The death of Miss Marie Jensen has cast a gloom over our neighborhood which only time can remove. May God bless and comfort the mourning ones.

The storm Thursday was a hard one on some farmers. Peter Petersen, Snell, Strong, Winey, Phillips, Wilkinson and Steve Newton being among those who are the worst off and many more are among the sufferers.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland, of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the south and west. I always carry this remedy and have used it successfully on many occasions." Sold by PHIL. A. SCHLUMBERGER.

Modest Claims Often Carry the Mos Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by PHIL. A. SCHLUMBERGER.

Mr. Ed. Packard's cow was drowned last Friday night. The water rising so suddenly that Mr. Packard did not have time to get her out of the pasture.

Father Coffey returned from a two weeks' stay at the hospital in Sioux City, where he has been sick with malaria fever. We are glad to note that he is feeling much improved.

Hay tools, binders' and binding twine seem to be in more than ordinary demand this season, the crops being unusually heavy so that the old machinery will not do the work.

Manilla and vicinity were not visited with any hail last Thursday evening as were a great many of the surrounding

districts, the people are of one accord in being thankful that this great calamity did not reach us.

Bowel Complaint in Children.
During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unnatural looseness of the bowels. For sale by PHIL. A. SCHLUMBERGER.

Whether he is making room for a large stock of hardware or intends to add another line to his business, your correspondent has not yet learned.

Wednesday Mr. Jay Bicknell stopped off between trains to say hello to his friends. He looked robust and hearty and seems to be enjoying life. Jay is a great favorite here and was welcomed cordially. He is working up rapidly in the science of railroading, and hopes soon to be tearing off such fares in the varnished cars. He is single yet, though "dame Rumor" says there are symptoms. Jay has taken up a claim in N. D. and is going up in August to put in his time as required by law.

A terribly destructive hail storm visited this part of the country Thursday afternoon. The middle of the day had been sufficiently hot and fear had been expressed that a "twister" would develop. Instead, hail began to fall shortly after the storm broke and for a considerable time nothing could be heard for the rattle and roar of the falling bits of ice as they struck on roofs and ground. In Buck Grove no particular damage was done, though hail stones were picked up as large as small hen eggs, while those as large as hickory nuts were common. Just west, north-west and north of town, however, the storm was very destructive. At the home of Mr. John Griffin, the crops were practically ruined. At Mr. Fred Paulson's, the destruction was quite complete on both of his

farms. At his place hail stones of immense size were picked up, one of which was, by actual measurement, five inches in diameter, a regular hail rock. At Mr. Steinkiller's place there was not a vestige of vegetation left, small grain, corn or weeds, while at the farms of Tom Kane, Howard Town, and several others, the damage was quite as severe. Mr. Fritz Olson was caught in the storm with a fractious team. He inverted a tin bucket over his head to save having his brains knocked out and managed to keep control of his team until the storm ceased. The Trauter brothers' farm was also devastated. It was, your correspondent is told, the worst hail storm ever known in this vicinity.

The electric storm last Thursday was quite severe in this vicinity. Several destructions have been reported. Mr. Hans Lohse's large barn was struck by lightning, and was burned to the ground. The large amount of hay it contained went with it. Another barn about five miles north-west of here was also burned down from the result of lightning. George Brodersen lost a fine two-year-old steer, which was out in a pasture, also a victim of an electric stroke.

Mr. John Vogel has everything installed in his cigar factory and opened up his place for work last Friday. There are three men and one boy employed at the factory, and everyone is kept busy filling the orders for cigars. From all appearances this factory is going to do good business here, as Mr. Vogel comes here with the best of recommendation as a cigar maker. Even his competitors say he is as good a cigar maker as there is in the state. Here is to wishing success to Mr. Vogel.

Last Monday we were under the impression that a captain of a Salvation army was in our town, but on further investigation it proved to be our jolly marshal who was wearing a beautiful uniform, one of the German type. It was blue and trimmed with red, a pretty costume indeed. When inquiring as to whom it belonged and what it meant we were informed that it belonged to Dr. Fuester. The Doctor wore in the war of 1864 as a surgeon in the German army and it created considerable interest among our town people who saw it.

The Secret of Good Coffee
Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored **LION COFFEE**, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:
HOW TO MAKE GOOD COFFEE.
Use LION COFFEE, because to get best results you must use the best coffee. Grind your LION COFFEE rather fine. The "s" tablespoonful to each cup, and one extra for the pot. First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:
1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.
2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.
3. Don't boil it too long. Don't let it stand more than ten minutes before serving. DON'TS: Don't use water that has been boiled before.
TWO WAYS TO SETTLE COFFEE.
1st. With Egg. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.
2d. With Cold Water instead of egg. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.
Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.) (Lion-head on every package.) (Save these Lion-heads for valuable premiums.)
