MANILLA vs DENISON

On Monday Messrs Robinaut, Gary Theobald, Kuhl, Ransom, Krahl, Adams, Maloney and Anderson drove to Manilla and played a game of base ball with the Manilla nine. The score up to the 7th inning stood 3 to 1 in favor of Denison. The final outcome however was 8 to 3 in favor of Manilla. Just how it happened the boys do not say as they are not a lot of so-called heads and if they have a grievance, they can keep it too themselves and play a good clean game of ball.

The services at the Baptist church next Sunday June 17th will be conducted by the pastor Rev. G. E. Morphy. Subject of the morning sermon "Love fulfilling the Law" In the evening the congregation will unite in union services at the Presbyterian church.

STATE VS. LANE

On Thursday evening people living in east Denison were treated to a great scare. It is stated that Ralph Jackson and Ed. Lane were trying to trade horses and that Jackson asked Lane to get in and ride behind his team. From town they turned east at the Baptist church, the team running at a break neck speed until they reached the college. They then turned the team toward town and they again run until they reached the Goodrich corner. While the men were engaged in a dispute, Marshal Maloney came upon the scene and arrested both parties.

Jackson had a hearing before Justice Gulick on Friday morning and was fined \$20 and costs.

Lane took a change of venue to Justice M. N. Smith. Lane pleaded not guilty to the charge of intoxication, but upon examination of several witnesses Justice Smith imposed a fine of \$10 and costs. Lane waived the decision of the Justice and appealed to the District court. His bond was fixed at \$100, which was immediately furnished.

Mr. Lane and his friends claim that he was not intoxicated and was trying to control the team which got beyond Jackson's control.

Dow City.

Jay Bell was in Sioux City this week. Mr. Cadwell and Mr. Marshall with their ladies spent Sunday in Dow City.

John Rollins and wife are spending the week in Chicago.

Mrs. A. C. Heath spent a few hours in Arion Monday.

Mrs. F. L. Hoffman spent Monday afternoon visiting relatives.

Did any one mention wedding bells? Or was it a distant echo?

Mrs. Smith Mrs. Varley's mother leaves Wednesday for Nebraska where she goes to visit a son.

E. H. Swasey left Monday evening for Davenport Iowa and from there will visit Chicago.

The first hot spell struck Saturday and of course no one has complained of the heat.

Monday afternoon about fifty little people came to help Jessie Stone celebrate her eighth birthday. The day was fine and they enjoyed the time in the park and yard, with swings, teeter boards, games etc. Refreshments were served and the children went home happy.

Last Thursday evening the "Juniors" gave a play entitled The Family Affair, in the opera house. They were greeted with a very large audience and to say the people were delighted at the way the young people played will put it mildly. Compliments were heard on every side the next morning. The parts were all finely played and Bob Fishell in the role of an old man outdid himself. In fact it was superior to most amateur plays. Try it again and a full house will be guaranteed.

Friday night the annual graduation took place, and they all kept up the good record of preceding years. The graduates were Royce Heath, Herbert Fishell, Joe Holowell, Neva Crandall and Laura Scott. The class songs were rendered by a chorus of girls, who did justice to their training. Mr. Clair Butterworth president of the board, presented their diplomas and gave the class a very fine and practical talk. Taking the program from start to finish it was one of the best we have had and reflects great credit on the teachers, Mr. Kies and Miss Newman.

CROP BULLETIN

This has been the best week of the season, the average rainfall being below and the temperature above normal. In scattered localities there were showers heavy enough to cause some delay in farm work, but generally conditions were highly favorable, and good progress has been made in finishing replanting and pushing the cultivation of the cornfield. Most of the reports indicate good progress in cleaning the corn, and the late planted fields show more ready germinations and a better stand than it was at the corresponding date last year, the fields being drier and cleaner, and the plants show better color. There has been sufficient moisture and heat to maintain normal growth of grass, wheat, oats, barley, rye, potatoes and garden truck. A very abundant crop of strawberries is now being harvested. There are some reports from the southern section of apples dropping badly, but the general condition of that important fruit is promising. The cherry crop will be light. Grapes show a liberal fruiting.

West Side.

S. C. Backman is in Chicago on business this week.

Peter S. Evers went to Clinton last Friday evening.

Mr. James Lewis, of Council Bluffs, came up last Friday to attend Commencement exercises, and is seen about own shaking hands with his many friends.

Miss Lulu Woolhiser who is taking training as a nurse at the Methodist hospital at Omaha, arrived the latter part of last week, for a visit with her parents and friends.

Mrs. Adair and her daughter Gladys, who have been visiting at the home of C. W. Payne for some time, returned to Camanche last Friday.

