DENISON, IOWA, WEDNESDAY, SEPTEMBER 14, 1904.

NO. 37

AN OBITUARY COLUMN

Many Deaths Occur During the Past Week.

MISS CARRIE WILSON CALLED

Mrs. Detlef Meeves of This City, and Mrs. Jas. Powers of Denison Township, Also Pass Away.

MRS. JAS. POWERS.

Mrs. James Powers, aged 52, died last Thursday afternoon at her home five miles southwest of Denison. The funeral services were held Saturday at the Catholic church, Rev. Father Farrelly officiating. The remains were interred in the old Catholic cemetery.

Catherine Malone was born in Ireland, in 1852 and moved to America with her parents at the age of three years, settling in Missouri. Thirty-five years ago she was married to Jas. Powers, who survives her. For the past fifteen years they have resided on a farm in Denison township. She is also survived by three children, William, Alice and Mary.

Mrs. Powers was a cheerful and happy woman and a splendid Christian mother. Her death is a loss not only to her family and immediate relatives but to the entire community as well and the sympathy of all is extended to the bereaved husband and children in their hour of sorrow.

DEATH OF MRS. DETLEF MEEVES.

Last Wednesday evening at six o'clock occurred the death of Mrs. Detlef Meeves at her home in this city. Mrs. Meeves was born in the province Schleswig-Holstein Dec. 1, 1821. On the 9th of September 1848 she was united in marriage with Mr. Detlef Meeves who died a little over two years ago. They removed to America in the same year and have since resided in Davenport, removing from there to Jackson county and later to Tama county. In the year 1872 they came to Crawford county, which they have since made their home. They engaged in farming for a while but for several years they have lived in the city of Denison enjoying the fruits of well spent lives. The deceased was a noble woman, well loved by those who knew her. She leaves to mourn her loss three sons, John, Peter and Henry, and three daughters, Mrs. C. H. Hass of Denison township, Mrs. John Seeman of Turrill, Colo., and Mrs. Henry Schlunz of Holstein, Ia.

The funeral was held Saturday at the German Lutheran church, Rev. Fress officiating.

MISS CARRIE WILSON.

On Monday evening at 6:30 o'clock at the home of M. C. Wilson, occurred the death of his daughter, Miss Carrie Wilson. She died of consumption after a year's lingering illness. The funeral services were held at the home five miles southeast of Denison on Tuesday afternoon at three o'clock, Rev. Dr. Miller of the Methodist church officiating.

The deceased was well known in and around Denison, having lived in this vicinity the greater portion of her life. She is survived by a father, two brothers and two sisters, one sister, Miss Hannah, of Des Moines.

Locomotive Firemen Meet.

Buffalo, Sept. 13.—The ninth biennial convention of the Brotherhood of Locomotive Firemen was called to order here. The report of Grand Master Hannahan shows that the organization is in a prosperous condition; that in the last two years there has not been a strike of firemen on any road on which the brotherhood is organized, all differences having been settled without delay. An important question to be considered, is the removal of the headquarters of the order from Peoria, Ill., to Buffalo.

Romaine a Prevaricator.

La Junta, Colo., Sept. 13.—Robert Romaine, the prisoner at Topeka, Kan., who has confessed to complicity in the explosion at the Independence depot, Cripple Creek, on June 6, was, it has been discovered, in La Junta on that day. He worked in the Santa Fe shops at La Junta for about two months, it is said, going under the name of I. O. White. But little credence is placed in his confession, in which he implicated several mining union officials.

Murdered by Robbers.

Chicago, Sept. 13.—Henry Peterson, a tobacco dealer at Lake and Robey streets, was murdered by one of two men who entered his place with the intention of robbing him. He refused to open his money drawer and one of the men shot him. The men then robbed the place of about \$300 and made their escape. Peterson's porter, William Potee, a colored man, was also shot and will die.

HAMBURGERS VS VAILBURGER

A Magnificent Little Battle of the Umpires James T. Regan Against Tom Ratchford.

Down in the peaceful little neighbor village of Vail occurred one of the greatest ball games that ever will go thundering down the channels of time and eventually take its place in the annals of Vail's base ball history. Pursuant to a challenge of the Vailburgers the Hamburgers took Jim Regan (otherwise known as Dr. Happy or James T.) and wholoped up the pride of Vail to the tune of 24 to 22 or some such old score. Wright the warm weather pitcher of the Hamburgers was in very poor form as he only is supposed to be used when the sun shines, but the management did not figure that anything in Vail could play much ball anyway and let Wright start in the box but at the end of the third inning the Vail bunch had run around the diamond so much so that the expert scorer hired for the occasion began to call for more pencils and it was deemed prudent to change pitchers and an old league pitcher by the name of Griffin was put in the box and then it was another story.

