson's book store and among the students of the high school and they can be reserved on Thursday. Seventy-five people from out of town have sent notice that they will be present, and these together with our own students who will occupy the south gallery will no doubt make some demonstrations of enthusiasm which you cannot afford to miss.

The following will be the judges of the contest:

Hon. J. J. Cullison, Harlan; Supt. P. F. Vuelker, Ida Grove; Prof. H. A. Waterhouse, principal of the Omaha high school.

ALL SUPPLY BILLS PASSED

Contest Over Age Disability Pension Order in House.

ROSEBUD BILL PASSES SENATE

Amended to Charge Four Dollars in Place of Three Dollars Per Acre for Land—Sundry Civil Measure Not Concluded.

Washington, April 19.—The house passed the last of the supply bills of the government, the general deficiency appropriation measure, after a stormy session. The contest was a party one over the deficiency appropriation for pensions, which the Democrats tried ineffectively to amend by incorporating as a law the recent executive age disability pension order. An effort was made by Moon (Tenn.) to secure a yeo and nay vote on his amendment as to the age disability order, but the speaker refused to recognize him for this purpose. On a pro forma motion to recommit the bill, the Democrats, angered by the speaker's refusal to recognize Moon, secured a roll call, but after the vote had been taken all further opposition ceased and the bill was passed. Hitt offered his Chinese exclusion bill as an amendment to the general deficiency bill and it was accepted without objection. Several bills were passed early in the day under suspension of the rules.

The senate continued consideration of the sundry civil appropriation bill, but did not conclude it.

The following bills were also passed: Ratifying the agreement with the Indians of the Rosebud agency in South Dakota for the sale of 416,000 acres of land of their reservation. The bill was amended so as to charge \$4 per acre for lands instead of \$3. For the survey and allotment of land in the Flathead Indian reservation in Montana.

April 23 continues to be the adjournment date to which the leaders are striving. Senators Aldrich and Hale conferred with Speaker Cannon in regard to the legislation it will be necessary to enact before adjournment. The view of the leaders of the two houses were so near in harmony that there was no reason to believe congress would not be able to conclude by April 23.

Boston, April 19.—Dr. Sumner Payne, the well known revolver marksman, died of pneumonia at his residence here. Mr. Payne was a son of General Charles Payne, the yachtsman. He was thirty-four years of age. He was a member of the American revolver team that competed in the Olympic games at Athens.

State Convention of Democrats Instructs Delegates.

TAMMANY GETS ONE DELEGATE

Organization is Also Allowed Alternate and One Elector—Hill Supporters Carry Convention by Vote of 301 to 141.

Albany, N. Y., April 19.—The Democratic state convention for the election of delegates to the national convention selected the following delegates-at-large: David B. Hill of Albany, Edward Murphy, Jr., of Troy, George Ehret of New York and James W. Ridgeway of Brooklyn. As alternates it selected C. N. Bulger of Oswego, W. Caryl Ely of Buffalo, C. H. Ackerman of Broome and Francis Burton Harrison of New York.

The delegates were instructed by a vote of 301 to 141 for Alton B. Parker as the state's candidate for president. Tammany was not treated as badly as had been predicted, being allowed to name a delegate-at-large, Mr. Ehret and an alternate and one of the two electors-at-large, Harry Payne Whitney, the other being John T. Woodford.

When the doors of the convention opened for the night session there was a rush that swept before it the ushers, door tenders and police. The word had gone forth that there would be a fight on the floor of the convention and within a few minutes the balcony and stage were jammed. The police ejected hundreds of persons who had pre-empted the delegates' seats.

The platform adopted is brief and in addition to instructing for Parker, compelled the delegation to vote as a unit.

A new state committee was selected and this committee will organize next week, with M. Z. Haven of Syracuse, it is understood, as chairman.

WORK NEARING COMPLETION

Official Program for Opening Ceremonies of Exposition.

