A Unanimous Convention.

The REVIEW felicitates the republicans of the Tenth District upon the hearty unanimity that prevailed at the Fort Dodge convention. It means that their representative will return to his colleagues at Washington with an endorsement that will give him added prestige and enable him to do still better work for the district.

While the outcome was just as this paper had predicted from the outset it was none the less pleasing to Judge Conner's friends. The candidacy of Judge Quarton proved that the 10th District cannot be divided into northern and southern sections for many of Judge Conner's warmest friends came from near the Minnesota line. It is indeed well to know that there is no such division among the republicans of the district and it would be advisable for future candidates to take notice of sectionalism as there is none in the 10th District of Iowa.

The convention was more largely attended than one would have expected and but few of the old timers were missing.

Col. E. S. Ormsby made a brilliant nominating speech that was received with cheers and applause and that showed there were no sore spots on that war horse of Palo Alto republicanism.

Judge Quarton by gracefully accepting the situation and by not forcing his Kossuth county friends to be placed in the unfortunate position of opposing the remainder of the district, gained for himself new friends and showed that his republicanism was superior to any personal ambition.

The best part of it all for Crawford County republicans is to be found in the fact that Judge Conner proved himself worthy of the honor bestowed upon him. His prompt speech of

acceptance and thanks was a splendid effort and elicited highest praise from delegates from every part of the district.

The convention was a victory for no one but Judge Conner. The question of Iowa factionalism was hardly discussed by the delegates even in private and in the resolutions care was taken to make them broad enough for all republicans. We say this to forestall as far as possible any effort to wade into the action of the convention any victory either for "Stand paters" or their opponents.

Judge Conner can return to Washington assured that he has a united district back of him, loyal friends in every county, and that his congressional career has been stamped with seal of highest approval of his fellow partisans.

It is with pleasure that we present to our readers, in supplement form, a recent portrait of our distinguished Congressman, and that we join in hearty congratulations to him and to republicans of Iowa who claim his services.

In reply to a kindly and courteous letter received last week from a number of our good friends, we would say that a newspaper has been adjudged by the courts to be a "common carrier" of advertisements, and that payment being tendered they cannot refuse any advertisements except those declared illegal by the United States postal regulations. The merchant cannot refuse to sell his wares for cash to any customer, neither can the newspaper. Further we would add that in the same way that Denison banks carry saloon accounts and profit by them, that Denison attorneys defend saloon men in the courts, that Denison merchants profit by their trade, so do the newspapers of Denison accept and profit by their advertisements.

The REVIEW endeavors to show its friendship to temperance and kindred movements by publishing their notices free of charge as often as requested, and it is safe to say that had such notices been charged for at the same rate as paid by saloon men, the amount received would largely out balance all that has ever been paid the REVIEW for liquor advertisements. The bread and butter proposition is a hard one

for all newspapers, and so long as the columns are open without cost to all classes of reform work, and the advertising columns are restricted as far as possible to business institutions receiving the legal sanction of the community, we do not think our friends have legitimate cause for complaint.

We would ask them to compare the advertising columns of the REVIEW with those of any daily papers coming to Denison. The REVIEW publishes no "Men Only" "Private Disease", "Regulator" or catch penny advertisements and endeavors to give the people of Denison and Crawford county a clean, reputable and helpful newspaper. It does not claim however to do more than to reflect the public sentiment of the county. We thank our friends for their kindly criticism and hope to retain their friendship and esteem and to be of service to them and to their cause in the future as in the past.

NEW NORTHWESTERN CUTOFF.

Will Save Seventeen Miles Between Chicago and Omaha.

Des Moines, Io., April 17.—Special: The Chicago and Northwestern railroad has commenced active work on the construction of a new cutoff which will save seventeen miles of its route between Chicago and Omaha. This is a line from Crescent to Harlan. Preliminary surveying has all been done and the route is being mapped this week for the contractors. The line runs nearly straight from Crescent, just north of Council Bluffs, to Harlan, crossing the Milwaukee at York's Fire. Then the whole line from Council Bluffs to Carroll via Harlan will be double-tracked, and this will be the main line for passenger traffic instead of the line via Denison and Missouri Valley, which portion of the line is already much crowded. It was in anticipation of this movement that the Northwestern bought large tracts of land at Carroll a year or two ago.

