This Bank is incorporated under the laws of the State of Iowa. This gives the best security to all depositors, not only to the amount of stock, but the personal property of each share holder is held to the amount of his share in any loss to the bank. Incorporated banks are under the control of the State Auditor, who can at any time examine the business, and according to his investigation the published statements are made. Depositors in an incorporated bank have more security than the confidence imposed in the officers. They have the best security, because the capital stock can not be used at pleasure for outside speculation and investment. **Her First Railroad Journey.**  
An old lady who had never ridden on a railroad car recently visited a station and was shown into the waiting room, says the Frisco (Tex.) Journal. She took a chair and prepared to enjoy herself. After sitting quietly for half an hour she reached over and touching a stranger on the arm, remarked, "It rides real easy, don't it?"

**An Alarm Clock For 25.**  
If you want to get up early and feel good all day take a Little Early Riser or two at bed time. These famous little pills relax the nerves, give quiet rest and refreshing sleep, with a gentle movement of the bowels about breakfast time. W. H. Howell, Honstun, Tex., says "Early Risers are the best pill made for constipation, sick headache, biliousness etc." Sold by RUDOLPH KNAUL CASSADAY & CO

**For a Hundred Years.**  
For a hundred years or more Witch Hazel has been recognized as a superior remedy but it remained for E. C. DeWitt & Co. of Chicago to discover how to combine the virtues of Witch Hazel with other antiseptics in the form of a salve. DeWitt's Hazel Salve is the best in the world for sores, cuts, bruises and piles. The high standing of this salve has given rise to counterfeits and the public is advised to look for the name "DeWitt" on the package and accept no other. Sold by RUDOLPH KNAUL CASSADAY & CO

**Weak Hearts**  
Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which falls off perfect digestion ferments and swells the stomach, putting it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Kauble of Nevada, O., says: "I had heart trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

**Kodol Digests What You Eat**