St. Louis, April 19.—The official program for the opening ceremonies of the World's fair on April 30 were announced at a meeting of the committee on ceremonies. It is as follows: At 9 a. m., the board of directors of the World's fair, the members of the national commission, the board of lady managers, will meet in the office of President Francis, at the Administration building, where President Francis will receive the special gavel. At 9:30, the entire party will be escorted to the Louisiana purchase monument, where they will be joined by the foreign commissioners, who will assemble earlier at the British pavilion, and the governors of states and state commissions and committees, who will first assemble at the United States government building. Secretary William Taft, as the representative of President Roosevelt, will be escorted to the World's fair ground by a military guard. The committees from the United States senate and the house of representatives will have escorts provided, who will meet at their respective hotels.

At 10:30 President Francis will call the assemblage to order and the invocation will be made by the Rev. Frank W. Gunsauls of Chicago. An address by President Francis will follow. Isaac S. Taylor, director of works, will deliver the keys of the exhibit palaces to President Francis.

Police Guard Negro Pupils. Kansas City, April 19.—Race feeling in Kansas City, Kan., has apparently died out. When the high school opened a squad of policemen were drawn up in line at the main entrance to see that the eighty colored pupils were not molested by the 700 whites. Boys and girls of both races took their accustomed places and no sign of friction was displayed. The trouble grew out of the murder last week by a negro of a white boy, a freshman and the whites had declared that the negroes should never again attend the school.

Charred Body Found.

Indianapolis, April 18.—A charred body was found among the ruins of the Occidental hotel. Although it cannot be positively identified, it is thought to be that of Steve Walters, a colored employe, who was reported missing. Another body, which has been identified as that of Stephen Metz, a colored employe, has been taken from the ruins. It was not believed that more than one life was lost in the fire. Since the discovery of the second body the coroner has ordered a systematic search of the ruins.

Western Floods Receding.

Salt Lake, April 19.—After a blockade of two days, caused by numerous washouts in the Burnt river district of eastern Oregon and in western Idaho, the Oregon Short Line resumed the routing of through trains to the

City Buys a New Chemical Engine of Improved Pattern.

FIRE LADDIES PROUD OF PURCHASE

The New Machine is a Double Thirty Cylinder and of the Latest Pattern. Old Machine Sold For \$200 00

The city council held a meeting last Monday evening at which time they purchased a new chemical engine for the fire department. The engine was bought of the W. S. Nott Co., of Minneapolis, at a cost of \$800.00 and the old engine turned in on the deal at \$200.00. The new engine is what is called a double thirty cylinder and weighs only 1800 pounds. The old machine weighed 3800. There are two cylinders and the arrangement is such that the acid is turned into the water while going to a fire. By turning a small lever the acid is thoroughly mixed and the machine is ready for business. By the aid of the double cylinder one may be refilled while the other is at work. The hose is on a reel on top of the machine over the front wheels. When it arrives the boys intend to have a big bon fire and give the machine a thorough test.

JAPS CONTROL SITUATION

Weakened Russian Fleets Gives Them Immense Advantage.

RUSSIANS MAKING AN ADVANCE

Rumors That the Marching Columns Are Courting an Attack—Russians Frustrate an Attempt to Land on Shores of Korea Bay.

St. Petersburg, April 19.—St. Petersburg is flooded with rumors from all directions regarding the plans of the Japanese, now that the Russian fleet at Port Arthur is unable longer to menace their troop transports. The Associated Press, in a dispatch from Port Arthur, gave twenty as the number of Japanese transports reported as having been sighted steaming in the direction of Yin Kow, the seaport of New Chwang. Officers of the general staff, while having no information in this respect, would not be surprised if the number should be correct, or that even a larger number is steaming there. They anticipated this movement at the time of the leaking out of the war, but the activity of Vice Admiral Makaroff's fleet and the large army in the vicinity of New Chwang imposed caution, and, it is believed, made the Japanese abandon, or at least postpone it, and caused them to continue their advance towards Manchuria through Korea and consider disembarkation and a flank movement at Taku Shan.