The above dispatch appeared in the Sioux City Journal of the Monday morning issue. If it is a fact that the Northwestern will use this new track for coast passenger traffic, we do not see wherein Denison will be particularly injured. No doubt there will be the same number of trains run through Denison in order to take care of the traffic between Carroll and the Bluffs.

Mrs. Scott Wheeler has been the guest of her friend, Mrs. Anderson, of Deloit, for a few days.

MR. COWSER SELLS OUT.

His Partner in The Drug Business Buys His Interest.

Last week Mr. Chas. Cowser sold his interest in the Denison Drug Co. to his partner Mr. Hugh McGuire. Mr. Cowser does not intend to leave Denison, however, but will remain in the employ of Mr. McGuire. Both of these gentlemen are becoming very popular with the drug trade, and are doing a nice business.

SCIENTISTS WILL BUILD.

Have Purchased Vacant Lot Near Sears McHenry's For Church Purposes.

The Christian Science Association of Denison has purchased the vacant lot just west of Sears McHenry's property of Mr. J. B. Romans and will soon begin the erection of a fine little church. This move was made necessary at this time owing to the fact that the McKim hall where the meetings have been held is to be used for other purposes. The association is now quite strong, and intend to erect a church building of a substantial nature. The location is desirable, and the society is to be congratulated upon having secured it.

CONVENTION OF CREAMERY MEN.

At City Hall in Denison, Friday April 22 Banquet in The Evening.

Arrangements are being made for a convention of creamery men, to be held at the City hall in Denison on Friday, April 23. The convention will be attended by drivers of cream routes, station men, and all those who are connected with the cream business, and also those who are sellers of cream. A fine banquet will be given in the evening, the place of holding the same is as yet undecided. A program is being arranged by Mr. S. J. Woodruff, and a good time is anticipated, and much profit gained by those who attend. These conventions are proving very beneficial to all interested; in fact each convention is an educational affair. By meeting together in convention new ideas are formed, new methods introduced, and the cream producer benefited. The convention of Friday should be well attended. Among those from abroad who will be in attendance at the convention are Messrs. Rustin and Green of Nebraska.

WHY NOT A SALE PAVILLION?

Denison Should Have a Pavillion For Holding Public Sales.

One of the needs of Denison is a good sales pavillion, where sales of a public nature could be held. All the sales held in the city now are either held on the streets, or at some private places. Other towns no larger than Denison and many not near so large are making preparations for pavillions. Harlan has a very fine one. Manning has just completed one, and it is time Denison should make a move. There are thousands of dollars worth of property sold in Denison each year, and with a good pavillion many who contemplate having sales would come to Denison in order to use the pavillion. More fancy stock sales would be held here under favorable conditions. Our railroad facilities are superior to many places that are supplied with suitable quarters, and our business men should talk the matter up, many of our farmer friends who are raising fine stock would be willing to take stock in such a building.

TO LEAVE DENISON

Mr. and Mrs. J. L. McClellan, Will Soon Move to California.

Mr. and Mrs. J. L. McClellan expect to remove to California about the 27th of this month, where they will make their future home. They will locate in Los Angeles, where their daughter Mrs. Fred Hefflinger resides. She has not been in good health of late, and Mrs. McClellan is anxious that she be near her. In the removal of this worthy couple Denison will lose two of her best citizens, they have been more or less identified with Denison for over thirty years. Mr. McClellan has held many offices of trust and has always been counted one of our strong citizens. Mrs. McClellan has been connected with every movement tending to make a better city, to help a worthy cause, or relieve the suffering. As a worker in the W. R. C. society she has been diligent, and careful, and has time and again been honored with it highest offices. She has not only been prominent at home, but has been recognized throughout the nation, and her work will be greatly missed. Their many Denison friends wish for them much happiness and prosperity in their new home, and while the distance may be great trust that their thoughts may at times turn toward the old Denison friends.

James Regan went to Carroll Friday night.

DAYLIGHT BURGLARY

Bold Theft Committed in Broad Daylight Secures \$30 and Fur Overcoat.

During the noon hour Monday, while Fred Brummer was standing in front of the clothing store, some one entered by the rear door and took the money drawer from the safe securing over thirty dollars in cash. The drawer also contained the back book and check book belonging to the firm. A short time after ward some one, evidently the same man, was seen going from the Savery livery barn with a fur overcoat under his arm. After the thefts were discovered a thorough search for the criminal was begun, but as yet no clew to his whereabouts has been discovered.