Geo. E. Spottswood left last Sunday evening for Clinton. After a short stay in that place he will go to Davenport to attend the Grand Lodge as a delegate from the Masonic Lodge of this place.

The Misses Charlotte Anderson and Lulu Woolhiser drove across the country last Monday to Lake View, where they will visit the family of C. A. Mallette.

Laura Jenkins, formerly a West Side girl, has been visiting friends in town the last few days. The past year Miss Jenkins has made her home in Lead, South Dakota, where she has a fine position in a large department store. Before returning to her work she will spend a few weeks at Hot Springs.

Supt. F. L. Hoffman and wife, of Denison, spent a few days at the home of Dr. and Mrs. Patterson, and were welcome visitors at the graduating exercises last Friday evening. Apparently Mr. Hoffman has not lost his interest in the West Side schools, where he labored with marked success for several years. Nor have the people here lost their interest in Mr. Hoffman. His splendid achievements in the capacity of County Superintendent are a source of pride and gratification to his West Side friends.

The pupils of the several rooms gave some excellent programs last week, which were well attended by patrons and friends of the schools. Miss Anderson's room gave a Mothers' program Wednesday. Miss Crandall's room gave a Mother Goose entertainment on Friday and on Wednesday evening the Grammar room had the graduating exercises of the eighth grade. They presented an interesting program consisting of orations, music, drills and recitations. The pupils receiving diplomas, were Irene Dohse, Clara Evers, Jennie Martens, Grace Pacholik and Emma Suhr.

An event of interest to the ladies of the M. E. church was the meeting of the W. H. M. S. at the home of Miss Emma Beck last Saturday afternoon. The special feature of the gathering was the oration given for Mrs. S. C. Blackman and Miss Book, two members for whom this was the last meeting. A delightful program was rendered. Miss Book gave the reading; "Your Mission;" the Misses Woolhiser sang a beautiful song, and Mrs. Wagner sang the exquisite solo, "The Rose's Mission." Mrs. Kempton gave a reading suitable for the occasion in a very clever manner. Mrs. Blackman was then given a vote of thanks for her faithful services as president of the W. H. M. S. and she and Miss LeW. H. M. S. and she and Miss LeW. H. M. S. each presented with an elegy, upon as a reminder of the affectionate regard of the society. An elegant two course luncheon was served, after which the meeting adjourned.

The interest of the West Side people was centered in the Commencement exercises which took place at the M. E. church last Friday evening. The church was literally packed with people and every available space in the League room and vestibule was filled. The room was handsomely decorated in the class colors, pink and white. On the wall over the platform rested a large anchor, on which was inscribed the class motto: "Launched, but not anchored." After the invocation by Rev. Todd and an overture by the orchestra, Miss Alice Jensen welcomed the audience in a pleasing manner and then proceeded to speak on the subject, "A Kite with two rings." Miss Jensen answers well to the description—"a daughter of the gods, divinely tall and most divinely fair." She delivered her oration in an easy, graceful style, her voice reaching every part of the church.

The next on the program was Louie Martens, who read a fine thoughtful paper on Iowa as a "power among the nations."

Mrs. Wagner then sang the beautiful solo, "Wishes." Mrs. Wagner is an exceptionally fine singer who is always received with enthusiasm by a West Side audience.

Marie Mumm gave an oration on "America and Cuba." She handled the subject so thoroughly that all felt assured even a sweet girl graduate may penetrate these intricate questions of state.

Linn Woolhiser, unquestionably the orator of the class spoke on the subject, "Life's Ladders." As we listened to this excellent discourse we made a mental prediction that Linn would in all probability, reach the topmost round of the ladder of success.

Miss Marietta Gary a handsome brunette read an essay entitled, "Beauties of Nature," which abounded with graceful, delicate touches and poetical allusions. After this, Mrs. Todd, one of West Side's favorite musicians sang a solo which was greatly applauded.

Willie Greaves handled the subject, "Our Wonderful Progress," admirably and Miss Alice Dobler as valedictorian did her part proud. She is a model young lady who has earned the honors of the class by faithful application to her studies.

After another selection by the orchestra and the presentation of diplomas by President Dohse, Prof. Lewis made a short, but appropriate farewell address. Rev. Todd then stepped up on the platform unheralded and unannounced and made a few humorous remarks at the close of which he presented Prof. Lewis with a handsome gold chain and guard in behalf of the Class of 1905. After waiting in vain for a speech of acceptance from the Professor they decided that he was too full for utterance, and broke into applause by way of expressing their appreciation for this interesting part of the program.

Thus ended the Commencement exercises of 1905, and they reflect much credit upon the West Side High School.
