Mr. E. A. Stone, of Tama, arrived in Denison for a visit on Saturday evening. Mrs. Stone and Clark were already here.

THE NEW NIELSON

Fine Hotel on Broadway Now Occupied.

IT IS A VERITABLE PALACE

Erected at a Cost of \$15,000. Modern Throughout. A Credit to Our City, and the County.

Nothing can give better evidence of the prosperity of the farmers of Crawford than does the new \$15,000.00 palace, The New Nielsen Hotel, erected for their use and benefit, and made possible by their patronage. The day is past when anything was good enough for the farmer and we have come at last to the time when nothing is too good for him.

HOTEL NIELSEN, ERRECTED AT A COST OF \$15,000.00.

For years the "Farmers Home" has been an institution in Denison, a tavern approaching the homely comforts of Der Vaterland, where good food was plenty and style and furberliness were at a discount.

The New Nielsen is to be run on the same plan its increased comforts are to keep pace with the increased comforts of the farmer's homes, for what were luxuries under Cleveland have become necessities in these prosperous times.

The new hotel erected by and for the farmers of Crawford, cost \$15,000.00 exclusive of the site. It is modern throughout, steam heat, bathrooms, toilet rooms, electric lights. It is built to afford a cosy shelter in the

some front on Broadway. The front is of light pressed brick and it makes a handsome addition to our growing city.

the office are toilet and bath rooms and back of these are parlors, living rooms and lodging rooms.

A wide stairway leads down to the dining room which is large well lighted and cool. Mr. Nielsen has shown his appreciation of the woman's work in a hotel by making the kitchen department a model that any house wife might envy. The kitchen is large and is supplied with every possible convenience. The range is the finest in the city—in fact as fine as can be found in any city and is provided with a large screen which does away with the fumes of cooking. The laundry with its cement floor and many conveniences, the fine buttry and vegetable cellar, the pantry opening both into the kitchen and dining room would seem to reduce the work to a minimum. In this fine large basement are located also the heating plant, coal bins and a fine large well lighted sample room.

Ascending from the basement to the second story we find a large number of rooms—27 in all, for the accommodation of the hotel's guests.

The rooms are all provided with good ventilation and light. There are toilet rooms on this floor as well as on the others. In short, the hotel is a veritable little palace worthy of the patronage of any man; a place where one can be sure of every comfort and at a price almost beyond belief when one counts on the luxuries furnished. Mr. Nielsen is a careful manager, always on the lookout for the comfort of his guests, and he has done Denison a real benefaction by providing such a splendid home for the farmers and laborers who come to thriving Denison. It is with pleasure that we present a picture of the New Nielsen and wish for it the best of good fortune.

Thursday afternoon the Coffee club met at the home of Mrs. M. M. Bamford. Nice refreshments were served. The out of town guests were Mesdames Williams, Vary and DeWolf.

Mr. Carl F. Kuehnle has gone to Louisville, Kentucky to attend the Knights of Pythias Supreme Lodge as senior representative from the Grand Lodge of Iowa. Iowa has four members in the Supreme Lodge.

On Friday evening, Aug. 19, from 7:30 to 10 the Presbyterian church will give a reception to the Rev. Wm. Ellsworth Bryce and family at the home of Mr. Geo. A. Richardson. A cordial invitation is extended to the public.

The Johnson meat market has been sold to Mr. Rockwitz, lately of Boone, who will take charge of the business next Thursday. Mr. Rockwitz is well known in Denison having been employed here a number of years with the Aebischer Bros. He is experienced, and will no doubt soon build up a good business.

Mr. W. E. Johnson and son are now employed in the packing house at South Omaha. Mrs. Johnson is also there and they are boarding a number of the men employed at the packing house. In a letter to a Denison friend Will says they are averaging eight dollars per day. At this rate he will soon be able to lay up a goodly sum of money.

Already the people of Denison have begun to show their appreciation of the library, about one hundred fifty books having been taken out by readers. Until the 1st of September the library will be open two hours in the morning, from ten to twelve, in the afternoon from 2:30 to 5:00 and in the evening from 7:00 to 9:00. On Sunday the hours will be from 3:30 to 5:30.

Rev. I. C. McEwen, pastor of the Presbyterian church at Fonda, Iowa, preached a very interesting sermon at the Baptist church in Denison on Sunday last, much to the enjoyment of all present. Rev. McEwen is a nephew of Mr. R. B. Morrow, and he and his wife were guests at the Morrow home, while in the city. They returned to Fonda Tuesday morning.

Mr. E. Hathaway, formerly of near Aspinwall, has purchased a hardware stock in Manning and will operate an up-to-date hardware store. Mr. Hathaway is a good business man and will no doubt make a well deserved success of the business.