MASONS SECURE A HOME.

Have Leased the McKim Hall for a Term of Twenty Five Years.

Negotiations, which have been pending for some time have at last been closed whereby the Masonic order of Denison leases the McKim Hall, including the entire building for a term of twenty five years. The only stipulation is that the order shall always maintain a W. C. T. U. reading room in the building. In securing this building the Masons have a home which they can furnish to suit all their requirements, ante-rooms can be made, rooms for the different properties belonging to the lodge will be added, they will have the use of the basement for kitchen etc., will furnish handsome quarters for the Eastern Star ladies, and altogether will make an ideal lodge home. As time advances other improvements may be added, and the members will have a home where they can invite their friends and spend an hour in social chat. We congratulate the order upon having secured such suitable quarters.

Market Day.

Denison is to have a market day at the City hall on next Saturday afternoon, April 23, where will be found pies, cakes, bread, rolls, baked beans, cold meats, etc. Also aprons, plain and fancy, handkerchiefs, doilies, and many articles of needle work. The ladies of Trinity Guild will preside afternoon and evening. Everybody come.

BACHELORS ENTERTAIN.

On Thursday evening Messrs. Roy Gibson and J. W. Miller gave a very pleasant party, to a large number of young married and unmarried whist players. About all the whist players were present and ten tablesful enjoyed the ever new and always interesting game. The party was given at the Cooper house and the dining room made a cheerful and comfortable meeting place for the game. Mr. Miller and Gibson proved to be delightful hosts and each guest felt that a warm welcome was theirs. In such pleasant surroundings and company even poor luck was of little moment and the guests only departed as the time neared midnight and the thoughts of a coal strike and a dark walk home made it needful that they should leave. Bachelor parties, will be very popular after this successful one we are sure Mr. Frank Louis was an out of town guest.

COLLEGE NOTES.

This spring term has opened with a larger attendance than last spring.

Last Friday Mr. Dan V. O'Connell, of the shorthand department, was called to Chicago to take a position with a railroad company at sixty dollars per month. Mr. O'Connell wished to continue his work longer, but the letter read, "come on the first train."

Miss Winifred McKinstry was called to Ute to fill a vacancy in one of the grades of the public school. Miss McKinstry was preparing for a first grade. This position assures her work for next year.

Miss Mabel Howorth took up work last week preparatory to a first grade. The music department is hard at work practicing on Pianos. The parts are coming along in nice shape and will be in fine order by next Monday evening.

Mr. Arnold Miller called Saturday the 16. He plans to be back next year.

The Athletic association gave a social on Monday evening. All enjoyed a pleasant evening, and from the ice cream and cake served they netted over eight dollars. This will entirely place the association out of debt.

New York, for years the home of free trade, has officially declared for protection. The democratic platform makes mention neither of "free trade," or "tariff for revenue only," but speaks for "reasonable tariff revision." All republicans favor "reasonable tariff revision," the only question being as to the proper time for revision and the meaning of the word "reasonable." Thus again has democracy reluctantly and tardily endorsed republican doctrines.

BUSINESS BRIEFS.

Mr. J. L. McClellan will sell at public sale, on Saturday afternoon April 23rd, his household goods. The sale will take place at the Hub corner all interested in securing bargains will do well to attend.

"If a man can write a better book, preach a better sermon, or make a better mousetrap than his neighbor, though he build his house in the woods, the world will make a beaten path to his door."—EMERSON.

The pen of this eminent American poet and philosopher seldom labored without recording some beautiful truism. The above terse and true saying is implied in all its meaning to the wonderful AHAMO scouring soap—

And as far as the East is from the West— So far is AHAMO the very best.

AHAMO

(Pronounced A-HAY-MO) is the new scouring and polishing soap that is winning fame and praise wherever it has been placed. It is winning this fame and praise honestly, because it is recognized by all who use it as the best that has ever been sold over the counter of a grocery store, and no honest grocer will deny this. It serves the two fold purpose of a scouring and a polishing soap. It is an Omaha product—and it has a yellow wrapper.

Ask Your Grocer for It

Manufactured by THE AHAMO CO., (Inc.), Omaha, Neb.