Vice Admiral Togo's immense superiority enables him to hold the Russian squadron in Port Arthur and Japanese transports, therefore, can safely pass through the Straits of Pechili and attempt to land at the head of the Gulf of Liao Tung, under the guns of the warships, as did General Shafter's army at Daquiri, and be in an excellent position to execute a flank movement on Liao Yang or cut off Port Arthur.

General Kouropatkin recently inspected New Chwang. He is familiar with the strategic position there and disposed a strong force to contest a Japanese movement at that point and if such a movement is made it is believed he will be able to check it.

Prince Hilkoff, minister of railroads, left St. Petersburg for Irkutsk, where he will supervise the completion of the railroad around Lake Balkal and expedite the dispatch of troops and supplies to Manchuria.

An official telegram states that there is no change in the conditions on the Yalu river. The Russian outposts are now on the islands of the river, close to the Japanese outposts, which are preparing to retire.

Major General Pflug, chief of the military staff at Port Arthur, telegraphs that all statements regarding a siege and fall of Port Arthur are unfounded.

Mme. Verestchagin, wife of the Russian painter, who went down with the Petropavlovsk, is in such a condition of nervous prostration that the family does not dare inform her of the official confirmation of her husband's death. Even the children are not aware that the news is true.

Baseball Results.

The Best at Menagh's

CARE OF LIVE STOCK.

Parties who are handling or feeding live stock this spring should use plenty of good oil meal. There is no better way of keeping stock in condition. The man who makes money on live stock is the man who looks after their condition at different seasons of the year.

Just Received two Cars of Oil Meal.

This is just the time to buy and feed it. Our meal is a very fine grade and we are selling at

SARACHON SISTERS

IN BEHALF OF STATE UNIVERSITY.

Mr. Carl F. Kuehne is Interviewed by Register and Leader.

Among the warm friends of the effort to prevent the legislature from dismembering the State university was Carl F. Kuehne of Denison. He attended the meetings of the alumni organizations which were held to organize a protest against dismemberment and returned to the city to be present when the legislature acted finally on the matter and expressed the greatest gratification because of the passage of the bill fixing the university's slice at \$208,000 instead of the \$90,000 which the Maytag committee recommended.

"The Iowa university," he said, "has not been provided for in the past as liberally as a number of our sister states like Minnesota, Michigan, Illinois and even Nebraska.

"Some of the parsimonious legislators doubtless thought that the district school had been sufficient for themselves and therefore ought to be good enough for the present generation. They could not see the wisdom of maintaining a great university in keeping with our wealth, general intelligence and the demand of the times.

"As a consequence thousands of Iowa boys and girls are being sent east and even west to complete their education, in more largely endowed institutions under the best specialists and professors that money can command.

"But a majority of the legislators arose to the occasion and voted for the more liberal view.

"The people of Iowa demand, not

only the best agricultural college in the land, but a truly great state university so that no one will have an excuse to go outside of the state for a higher education. The alumni of the institution are awakening to the situation and will not stand idly by while their alma mater is being assailed."

Barrington Refused New Trial.

St. Louis, April 19.—In the Clayton circuit court Judge McElhenny overruled the motion for a new trial for "Lord" Barrington, who was convicted of the murder of James J. McCann, a well known turfman. The defense has four days in which to file a motion for an appeal.

Turks and Bulgarians Fighting.

Salonica, European Turkey, April 19.—Serious fighting has taken place between Turks and Bulgarians at Lipa, near Demir Kapu (a valley of the Vardar, sixty-two miles from Salonica). Many were killed on both sides.

Liquor Dealers Indicted.

Topeka, April 19.—The grand jury returned indictments against twelve Kansas City liquor dealers for shipping whisky into Kansas without paying revenue tax. As none of the violators have been arrested their names have not been made public.

THE PRIDE OF DENISON

There is no equal or comparison to be made between our Home-made BREAD and others. Ours is Sweet, Wholesome and Nutritious. The Pride of Denison. Call and be convinced.