Mr. P. E. C. Lally has accepted an invitation to speak to the Old Settlers down at Redfield, Dallas county, on Aug. 17. He will precede Gov. Cummins who speaks there the 18th. On the 26th Mr. Lally will make a speech at Osceola also.

Dr. McLaren leaves next Saturday for Des Moines. The Dr. has been unwell for some time with a chronic ailment and expects to take treatment at the Still college of Osteopathy at Des Moines. He expects to return in a month to resume his practice here.

Denison will entertain the district convention of the Woman's Foreign Missionary society of the Methodist church on Wednesday, Aug. 24. The ladies of the local chapter held a meeting Monday afternoon at the home of Mrs. W. H. Lamb to complete the arrangements.

Messrs. Wm. McLennan, H. B. Johnson representatives, and J. I. Gibson, alternate to Harry Mahoney, Carl F. Kuehnle, senior supreme representative, returned Friday from attending grand lodge at Waterloo. They report a good meeting, and that Waterloo did herself proud in entertaining.

Mr. Harry Grummins has severed his connection with the Palace Bakery, and will remove to North Platte, Neb. He has sold his residence to Mr. Chris Kemming. Many friends regret that Mr. and Mrs. Grummins are to remove from our midst. They have been workers in social and church circles and will be greatly missed.

Mr. E. E. Eberg, of Kiron recently sold his farm of 160 acres, near Kiron for \$100 per acre. He sold to Mr. Fred Gronau who wished the farm for one of his boys. \$100 seems a good price for land, but Crawford county land is worth more than land in any other county in the state, more money can be made from it.

We wish to call attention to the statement of the Crawford County Bank to be found in another column of this paper. As will be seen the total assets of the bank are \$569,714.38.

Mr. and Mrs. S. G. Wright left on Wednesday morning for the East. Mr. Wright goes to Boston while Mrs. Wright will stop in Chicago and later join Mr. Wright and together they will visit New York, Washington and other eastern cities.

Mrs. L. J. Carter and Emma and Eddie started last Friday for Silver City, New Mexico, where they will spend the winter. Mr. Carter has large mining interests which keep him in New Mexico most of the time and Mrs. Carter finds she enjoys much better health there than she does in the north.

The Charter Oak people, Mrs. Barrett and P. D. McMahon, were made happy a short time ago by the arrival from her home in Ireland of their mother, Mrs. McMahon. She expects to make America her home and will live in Charter Oak where she can be near her children in her declining years.

Last Friday morning Rev. J. H. Sharpe and U. G. Johnson laid aside their clerical and business garbs and went out to Fred Marshall's farm to help stack oats. The oats were "shocked", but by evening the most of them were in the stack, the old veteran farmer was laid in the shade, and these two metropolitans had gotten on the outside of two of the best country meals they have ever tasted.

Harry Carpenter and Will Rhodenbaugh spent Sunday in Omaha and Council Bluffs and while there saw Ed. Jackson, who was meat inspector at the Armour packing houses. There was not much excitement going on in the strike district on Sunday, but during the week the strikers make things lively for the packers and the authorities. Armour & Co. are feeding one thousand strike breakers in their plant and are making fair headway against the strikers. The sheriff is determined to preserve order and if any more outbreaks occur will ask for the militia.

MAN KILLED BY LIGHTNING.

Roy Caldwell, of Near Manilla, is Struck by Lightning Monday Afternoon While Going to Town.

Word reached Denison Monday afternoon that Mr. Roy Caldwell, residing six miles north of Manilla, had been struck by lightning and instantly killed. One of the horses he was driving was also killed. He was hauling some grain to Manilla when the storm came up, and the death dealing bolt came without warning. The hair on his head was almost entirely burned off, and one arm was shattered. He had been married only two years and leaves a wife and one child to mourn his untimely death.

Mr. Hugh Menagh and James were at Wall Lake last Wednesday and Thursday.

Last Friday evening a surprise party, which had been gotten up by the Ladies Aid Society of the Presbyterian church in honor of the pastor, Rev. J. H. Sharpe, was held on the lawn at the home of E. O. Thiem in the north part of the city. About eighty were present and a royal good time was enjoyed, ice cream, cake, and lemonade being served. The party was a sort of informal farewell reception for the pastor and speeches were made by the pastor and members of the congregation.

A. B. Wood who has for the past twelve or fifteen years been representing Chicago grocery firms, and for the past three years the Tolman concern, has resigned his position, and will on Sept. 1st start out on his same territory for the Paxton-Gallagher Co. of Omaha. In the mean time he is spending his vacation at DeWitt and other points. His reason for resigning from the Chicago firm is that Chicago is becoming too far away as a shipping point—the Western houses are giving the Chicago concerns a chase for their money. Mr. Wood says he can sell more goods in Western Iowa and get much quicker service from Omaha. He is a splendid salesman and numbers his customers among the best.