Up to this time Regan had umpired as well as he dared for his staunch little band of followers but he was intimidated by Ratchford who sprung a big gun and made it a little embarrassing for him to render just decisions. If it had not been for that gun the score would have been 110 to 22 but Jim was afraid to give us as square a deal as he had agreed to and that is the reason we came so near getting beat. There was some talk of not letting Big Mr. Kelly play as Vail claimed he was imported but the management immediately produced evidence to prove him a Hamburger and he was allowed to play and his playing is one of the greatest stars in the Kelly Base Ball diadem.

Old Bump McAhren on first showed all the boys how to play and was asked by Vail to sign in their first team to play next season, but declined as they are not in his class.

People who saw it claim McAhren jumped 49 ft in after the ball or to get out of the way of it or something. There are conflicting stories about the jump any way but it was a good "wan."

The out field was invincible and a ball knocked out there absolutely had no chance but to strike the ground. Caswell and Fitzpatrick both stopped a ball and should have caught it only—well only. Cramer did not stop any but gave some exhibitions of falling down that would make the best contortionists in the United States turn green with envy. Duffy and Sheridan and Beck seemed to want to quit from the first for they tried to lose the ball every time they batted. To tell the story of the game by innings would be a fine thing and if we ever have a week when there is absolutely no news and no advertising we will tell it. After the Denison players and rooters were dined at the Hoffman House agreements were drawn for the umpires to fight 6 rounds which will come off at a later date.

2,000 BOOKS TAKEN IN AUG.

A Strong Interest is Being Shown in The Public Library. Children's Books and Novels Popular.

The Carnegie library has been open one month and during that time 2659 books have been circulated. There have been 442 borrowers registered and the average daily number of visitors has been 43. Children's books and novels have proven the most popular. The library board expects to add from 600 to 800 books in the next few weeks. Mr. and Mrs. M. L. Branch have presented four books of much value. Miss Ames has donated two handsome ferns, and in many ways strong interest has been shown in the library.

WOMEN MAY DETERMINE RESULT

One Hundred Thousand of Them Registered in Four Western States.

Chicago, Sept. 13.—One hundred thousand registered women voters are expected to decide the fate of the two old parties in Colorado, Wyoming, Utah and Idaho this year. Should sentiment influence them, and they be induced to vote for Judge Parker, the Democrats probably will carry all four states and add fourteen electoral votes to the number recorded for the Democratic candidate. Mrs. J. Ellen Foster, president of the Women's National Republican association, has been sent west by the national committee to labor among the women of the four states. The number who will vote this year may be more than 100,000, because of the Mormon question, which is to play a prominent part in the campaign in Utah, Wyoming and Idaho.

CONNER IN MAINE.

Iowa Congressman Wins Laurels in the East.

MAINE CAMPAIGN IS RED HOT

Judge Conner Will Return This Week. Will Speak in Crawford And Will Then Enter Nebraska Campaign.

Hon. J. P. Conner has been speaking every night for the past ten days in the Maine campaign which closed yesterday. Mr. Conner went at the special request of Congressman C. E. Littlefield and that his work has been appreciated is shown by the clipping from the Rockland (Me.) Courier-Gazette published below.

Judge Conner will return to Iowa this week and will speak in Crawford county up to Sept. 24th, when he will leave for Nebraska to assist Congressman Brykett. After a week in Nebraska he will return to Iowa and spend the balance of the campaign in the 10th District. It is a pleasure to know that Judge Conner is so highly appreciated both in the east and in the west, and we believe he will do splendid work in the coming campaign. Concerning his work in Maine the Rockland paper says:

The Republican rally in South Thomaston Friday night had a very fair attendance and all present enjoyed the speeches. The meeting was called to order by J. H. Kallouch and Dr. George C. Horn was made chairman. Congressman James P. Conner of Iowa made his debut in Knox county and proved to be a very popular and forceful speaker.

Mr. Conner said in part: A state that has produced so many distinguished Republican statesmen, living and dead, as Maine, cannot be expected to abate its enthusiasm for the success of Republican principles this year. The magnificent record of the state, in the past, in keeping aloft the banner of Republicanism should prove an inspiration to all Republicans throughout the state to see that the majority, at the coming election shall not be reduced. If there ever was a time when the Republicans of Maine should pull together for an increased majority, at a state election, it is this year. The Republicans in other states are interested in the results of your September election and the larger the majority for your state candidates the greater will be the confidence of Republicans throughout the country for the success of the National ticket in November.

There is not a single reason why any one who has voted the Republican ticket in the past should hesitate to do so this year. The party has redeemed all its promises and points with pride to the result. In every section of this great country prosperity abounds. The past eight years of Republican control have been fruitful in results. The present is satisfactory and the future is most hopeful. There is just one way to perpetuate conditions as they are at present and that is to let it be settled early that the policies of the Republican party are to be continued for another four years. Maine has the first opportunity to speak and I trust she will declare herself in the September election in no uncertain way. It is an old saying that "as Maine goes in September so goes the country in November."

