To be Closed Out Within Next 60 Days

We are going to Kansas City. We have already leased our building, and it will be ready for us May 1st. We must give the new business our personal attention, and to do so must turn our Denison stock into cash at once. This stock is too big to sell in a lump, therefore will be closed out at less than wholesale price, to give our many friends and customers the benefit of such bargains they never dreamed of. This stock was bought for cash in New York and Chicago markets in large quantities. They were bought for less money than any other retail dealer in Crawford county has been able to buy like goods.

In conclusion we wish to thank the people of Denison and Crawford county, for the extreme kindness with which we have been treated by them. From the day when we started in the little frame store on the corner 'till we moved to our present location we have met with nothing but encouragement and good treatment. We have tried to deserve it. We have had but one price to all. We have sold only reliable goods and our ever increasing trade has been proof that the people approved our methods and appreciated the class of goods we have sold. It is not without regret that we leave Denison, and at our store in Kansas City any man from Denison or Crawford county will be a doubly welcome guest. It gives us pleasure therefore, to close our business career here by giving the people--our old friends and customers--the opportunity of purchasing clothing for their own needs just as cheaply as if they were retail merchants and went to New York with \$20,000 in their pockets. As our object is to close out our Denison business, all sales will be for cash only. All persons knowing themselves indebted to us will please settle in the next thirty days.

Again thanking one and all for past patronage and trusting that every family in Crawford county will be benefited by this Great Closing Out Sale, we are

THE HUB

Yours truly,

E. C. PETERSEN Prop.
