Dr. Carr, of Denison, was a professional caller here Saturday.

R. A. Nicholson, of Newton, was a Vail visitor a few days last week.

Mrs. McErlain is very low at the home of her daughter, Mrs. M. McGrath.

Station Agent Lyman is trying to make arrangements for a special train to Manning on the Fourth, to leave at 8 a. m., and return at midnight.

next Sunday. The game promises to be a good one. McCormick, the Vail boy now attending Creighton, will probably do the twirling for Creighton.

The Modern Woodmen held their annual Memorial services Sunday afternoon and decorated the graves of departed Woodmen at the cemetery.

Last Wednesday at 9 a. m. occurred the wedding of Mr. Wm. Hannan and Miss Anna Killeney at the St. Ann's church, Rev. Father Murphy officiating.

The St. Ann's Academy graduating exercises at the opera house Friday night were attended by a large number of people despite the disagreeable weather. The program was very interesting.

Many Vail friends were grieved to hear of the death of Mrs. John Spitzbarth, who was killed in a street car accident in California, where they went a year ago to make their home. The remains will be brought to Iowa for burial.

After the marriage a large reception was given the many friends at the Jerry Hannan home north of town. Nearly three hundred were present despite the rainy day and all reported one of the best times ever had on such an occasion.

Our citizens are certainly getting posted on the gas light question. The city council has had several meetings and adjourned to further enlighten themselves. Gas light men of all descriptions have been here and held store box discussions, and still the council is undecided between gasoline or acetylene gas.

A crowd of sixty-five of our people went to Dunlap Sunday to help the ball boys defeat the team of that place. The game was loosely played but our boys had the game from the start. It was the first game for our regular team and the boys started out well. The battery for Vail was Rielly and Strauss; for Dunlap, Dugan and Malone. The score by innings:

Vail—2 0 0 0 8 0 1 1 0 12
Dunlap—2 0 0 0 0 5 1 1 0 9

Struck out, by Rielly 11 by Dugan 7, hits, off Rielly 8, off Dugan, 14. Umpire, Monaghan, of Dunlap.

FASHION HINTS.

Much Purple and Lavender Are Worn—Voiles Checked and Plain.

A great deal of purple and of lavender are being used for street wear.

The fashions of the moment are not a little trying to the woman of generous proportions, but still she may have this consolation—the fullness beginning below instead of at the waist line rather takes away from the width of her hips and that also the plain front panel gives her a flat, straight front effect.

Plaid effects in voiles are among the latest. Small pin checks are being imported in voiles as well as in taffeta, and these are trimmed with rows of trimming in plain silk to match.

A black and white checked voile seen recently was trimmed with chantilly lace and made up over apple green silk.

The favorite sleeve of the moment is the half sleeve made in one piece with

TAILOR MADE COSTUME.

the shoulder. This is worn with or without a tight fitting undersleeve, and the inside is filled in with a lace ruffle.

The little loose gathered bolero of ample width, which has loose sleeves, is the smartest model for all thin silk or mohair costumes. It is short enough to allow a wide belt to be seen. This is usually of a darker shade than the costume.

The cut shows a tailor made dress of lavender mohair trimmed with tiny black buttons and a white chemisette.

JUDIC CHOLLET.

NOVELTIES OF THE SEASON.

The Baby Hat—Long Shouldered Effects In Everything.

The baby hat made of lace ruffles has been so much copied in cheap materials that it will not be worn this summer by really smart women. In its place are semi-French sailor hats of shirred tulle lace and net combined with bands of tiny roses and French satin straw.

These come with an accentuated roll, which is greater on one side to allow for a feather, which is fastened under the brim. In some cases this feather passes over the crown and is then run through a slit in the brim, so that the tip rests on the hair.

The long shouldered effect is more conspicuous than ever and is seen even on shirt waist costumes. A recent ex-

CREPE DE CHINE WAIST.

ample in checked silk had the upper part of the sleeve run into a broad strap, which was then extended into the collar.

The cape effect has practically gone out of fashion, although a few modified forms are seen on imported gowns principally, though in the designs of yokes stitched down to within an inch or two of the edge.

The Dutch lace cap for night wear is quite the latest fashionable fad, which must not be confounded with the nightcap of our grandparents. It is composed of silk brocade finished round the face with a ruching of ribbon, while the lower part has a frill of old lace, one of its special features being that it gives to the hair the subtlest fragrance imaginable, merely a suggestion of a perfume. The scent comes from a special oil, the preparation of which is a secret, and is laid on a specially treated thin material, which is placed between the two layers of silk of which this cap is composed.

The picture shows a waist made of Irish lace and bias bands of crepe de chine.

THINGS THEATRICAL.

Mrs. Kendal, the well known English actress, has been on the stage fifty years and recently in London celebrated that event with an elaborate banquet.

Digby Bell, who has been with De Wolf Hopper in "Mr. Pickwick" all season, is back in vaudeville for the spring season, appearing in an entirely new monologue.

Wilson Barrett will probably be seen in this country next season in a new play upon which he is collaborating with Elwyn A. Barron, the ex-Chicago newspaper man.

It is said that J. M. Barrie is writing a new play for Mrs. Patrick Campbell, and Miss Sarah Grand is also writing a play which the same actress may eventually produce.

New York is not the only hard luck place for actors this season. In London, where there are 5,000 actors and actresses, more than half of them are seeking employment on any terms.

"The Fisher Maiden," which had such a disastrous experience in New York the beginning of the season, will probably be presented in Chicago next summer under the title of "The Miller's Daughter."

A new musical comedy by H. Chance Newton, with music by Robert Coverly, entitled "The Up River Girl; or, Maiden and Millionaire," was recently produced for copyright purposes in London.

For a Hundred Years.

For a hundred years or more Witch Hazel has been recognized as a superior remedy but it remained for E. C. DeWitt & Co. of Chicago to discover how to combine the virtues of Witch Hazel with other antiseptics in the form of a salve. DeWitt's Hazel Salve is the best in the world for sores, cuts, bruises and piles. The high standing of this salve has given rise to counterfeits and the public is advised to look for the name "DeWitt" on the package and accept no other. Sold by

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only. \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c. Prepared by E. C. DeWitt & Co., CHICAGO.

"A Merchant" wants to know if there is any way he can keep moths out of his stock. Sure. Advertise.—Washington Post.

By the irony of circumstances the United States, a nation of peace, is building more battleships than any of the great warlike powers.—New York World.

Maybe it will recall to you how the map in the geography used to look when you read that a party of people living in the northern part of Montana are planning to take a trip to the St. Louis exposition in a sailboat.—Boston Globe.

With steel structures burning up in Baltimore and falling down in New York, the plain thinking average man will be disposed to doubt whether some of our modern improvements in building are what the experts crack them up to be.—New York News.

The Best Security for Depositors DENISON, IOWA. Farm Loans at Five Per Cent Interest

This Bank is incorporated under the laws of the State of Iowa. This gives the best security to all depositors, not only to the amount of stock, but the personal property of each share holder is holden to the amount of his share to any loss to the bank. Incorporated banks are under the control of the State Auditor, who can at any time examine the business, and according to his investigation the published statements are made. Depositors in an incorporated bank have more security than the confidence imposed in the offices. They have the best security, because the capital stock can not be used at pleasure for outside speculation and investment. The Crawford County State Bank is the best incorporated banking institution in the county. A general banking business done.