Congressman Conner reviewed the question of tariff exhaustively and said that Iowa had learned lessons in protection from James G. Blaine while the Dingley law is without question the best protective law ever written. There was no difference between the Republicans of the east and west as to tariff ideas.

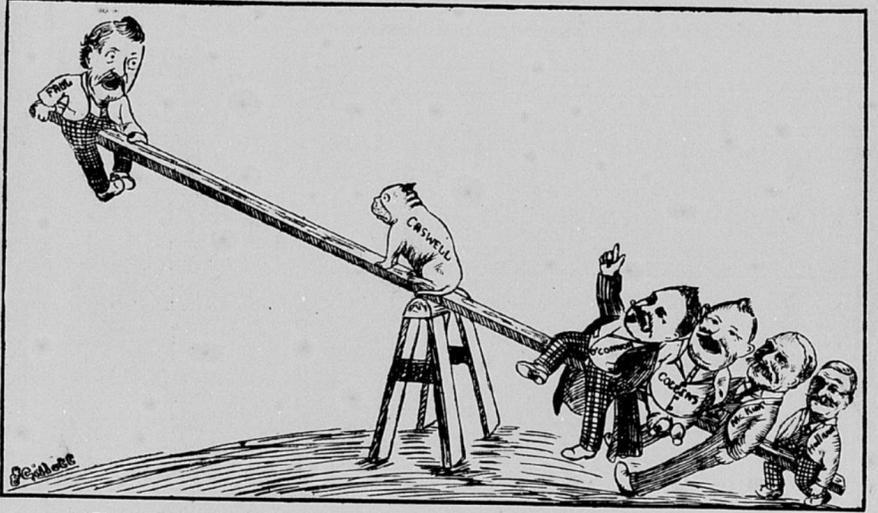

The speaker gave a summary of protective tariff legislation and free trade, showing that prosperity has invariably followed high tariff and hard times have followed free trade. In the 70 years preceding 1860, when the country was practically under free trade, the wealth of the country was but \$16,000,000,000. The war destroyed about three billions. From 1860 to 1870 there was increase in the country's wealth from \$16,000,000,000 to \$30,000,000,000, and in 1900 it had reached \$94,000,000,000, and today it has passed the hundred billion mark, a gain in 40 years \$78 billions. The per capita wealth has shown a corresponding increase. In 1860 it was \$513; in 1900 it was \$1245. Likewise there is a great increase in the amount of money in circulation. In 1860 it was \$425,000,000. In 1904 it was \$2,516,000,000. In the eight years since the Cleveland administration the circulation has increased over a billion dollars.

Congressman Conner then called attention to the increase in manufactures. In 1860 the value of manufactured products was \$2,000,000,000. This value doubled in 1870 and in 1900 had reached \$13,000,000,000. The estimated value for 1904 is \$15,000,000,000, which is three times more than any other nation can boast. Up to 1870 the balance of trade in our favor was \$381,000,000. Since then there has not been a year that the balance has not exceeded the total amount up to 1870.

Artist's Model Commits Suicide.

Chicago, Sept. 13.—The body of a young woman was found floating in Lake Michigan, near the clubhouse of the Chicago Yacht club. After tracing the sale of the shoes that were found upon her, the police learned that the woman was Maud Wolcott an artist's model who came to this city from Minneapolis some months ago. Despondency is supposed to have caused the deed.

HOW THE GERMANS ARE ON TOP

Showing the Results of what the Bulletin calls the "Dutch-Irish Combination."

E. E. Marks was a business caller in the city last Thursday.

Dr. R. O. McConoughy was in Dow City on Saturday last and made arrangements to visit that place every Monday hereafter. The Dr. has secured office rooms with Dr. Norman.

Mrs. Bradbury, who has been visiting her sons, M. M. and Fred Bradbury for some time, intends making a visit at Montezuma this week.

Mrs. Robt. Cole and children left on Monday for Charter Oak to visit relatives.

Eldridge Bryan of Paradise who was injured in a runaway a few weeks ago, is able to be about again; a fact which his many friends will be glad to know.

Mr. and Mrs. Chas. Schlem and daughter, of Hanover, were shopping at the county seat Friday.

Our Wizzard Flour Still Leads

Every sack guaranteed to be equal to any flour sold in Denison of whatever name.

Wizzard now 1.50 per sack
Blue Stem now 1.40 per sack

Granulated Sugar, "cane" now
\$5.30 Per Cwt.

Bring us your Butter and Eggs
We pay the highest market price in CASH.

A Complete Line of Hardware
Bring in your bills to figure.

Geo. Menagh & Co.

Millinery Opening

FRIDAY AND SATURDAY,
SEPTEMBER 16 AND 17.
