The Methodist Sunday School is picnicking today out at Marshall's grove. Mr. C. L. Voss has volunteered to furnish all the ice cream the Sunday School can eat. Hon. J. P. Conner struck one of the keynotes of the Picnic when he dwelt upon the unity and harmony which pervades the county. There is little jealousy between the different towns and all are proud of Crawford as a whole. THE REVIEW has for many years tried to teach this lesson, by frequent appeals to county pride, and it believes it is one of the saving graces of the county that we know no great decisive strife. Even in the bitterest days in Denison we have known no time when all the people could not work to gether for the good of the city. Let us strive to prolong the era of good feeling. Let us have peace—even if we have to fight for it.

THE SONG OF CRAWFORD LAND.

As sung by Truman J. Campbell at the Old Settlers' Picnic.

We reached the land of corn and wheat
In seventy-five we planted our feet—
On Crawford's soil so rich and fine,
To plow and sow in the farming line.

Brothers have told of blizzards cold,
Of neighbors few, though ever true;
Grass hoppers born to eat the corn,
And debts to pay in some old way.

Oh Crawford Land, rich Crawford Land!
As on the rolling soil I stand,
I look away across the field,
And wonder what my oats will yield.

And then I turn and view my corn,
And wish the hoppers had never been born.
But I'm to speak of '85,
And all the way to '85,
Which time was not in all, you see,
A season of prosperity.

One year did seem an awful bore—
I mean the drought of '91.
The days, they came; the days, they went;
And yet no rain to us was sent.

Oh Crawford Land, rich Crawford Land!
As on the rolling soil I stand,
I look away across the field,
And wonder what my oats will yield.

And then I turn and view my corn,
And wonder when the rain will storm.
Our Prohibition did not thrive
Some thought the Grog helped keep alive
And when the state just signed the note
We sold the booze with a two-thirds vote

Then some one with whips in their hand
When wife and children were in bed
Would stay around the mad nung bowl
Which ruins body and the soul

Oh! Crawford Land rich Crawford Land
As on the rolling soil I stand
I look away across the field
And wonder what my oats will yield

And then I turn and view my corn
And wish the whiskey didn't harm
Our chickens were of Plymouth Rock
Our horses Percheron Norman stock
Our cattle were of Durham fine
And Poland China are our swine

The boys they say that Crawford girls
With sparkling eyes and sunny curls
Can cook and sew to beat the band
And scatter blessings o'er the land
O Crawford girls sweet Crawford girls
With sparkling eyes and sunny curls
They tell and sing all through the day
Until some fine chap comes their way
And then they meet him at the door
And skip with him forevermore

Burke Cochran, democratic congressman from New York, has finally come to the conclusion that we should retain the Philippines. The tardiness of some of our democratic brethren in seeing the point is trying at times. It is a relief to know that most of them have already discerned the superiority of the gold standard over free silver. Some are still a little backward in learning the advantages of protection, or profess to be.

Mr. Ed. Malony left last week for McCook, Neb., where he has a good job with the Burlington railroad. Ed. is a fine boy and will make his mark in the world. We wish him the best of success. He will work in the freight depot with Louis Wright.
